This Information Memorandum is dated 27 June 2018

Purpose

This Information Memorandum has been prepared solely in connection with the AFG 2018-1 Trust in respect of Series 2018-1 (the “**Series**”). This Information Memorandum relates solely to a proposed issue of Class A1 Notes, Class A2 Notes, Class A3 Notes, Class AB Notes, Class B Notes, Class C Notes, Class D Notes and Class E Notes (together, the “**Offered Notes**”) by the Issuer. This Information Memorandum does not relate to, and is not relevant for, any other purpose than to assist the recipient to decide whether to proceed with a further investigation of the Offered Notes. This Information Memorandum contains information relating to the Class F Notes (which are to be issued on the Closing Date) and Redraw Notes (which may be issued by the Issuer in certain circumstances after the Closing Date). Class F Notes and Redraw Notes are not Offered Notes for the purposes of this Information Memorandum. No invitation for subscriptions for Class F Notes and Redraw Notes is being made by this Information Memorandum.

This Information Memorandum is not intended to provide the sole basis of any credit or other evaluation and it does not constitute a recommendation, offer or invitation to purchase the Offered Notes by any person.

Potential investors in the Offered Notes should read this Information Memorandum and the Transaction Documents and, if required, seek advice from appropriately authorised and qualified advisers prior to making a decision whether or not to invest in the Offered Notes.

This Information Memorandum contains only a summary of the terms and conditions of the Transaction Documents, the Trust and the Series. If there is any inconsistency between this Information Memorandum and the Transaction Documents, the Transaction Documents should be regarded as containing the definitive information. With the approval of the Manager, a copy of the Transaction Documents for the Series may be inspected by potential investors or Noteholders in respect of the Trust at the office of the Manager on a confidential basis, by prior arrangement during normal business hours.

No guarantee and Notes are not deposits

The Offered Notes will be the obligations solely of Perpetual Corporate Trust Limited in its capacity as trustee of the Trust in respect of the Series and do not represent obligations of or interests in, and are not guaranteed by, Perpetual Corporate Trust Limited in its personal capacity or as trustee of any other trust, series or any affiliate of Perpetual Corporate Trust Limited. AFG Securities Pty Ltd (“**AFGS**”), its Related Entities and their respective affiliates do not in any capacity stand behind the performance of or guarantee the Notes.

The Offered Notes do not represent deposits with, or any other liability of, Australia and New Zealand Banking Group Limited (“**ANZ**”) (in any capacity, including without limitation in its capacity as the Arranger, Joint Lead Manager and Dealer), or any of its Related Entities. The Offered Notes also do not represent deposits with, or any other liability of, National Australia Bank Limited (“**NAB**”) (in any capacity, including without limitation in its capacity as Joint Lead Manager, Dealer and Liquidity Facility Provider), or any of its Related Entities. Neither ANZ, NAB, nor any of their respective Related Entities or their respective affiliates guarantees or is otherwise responsible for the payment of interest or the repayment of principal due on the Offered Notes, the performance of the Offered Notes or the Series Assets or any particular rate of capital or income return on the Offered Notes.

The holding of Offered Notes is subject to investment risk, including possible delays in repayment and loss of income and principal invested. Investors should carefully consider the risk factors set out in Section 3 (“Risk Factors”).

Responsibility for information contained in this Information Memorandum

None of the Issuer, the Security Trustee, the Servicer, the Standby Servicer, the Originator, the Liquidity Facility Provider, any Counterparty, the Arranger, the Dealers or the Joint Lead Managers have authorised or caused the issue of this Information Memorandum (and expressly disclaim any responsibility for any information contained in this Information Memorandum) and none of them has separately verified the information contained in this Information Memorandum except, in each case,

with respect to the information for which they are expressed to be responsible in this Information Memorandum (if any).

The Manager accepts responsibility for the information contained in this Information Memorandum. To the best of the knowledge and belief of the Manager (and the Manager has taken all reasonable care to ensure that such is the case), the information contained in this Information Memorandum is in accordance with the facts and does not omit anything likely to affect the import of such information.

No representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by any of the Manager, the Issuer, the Security Trustee, the Originator, the Servicer, the Standby Servicer, the Liquidity Facility Provider, any Counterparty, the Arranger, the Dealers, the Joint Lead Managers, S&P and Fitch or their respective Related Entities or any person affiliated with any of them (each a "**Relevant Person**") as to the accuracy or completeness of any information contained in this Information Memorandum (except, in each case, as expressly stated in this Information Memorandum) or any other information supplied in connection with the Offered Notes or their distribution.

Each person receiving this Information Memorandum acknowledges that such person has not relied on any Relevant Person in connection with its investigation of the accuracy of the information in this Information Memorandum or its investment decisions.

No person has been authorised to give any information or to make any representations other than as contained in this Information Memorandum and the documents referred to in this Information Memorandum in connection with the issue or sale of the Offered Notes and, if given or made, such information or representation must not be relied upon as having been authorised by any Relevant Person.

This Information Memorandum has been prepared by the Manager based on information available to it and the facts and circumstances existing as at 27 June 2018 ("**Preparation Date**"). The Manager has no obligation to update this Information Memorandum after the Preparation Date having regard to information which becomes available, or facts and circumstances which come to exist, after the Preparation Date.

Neither the delivery of this Information Memorandum nor any sale made in connection with this Information Memorandum shall, under any circumstances, create any implication that there has been no change in the affairs of the Trust or the Issuer since the Preparation Date or the date upon which this Information Memorandum has been most recently amended or supplemented or that any other information supplied in connection with the Offered Notes is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing such information.

No Relevant Person undertakes to review the financial condition or affairs of the Trust or the Series during the life of the Offered Notes or to advise any investor or potential investor in the Offered Notes of any changes in, or matters arising or coming to their attention which may affect, anything referred to in this Information Memorandum.

It should not be assumed that the information contained in this Information Memorandum is necessarily accurate or complete in the context of any offer to subscribe for, or an invitation to subscribe for, or buy any of, the Offered Notes at any time after the Preparation Date, even if this Information Memorandum is circulated in conjunction with the offer or invitation.

No financial product advice; investors should make their own enquiries

Neither this Information Memorandum nor any other information supplied in connection with the Offered Notes is intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any Relevant Person that any recipient of this Information Memorandum, or of any other information supplied in connection with the Offered Notes, should purchase any of the Offered Notes. Each investor contemplating purchasing any of the Offered Notes should make its own independent investigation of the Issuer, the Trust, the Series Assets and the Offered Notes and each investor should seek its own tax, accounting and legal advice as to the

consequence of investing in any of the Offered Notes. No Relevant Person accepts any responsibility for, or makes any representation as to the tax consequences of investing in the Offered Notes.

Each of ANZ and NAB (in any capacity) have no responsibility to or liability for and do not owe any duty to any person who purchases or intends to purchase the Offered Notes, including without limitation, in respect of the preparation and due execution of the Transaction Documents.

Limited recourse and series segregation

The Offered Notes issued by the Issuer are limited recourse instruments and are issued only in respect of the Trust, as it relates to the Series.

All claims against the Issuer in relation to the Offered Notes may, except in limited circumstances, be satisfied only out of the Series Assets secured under the General Security Deed, and are limited in recourse to distributions with respect to such Series Assets from time to time.

The Series Assets are not available in any circumstances to meet any obligations of the Issuer in respect of any Other Trust or any Other Series and if, upon enforcement of the General Security Deed, sufficient funds are not realised to discharge in full the obligations of Issuer in respect of the Series, no further claims may be made against the Issuer in respect of such obligations and no claims may be made against any assets in respect of any Other Trust or any Other Series or, except in in circumstances of fraud, negligence or wilful default by the Issuer, any of the personal assets of the Issuer.

No disclosure under Corporations Act

This Information Memorandum is not a “Product Disclosure Statement” or a “Prospectus” for the purposes of the Corporations Act and is not required to be lodged with the Australian Securities and Investments Commission (“ASIC”). Nor will any disclosure document (as defined in the Corporations Act) be lodged with ASIC in respect of the Notes. This Information Memorandum has not been prepared specifically for investors in Australia and is not required to, and does not, contain all of the information which would be required in a disclosure document. Accordingly, a person may not (directly or indirectly) offer for subscription or purchase or issue invitations to subscribe for or buy or sell the Offered Notes, or distribute this Information Memorandum where such offer, issue or distribution is received by a person in the Commonwealth of Australia, its territories or possessions (“Australia”), except if:

- (a) either:
 - (i) the amount payable by the transferee in relation to the relevant Offered Notes is A\$500,000 or more (or its equivalent in an alternate currency, and in either case, disregarding moneys lent by the offeror or its associates); or
 - (ii) the offer is to a professional investor for the purposes of section 708 of the Corporations Act; or
 - (iii) the offer or invitation to the transferee is otherwise an offer or invitation that does not require disclosure to investors in accordance with Part 6D.2 or Part 7.9 of the Corporations Act; and
- (b) the offer or invitation does not constitute an offer to a “retail client” under Chapter 7 of the Corporations Act (including, without limitation the financial services licensing requirements of the Corporations Act); and
- (c) the offer or invitation complies with all applicable laws, regulations and directives; and
- (d) such action does not require any document to be lodged with ASIC or any other regulatory authority in Australia.

Disclosure

Each Relevant Person discloses with respect to itself that it, in addition to the arrangements and interests it will or may have with respect to the Originator, the Manager, the Servicer, the Disposing Trustee and Perpetual Corporate Trust Limited in its capacity as trustee of the Trust in respect of the Series and as Standby Servicer in respect of the Series (together, the “**Group**”), as described in this Information Memorandum (the “**Transaction Document Interests**”) it, its Related Entities or associates and their respective officers and employees:

- (a) may from time to time, be a Noteholder or have pecuniary or other interests with respect to the Offered Notes and they may also have interests relating to other arrangements with respect to a Noteholder or an Offered Note; and
- (b) may receive fees, brokerage and commissions or other benefits, and act as principal with respect to any dealing with respect to any Offered Notes,

(the “**Note Interests**”).

Each purchaser of Offered Notes acknowledges these disclosures and further acknowledges and agrees that:

- (c) each Relevant Person and each of its respective related bodies corporate, their respective Related Entities and their respective directors, officers and employees (each a “**Relevant Entity**”) will or may from time to time have the Transaction Document Interests and may from time to time have the Note Interests and is, and from time to time may be, involved in a broad range of transactions including, without limitation, banking, dealing in financial products, credit, derivative and liquidity transactions, investment management, corporate and investment banking and research (the “**Other Transactions**”) in various capacities in respect of any Relevant Person or any other person, both on the Relevant Entity’s own account and for the account of other persons (the “**Other Transaction Interests**”); and
- (d) each Relevant Entity in the course of its business (whether with respect to the Transaction Document Interests, the Note Interests, the Other Transaction Interests or otherwise) may act independently of any other Relevant Entity; and
- (e) to the maximum extent permitted by applicable law, the duties of each of the Arranger, the Dealers, the Joint Lead Managers, any Counterparty and the Liquidity Facility Provider (the “**Finance Parties**”) and each of their Related Entities, directors and employees in respect of the Offered Notes are limited to the contractual obligations of the Finance Parties to the Manager and Perpetual Corporate Trust Limited in its capacity as trustee of the Trust in respect of the Series as set out in the relevant Transaction Documents and, in particular, no advisory or fiduciary duty is owed to any person; and
- (f) a Relevant Entity may have or come into possession of information not contained in this Information Memorandum regarding any member of the Group that may be relevant to any decision by a potential investor to acquire the Offered Notes and which may or may not be publicly available to potential investors (“**Relevant Information**”); and
- (g) to the maximum extent permitted by applicable law, no Relevant Entity is under any obligation to disclose any Relevant Information to any potential investor and this Information Memorandum and any subsequent course of conduct by a Relevant Entity should not be construed as implying that the Relevant Entity is not in possession of such Relevant Information; and
- (h) each Relevant Entity may have various potential and actual conflicts of interest arising in the course of its business including in respect of the Transaction Document Interests, the Note Interests or the Other Transaction Interests. For example, the exercise of rights against a member of the Group arising from the Transaction Document Interests (for example, by a dealer, a joint lead manager, an arranger, a liquidity facility provider or an interest rate swap provider) or from an Other Transaction may affect the ability of the Group member to perform its obligations in respect of the Offered Notes. In addition, the existence of the Transaction

Document Interests or Other Transaction Interests may affect how a Relevant Entity in another capacity (for example, as a Noteholder) may seek to exercise any rights it may have in that capacity. These interests may conflict with the interests of a Relevant Person, potential investor or a Noteholder and a Relevant Person, potential investor or a Noteholder may suffer loss as a result. To the maximum extent permitted by applicable law, a Relevant Entity is not restricted from entering into, performing or enforcing its rights in respect of the Transaction Document Interests, the Note Interests or the Other Transaction Interests and may otherwise continue to take steps to further or protect any of those interests and its business even where to do so may be in conflict with the interests of Noteholders, potential investors or the Group and the Relevant Entities may in so doing act without notice to, and without regard to, the interests of any such person.

Selling restrictions

The distribution of this Information Memorandum and the offering or sale of the Offered Notes in certain jurisdictions may be restricted by law. The Relevant Persons do not represent that this Information Memorandum may be lawfully distributed, or that the Offered Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been or will be taken by any Relevant Person that would permit a public offer of the Offered Notes in any country or jurisdiction where action for that purpose is required.

Accordingly, the Offered Notes may not be offered or sold, directly or indirectly, and neither this Information Memorandum nor any information memorandum, private placement memorandum, prospectus, form of application, advertisement or other offering material may be issued or distributed or published in any country or jurisdiction, except in circumstances that will result in compliance with all applicable laws and regulations. Persons into whose possession this Information Memorandum comes are required by the Issuer and the Manager to inform themselves about and to observe any such restrictions. In particular, see Section 14 ("Subscription and Sale").

Offshore Associates

Offered Notes issued pursuant to this Information Memorandum must not be purchased by an Offshore Associate of the Issuer other than one acting in the capacity of a dealer, manager or underwriter in relation to the placement of the Offered Notes or in the capacity of a clearing house, custodian, funds manager or responsible entity of an Australian registered scheme.

An Offshore Associate of the Issuer means an associate (as defined in s128F of the Income Tax Assessment Act 1936 (Cth)) of the Issuer that is either a non-resident of Australia that does not acquire the Notes in carrying on a business at or through a permanent establishment in Australia or, alternatively, a resident of Australia that acquires the Notes in carrying on a business at or through a permanent establishment outside of Australia.

European Capital Requirements Regulation

Articles 404 to 410 (inclusive) of Regulation (EU) No 575/2013 of the European Parliament and Council (the "**CRR**"), as supplemented by Commission Delegated Regulation (EU) No 625/2014 and Commission Implementing Regulation (EU) No 602/2014, became applicable on 1 January 2014 in the Member States of the European Union and has been implemented by national legislation in other Member States of the European Economic Area ("**EEA**"). Article 405(1) of the CRR restricts 'credit institutions' and 'investment firms' (each as defined in the CRR) and the consolidated group subsidiaries thereof (each, a "**CRR Investor**") from investing in or being exposed to the credit risk of a 'securitisation' (as defined in the CRR) unless the originator, sponsor or original lender in respect of that securitisation has explicitly disclosed to the CRR Investor that it will retain, on an ongoing basis, a net economic interest of at least 5% in that securitisation in the manner contemplated by Article 405 of the CRR.

Article 406 of the CRR also requires that a CRR Investor be able to demonstrate that it has undertaken certain due diligence in respect of, amongst other things, the Offered Notes it has acquired and the underlying exposures, and that procedures have been established for monitoring the

performance of the underlying exposures on an on-going basis. Failure to comply with one or more of the requirements set out in Articles 405 and 406 of the CRR may result in the imposition of a penal capital charge with respect to the investment made in the securitisation by the relevant CRR Investor.

Investors should also be aware of Article 17 of the EU Alternative Investment Fund Managers Directive (Directive 2011/61/EU) as supplemented by Section 5 of Chapter III of Commission Delegated Regulation (EU) No 231/2013 (“**AIFMD**”) and Article 135(2) of the European Union Solvency II Directive 2009/138/EC, as supplemented by Articles 254-257 of Commission Delegated Regulation (EU) No 2015/35 (together, “**Solvency II**”), which introduced risk retention and due diligence requirements similar to those set out in Articles 404-410 of the CRR and apply, respectively, to EEA regulated alternative investment fund managers and EEA regulated insurance/reinsurance undertakings (all such requirements, together with those requirements under the CRR, the “**Existing EU Retention Rules**”). While such requirements are similar to those which apply under the CRR, they are not identical and, in particular, additional due diligence obligations apply to investors under AIFMD and Solvency II.

On 17 January 2018, Regulation EU 2017/2402 laying down a general framework for securitisation and creating a framework for simple, transparent and standardised securitisations, and amending Directives 2009/65/EC, 2009/138/EC and 2011/61/EU and Regulations (EC) No 1060/2009 and (EU) No 648/2012 and Regulation EU 2017/2401 containing related amendments to the CRR (collectively, the “**New Securitisation Regulations**”) entered into force in the European Union. The new securitisation risk retention and due diligence rules under the New Securitisation Regulations (the “**New EU Retention Rules**”) will apply to securitisations in respect of which the relevant securities are issued on or after 1 January 2019. The aim of the New Securitisation Regulations is to create a harmonised securitisation framework within the European Union.

In addition to applying to any investor regulated by the Existing EU Retention Rules, the New EU Retention Rules will also apply to certain investment companies authorised in accordance with the Undertakings for Collective Investment in Transferable Securities Directive (Directive 2009/65/EC) (collectively “**UCITS**”) and to institutions for occupational retirement provision falling within the scope of Directive (EU) 2016/2341 and certain other entities appointed by such institutions (collectively, “**IORPS**”).

Under the New Securitisation Regulations, the Existing EU Retention Rules will continue to apply to securitisations in respect of which the relevant securities are issued before 1 January 2019 (“**Pre-2019 Securitisations**”), as is the case with the Offered Notes. However, the New Securitisation Regulations make no express provision as to the application of any investment restrictions or due diligence requirements, whether under the Existing EU Retention Rules or the New EU Retention Rules, to UCITS or IORPS that hold or acquire any interest in respect of a Pre-2019 Securitisation, and, accordingly, it is not known what requirements (if any) may be applicable thereto.

There are material differences between the New EU Retention Rules and the Existing EU Retention Rules. Certain aspects of the New Securitisation Regulations will be supplemented by technical standards that have not yet been adopted or published in final form. The timing for the adoption of the new risk retention regulatory technical standards under the New EU Retention Rules is uncertain. Until such new regulatory technical standards are adopted, investors in securitisations in respect of which the relevant securities are issued on or after 1 January 2019 and which are within scope of the Existing EU Retention Rules will be required to comply with the existing regulatory technical standards.

Neither AFGS nor any other party to the Transaction Documents undertakes to retain, either on an ongoing basis or for any period, any net economic interest in this securitisation transaction for the purposes of the Existing EU Retention Rules or the New EU Retention Rules. Accordingly, the Offered Notes may not be a suitable investment for prospective investors who are CRR Investors or who otherwise are or may be subject to any of the retention rules referred to above.

For further information, see Section 3 (“Risk Factors – European Union Capital Requirements Regulation – securitisation exposure rules and other regulatory initiatives”).

Repo-Eligibility

The Manager intends to make an application to the Reserve Bank of Australia (“**RBA**”) for the Class A1 Notes, Class A2 Notes, Class A3 Notes and Class AB Notes to be “eligible securities” (or “repo eligible”) for the purposes of repurchase agreements with the RBA.

The criteria for repo eligibility published by the RBA require, among other things, that certain information be provided by the Manager to the RBA at the time of seeking repo-eligibility and during the term of the Class A1 Notes, Class A2 Notes, Class A3 Notes and Class AB Notes in order for the Class A1 Notes, Class A2 Notes, Class A3 Notes and Class AB Notes (as applicable) to be (and to continue to be) repo-eligible.

No assurance can be given that the application by the Manager for the Class A1 Notes, Class A2 Notes, Class A3 Notes and Class AB Notes to be repo eligible will be successful, or that the Class A1 Notes, Class A2 Notes, Class A3 Notes and Class AB Notes will continue to be repo eligible at all times even if they are eligible in relation to their initial issue. For example, subsequent changes by the RBA to its criteria could affect whether the Class A1 Notes, Class A2 Notes, Class A3 Notes and Class AB Notes continue to be repo-eligible.

If the Class A1 Notes, Class A2 Notes, Class A3 Notes and Class AB Notes are repo-eligible at any time, Noteholders should be aware that relevant disclosures may be made by the Manager to investors and potential investors in Class A1 Notes, Class A2 Notes, Class A3 Notes and Class AB Notes from time to time in such form as determined by the Manager as it sees fit (including for the purpose of complying with the RBA’s criteria).

Credit Ratings

There are references in this Information Memorandum to ratings. A rating is not a recommendation to buy, sell or hold securities, nor does it comment as to principal prepayments, market price or the suitability of securities for particular investors. A rating may be changed, suspended or withdrawn at any time by the relevant Rating Agency.

Ratings are for distribution only to a person (a) who is not a “retail client” within the meaning of section 761G of the Corporations Act and is also a sophisticated investor, professional investor or other investor in respect of whom disclosure is not required under Part 6D.2 or 7.9 of the Corporations Act, and (b) who is otherwise permitted to receive ratings in accordance with applicable law in any jurisdiction in which the person may be located. Anyone who is not such a person is not entitled to receive this Information Memorandum and anyone who receives this Information Memorandum must not distribute it to any person who is not entitled to receive it.

The credit ratings of the Notes should be evaluated independently from similar ratings on other types of notes or securities. A rating does not address the market price or the suitability for a particular investor of the Notes.

2.2 Summary – Transaction

Closing Date	27 June 2018, or such other date notified by the Manager to the Issuer.
Cut-Off Date	23 May 2018.
Eligibility Criteria	See Section 5.2 ("Eligibility Criteria for Series Receivables").
Payment Dates	The 10th day of each month, subject to the Business Day Convention. The first Payment Date occurs on 10 August 2018.

Determination Date	The day which is 3 Business Days prior to each Payment Date.
Call Option Date	Each Payment Date occurring on or following the earliest to occur of: <ul style="list-style-type: none"> (a) the Payment Date occurring in June 2023; and (b) the Payment Date following the first Determination Date on which the aggregate Invested Amount of all Notes is less than 20% of the aggregate Initial Invested Amount of all Notes on the Closing Date.
Step-Down Conditions	The Step-Down Conditions are satisfied on a Payment Date if: <ul style="list-style-type: none"> (a) the Payment Date is before the first Call Option Date; (b) the Payment Date occurs on or after the day which is 2 years after the Closing Date; (c) the Class A1 Notes have been redeemed in full; (d) the Subordinated Note Percentage as at the Determination Date immediately preceding that Payment Date is at least 20.0%; (e) the Average Arrears Ratio on the Determination Date immediately preceding that Payment Date is less than or equal to 2.0%; and (f) there are no unreimbursed Carryover Charge-Offs in respect of any Class of Notes as at the Determination Date immediately preceding that Payment Date.
Derivative Contract	As at the Closing Date, there will be no Derivative Contract (and therefore no Counterparty) in respect of the Series. A Derivative Contract may be entered into by the Issuer after the Closing Date (including in the circumstances described in Section 5.7 ("Fixed Rate Housing Loans")) only if a Rating Notification has been provided.

2.3 General Information on the Notes

Type	The Notes are multi-class, asset backed, secured, limited recourse, amortising, floating rate debt securities and are issued with the benefit of, and subject to, the Master Trust Deed, the General Security Deed, the Issue Supplement, the Note Deed Poll and the other Transaction Documents.
Classes	The Notes will be divided into 10 classes: Class A1 Notes, Class A2 Notes, Class A3 Notes, Class AB Notes, Class B Notes, Class C Notes, Class D Notes, Class E Notes, Class F Notes and Redraw Notes.
Offered Notes	The Class A1 Notes, Class A2 Notes, Class A3 Notes, Class AB Notes, Class B Notes, Class C Notes, the Class D Notes and the Class E Notes comprise the Offered Notes. This Information Memorandum relates solely to a proposed issue of the Offered Notes by the Issuer.
Additional Notes and Series	The Issuer will also issue Class F Notes on the Closing Date to AFGS or another entity. The aggregate Initial Invested Amount of the Class F Notes will be A\$700,000. The Class F Notes will not be rated. The Issuer may not issue any further Notes after the Closing Date other than

Redraw Notes in the circumstances described in Section 5.8 (“Redraws and Further Advances”).

No series in respect of the Trust will be created other than the Series.

Rating

The Offered Notes will initially have the rating specified in Section 1 (“Summary – Principal Terms of the Offered Notes”).

The rating of the Offered Notes should be evaluated independently from similar ratings on other types of notes or securities. A rating is not a recommendation to buy, sell or hold securities, nor does it comment as to principal prepayments, market price or the suitability of securities for particular investors. A rating may be changed, suspended or withdrawn at any time by the relevant Rating Agency.

Call Option

The Manager may (at its option) direct the Issuer to redeem all, but not some only, of the outstanding Notes on a Call Option Date.

The Notes will be redeemed by the Issuer at the Redemption Amount for those Notes.

The Issuer, at the direction of the Manager, must give at least 10 days’ notice to the Noteholders of its intention to exercise its option to redeem the Notes on a Call Option Date.

Early Redemption

If a law requires the Issuer to withhold or deduct an amount in respect of Taxes (excluding any FATCA Withholding Tax) from a payment in respect of a Note, then the Manager may (at its option) direct the Issuer to redeem all (but not some only) of the Notes by paying to the Noteholders the Redemption Amount for the Notes.

The Issuer must give at least 10 days’ notice to the relevant Noteholders of its intention to redeem the Notes.

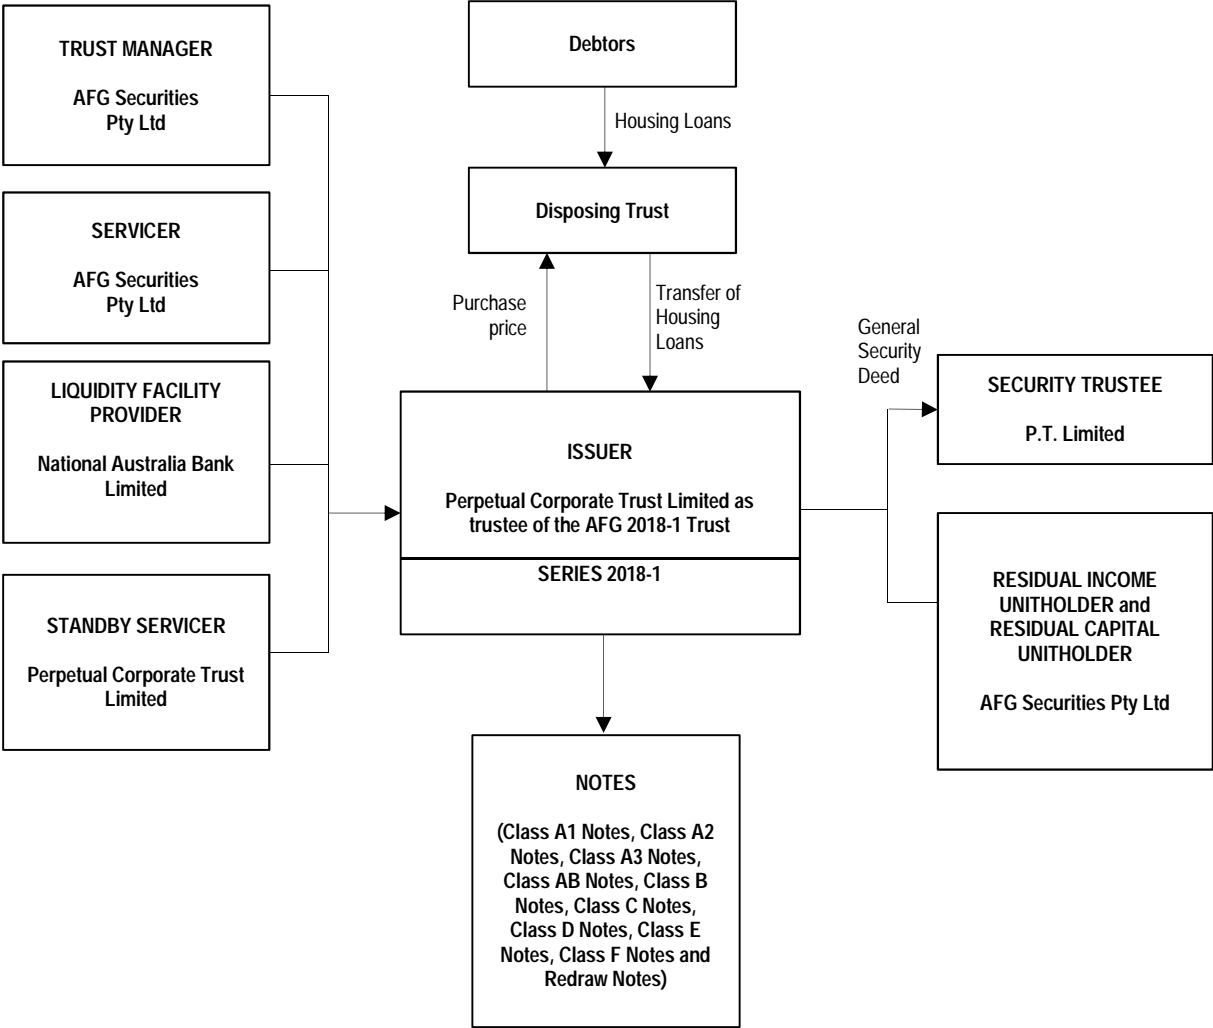

Form of Notes

The Notes will be in uncertificated registered form and inscribed on a register maintained by the Issuer in Australia.

Listing

The Notes will not be listed.

2.4 Structure Diagram

3 RISK FACTORS

The purchase and holding of the Notes is not free from risk. This section describes some of the principal risks associated with the Notes. It is only a summary of some particular risks. There can be no assurance that the structural protection available to Noteholders will be sufficient to ensure that a payment or distribution of a payment is made on a timely or full basis. Prospective investors should read the Transaction Documents and make their own independent investigation and seek their own independent advice as to the potential risks involved in purchasing and holding the Notes.

Risk factors relating to the Notes

The Notes will only be paid from the Series Assets

The Issuer will issue the Notes in its capacity as trustee of the Trust in respect of the Series.

The Issuer will be entitled to be indemnified out of the Series Assets for all payments of interest and principal in respect of the Notes.

A Noteholder's recourse against the Issuer with respect to the Notes is limited to the amount by which the Issuer is indemnified from the Series Assets. Except in the case of, and to the extent that a liability is not satisfied because the Issuer's right of indemnification out of the Series Assets is reduced as a result of, fraud, negligence or wilful default of the Issuer, no rights may be enforced against the Issuer by any person and no proceedings may be brought against the Issuer except to the extent of the Issuer's right of indemnity and reimbursement out of the Series Assets. Except in those limited circumstances, the assets of the Issuer in its personal capacity are not available to meet payments of interest or principal in respect of the Notes.

If the Issuer is denied indemnification from the Series Assets, the Security Trustee will be entitled to enforce the General Security Deed in respect of the Series and apply the Collateral for the benefit of the Secured Creditors of the Series (which includes the relevant Noteholders). The Security Trustee may incur costs in enforcing the General Security Deed, with respect to which the Security Trustee will be entitled to indemnification. Any such indemnification will reduce the amounts available to pay interest on and repay principal of the Notes.

In no circumstances will the assets of any Other Trust or Other Series be available to meet any obligations of the Issuer in respect of the Notes of the Series.

Limited Credit Enhancements

The amount of credit enhancement provided through the Mortgage Insurance Policies, excess Total Available Income, the Extraordinary Expense Reserve, the Liquidity Facility, the reduction of the Amortisation Ledger on account of Losses and subordination of:

- the Class A3 Notes, the Class AB Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes to the Class A1 Notes, the Class A2 Notes and the Redraw Notes;
- the Class AB Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the

Class F Notes to the Class A3 Notes;

- the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes to the Class AB Notes;
- the Class C Notes, the Class D Notes, the Class E Notes and the Class F Notes to the Class B Notes;
- the Class D Notes, the Class E Notes and the Class F Notes to the Class C Notes;
- the Class E Notes and the Class F Notes to the Class D Notes; and
- the Class F Notes to the Class E Notes,

is limited and could be depleted prior to the payment in full of the Notes. If the Mortgage Insurance Policies do not provide coverage for all losses incurred in respect of a Series Receivable and if there is insufficient excess Total Available Income to make the Issuer whole in respect of any such losses or if the aggregate Stated Amount of any subordinated classes of Notes is reduced to zero, Noteholders may suffer losses on their Notes.

You may not be able to sell the Notes

There is currently no secondary market for the Notes and no assurance can be given that a secondary market in the Notes will develop, or, if one does develop, that it will provide liquidity of investment or will continue for the life of the Notes.

No assurance can be given that it will be possible to effect a sale of the Notes, nor can any assurance be given that, if a sale takes place, it will not be at a discount to the acquisition price or the Invested Amount of the Notes.

There is no way to predict the actual rate and timing of principal payments on the Notes

Whilst the Issuer is obliged to repay the Notes by the Maturity Date, principal may be passed through to Noteholders on each Payment Date from the Total Available Principal and such amount will reduce the principal balance of the Notes. However, no assurance can be given as to the rate at which principal will be passed through to Noteholders. Accordingly, the actual date by which Notes are repaid cannot be precisely determined.

The timing and amount of principal which will be passed through to Noteholders will be affected by the rate at which the Series Receivables are repaid or prepaid, which may be influenced by a range of economic, demographic, social and other factors, including:

- the level of interest rates applicable to the Series Receivables relative to prevailing interest rates in the market;
- the delinquencies and default rate of Debtors under the Series Receivables;
- demographic and social factors such as unemployment, death, divorce and changes in

employment of Debtors;

- the rate at which Debtors sell or refinance their properties;
- the degree of seasoning of the Series Receivables; and
- the loan-to-valuation ratio of the Debtors' properties at the time of origination of the relevant Series Receivables.

The Noteholders may receive repayments of principal on the Notes earlier or later than would otherwise have been the case or may not receive repayments of principal at all.

Other factors which could result in early repayment of principal to Noteholders include:

- receipt by the Issuer of enforcement proceeds due to a Debtor having defaulted on its Series Receivable;
- receipt by the Issuer of damages by the Manager as a result of a breach of certain representations as described in Section 5.4 ("Remedy for misrepresentations");
- the sale of a Series Receivable by the Issuer in the circumstances described in Section 5.5 ("Sale of Series Receivables by the Issuer");
- exercise of the Call Option on a Call Option Date; and
- receipt of proceeds of enforcement of the General Security Deed prior to the Maturity Date of the Notes.

In addition:

- Total Available Principal may be used to fund payment delinquencies (in the form of Principal Draws); and
- Collections received by the Issuer which constitute Available Principal may be applied by the Issuer (at the direction of the Manager) during a Collection Period towards funding Redraws made by Debtors under the terms of the relevant Series Receivable in the circumstances described in Section 11.2 ("Distributions during a Collection Period") and may also be applied towards funding Redraws on a Payment Date in accordance with Section 11.5 ("Application of Total Available Principal (prior to an Event of Default and enforcement of the General Security Deed)").

The utilisation of funds by the Issuer for these purposes will slow the rate at which principal will be passed through to Noteholders.

Reinvestment risk on payments received during a Collection Period

If a prepayment is received on a Series Receivable during a Collection Period, then to the extent it is not applied towards funding Redraws where permitted at any time, then interest will cease to accrue on that part of the Series Receivable prepaid from the date of the prepayment. The amount repaid will be deposited into the Collection Account or invested in Authorised Investments and may earn interest at a rate less than the then rate on the Series Receivables.

Interest will, however, continue to be payable in respect of the Invested Amount of the Notes until the next Payment Date. Accordingly, this may affect the ability of the Issuer to pay interest in full on the Notes. The Issuer has access to Principal Draws and the amount available under the Liquidity Facility to finance such shortfalls in interest payments to the Noteholders of the Class A1 Notes, the Class A2 Notes, the Redraw Notes, the Class A3 Notes and the Class AB Notes and, to the extent that such interest payments constitute Required Payments in respect of that Payment Date, the Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes.

The redemption of the Notes on the Call Option Date may affect the return on the Notes

There is no assurance that the Series Assets will be sufficient to redeem the Notes on a Call Option Date or that the Manager will exercise its discretion and direct the Issuer to redeem the Notes on a Call Option Date.

The Manager has the right under the Issue Supplement to direct the Issuer to sell any or all of the Series Receivables to any person in order to raise sufficient funds to redeem all of the Notes on a Call Option Date at their aggregate Invested Amount.

Investment in the Notes may not be suitable for all investors

The Notes are not a suitable investment for any investor that requires a regular or predictable schedule of payments or payment on any specific date. The Notes are complex investments that should be considered only by investors who, either alone or with their financial, tax and legal advisors, have the expertise to analyse the prepayment, reinvestment, default and market risk, the tax consequences of an investment, and the interaction of these factors.

Mortgage-backed securities, like the Notes, usually produce more returns of principal to investors when market interest rates fall below the interest rates on the Series Receivables and produce less returns of principal when market interest rates rise above the interest rates on the Series Receivables. If borrowers refinance their Series Receivables as a result of lower interest rates, Noteholders may receive an unanticipated payment of principal. As a result, Noteholders are likely to receive more money to reinvest at a time when other investments generally are producing a lower yield than that on the Notes and are likely to receive less money to reinvest when other investments generally are producing a higher yield than that on the Notes. Noteholders will bear the risk that the timing and amount of payments on the Notes will prevent them from attaining the desired yield.

Ratings on the Notes

The credit ratings of the Notes should be evaluated independently from similar ratings on other types of notes or securities. A credit rating by a Rating Agency is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension, qualification or withdrawal at any time by the relevant Rating Agency.

A revision, suspension, qualification or withdrawal of the credit rating of the Notes may adversely affect the price of the Notes. In addition, the credit ratings of the Notes do not address the expected timing of principal repayments under the Notes, only the likelihood that principal will be received no later than the Maturity Date. No Rating Agency has been involved in the preparation of this Information Memorandum.

Risk factors relating to the transaction parties

The Manager is responsible for this Information Memorandum

Except in respect of certain limited information, the Manager takes responsibility for this Information Memorandum, not the Issuer. As a result, in the event that a person suffers loss due to any information contained in this Information Memorandum being inaccurate or misleading, or omitting a material matter or thing, that person will not have recourse to the Issuer or the Series Assets.

Termination of Appointment of the Manager or the Servicer may affect the collection of the Series Receivables

The appointment of each of the Manager and the Servicer may be terminated in respect of the Series in certain circumstances. If the appointment of one of them is terminated, a substitute will need to be found to perform the relevant role for the Series.

The retirement or removal of the Manager or the Servicer will only take effect once a substitute has been appointed and has agreed to be bound by the Transaction Documents.

There is no guarantee that such a substitute will be found or that the substitute will be able to perform its duties with the same level of skill and competence as any previous Manager or Servicer (as the case may be).

To minimise the risk of finding a suitable substitute Manager, the Issuer has, subject to certain terms and conditions in the Management Deed, agreed to:

- act as the Manager in respect of the Series from the effective date of retirement or termination of the appointment of the Manager until the appointment of a replacement Manager is complete; or
- call a meeting of Noteholders to give direction to the Issuer in connection with the appointment of a replacement Manager.

Also, to minimise the risks of finding a suitable substitute Servicer, the Standby Servicer has, in the event of retirement or termination of the appointment of the Servicer, agreed to act as the Servicer in respect of the Series subject to and in accordance with the Standby Serving Deed, as described in Section 12.7 ("The Standby Serving Deed").

The Servicer may commingle collections on the Series Receivables with its assets

Before the Disposing Trustee or the Servicer remits Collections to the Collection Account, the Collections may be commingled with the assets of the Disposing Trustee or Servicer. If the Disposing Trustee or the Servicer becomes insolvent, the Issuer may only be able to claim those Collections as an unsecured creditor of the insolvent company. This could lead to a failure to receive the Collections on the Series Receivables, delays in receiving the Collections, or losses to you.

The Servicer's ability to change the features of the Series Receivables may affect the payment on the Notes

The Servicer may initiate certain changes to the Series Receivables. Most frequently, the Servicer will change the interest rate applying to a Series Receivable. In addition, subject to certain conditions, the Servicer may from time to time offer additional features and/or products with respect to the Series Receivables which are not described in this Information Memorandum.

As a result of such changes, the characteristics of the Series Receivables may differ from the characteristics of the Series Receivables at any other time which may affect the timing and amount of payments the Noteholders receive. If the Servicer elects to change certain features of the Series Receivables this could result in different rates of principal repayment on the Notes than initially anticipated and Debtors may elect to refinance their loan with another lender to obtain more favourable features.

If at any time the Servicer elects to fix the interest rate on a Series Receivable, there must either be a Derivative Contract in effect to hedge the interest rate risk to the Issuer arising from the fixed rate of interest payable by the Debtor to the Issuer and the floating rate of interest payable on the Notes (being based on the Bank Bill Rate which will vary from time to time) or the Manager must direct the Issuer to sell the relevant Series Receivable, as described further in Section 5.7 ("Fixed Rate Housing Loans"). The Servicer may only agree to fix the interest rate on a Series Receivable if at that time the aggregate Outstanding Balance of all Series Receivables which are subject to a fixed rate of interest (including the relevant Series Receivable on which the interest rate is to be fixed) is equal to or less than 2% of the aggregate Outstanding Balance of all Series Receivables at that time.

As at the Closing Date, there will be no Derivative Contract in effect in relation to the Series.

If the Manager elects to sell the Series Receivable in these circumstances, this could result in a faster than expected rate of principal repayment on the Notes.

The availability of various support facilities with respect to payment on the Notes will ultimately be dependent on the financial condition of the support facility provider

NAB is acting as Liquidity Facility Provider. Accordingly, the availability of this support facility will ultimately be dependent on the financial strength of NAB (or any replacement in the event that NAB resigns or is removed from acting in such capacity and a replacement is appointed).

There are however provisions in the Liquidity Facility Agreement that provide for the replacement of NAB in its capacity as Liquidity Facility Provider or the posting of collateral or taking of other action by NAB in the event that the

ratings of NAB are reduced below certain levels provided for in the Liquidity Facility Agreement.

There is no assurance that:

- the Issuer would be able to find a replacement for NAB in its capacity as Liquidity Facility Provider within the timeframes prescribed in the Liquidity Facility Agreement; or
- (where applicable) NAB will post collateral in the full amount required under the terms of the Liquidity Facility Agreement.

If NAB (or any replacement facility provider) encounters financial difficulties which impede or prohibit the performance of its obligations under the Liquidity Facility Agreement, the Issuer may not have sufficient funds to timely pay the full amount of principal and interest due on the Notes.

Similarly, if the Issuer enters into a Derivative Contract in respect of the Series in the future, then the availability of that support facility will ultimately be dependent on the financial strength the relevant Derivative Counterparty (or any replacement in the event that Derivative Counterparty resigns or is removed from acting in such capacity and a replacement is appointed). If that Derivative Counterparty (or any replacement derivative counterparty) encounters financial difficulties which impede or prohibit the performance of its obligations under the relevant Derivative Contract, the Issuer may not have sufficient funds to timely pay the full amount of principal and interest due on the Notes.

The termination of any Derivative Contract may affect payment on the Notes

If the Issuer enters into a Derivative Contract in respect of the Series in the future (for example to hedge the interest rate risk to the Issuer arising from the fixed rate of interest payable by Debtors on any Series Receivable) and that Derivative Contract is terminated before the expiry of the derivative transactions under that Derivative Contract, then:

- if any Series Receivables are subject to a fixed rate of interest, Noteholders may be exposed to the risk that the floating rate of interest payable with respect to the Notes will be greater than the fixed rate of interest on those Series Receivables; and
- a termination payment by either the Issuer or the Counterparty may be payable. A termination payment could be substantial.

Breach of Representation or Warranty

AFGS will represent and warrant to the Issuer on the Closing Date that each Receivable and Related Security referred to in the Initial Reallocation Notice provided to the Issuer in connection with the acquisition by the Issuer of the Series Receivables is an Eligible Receivable. The Issuer has not investigated or made any enquiries regarding the accuracy of this representation and warranty. AFGS will be required to pay damages to the Issuer for any direct loss suffered by the Issuer in respect of any Series Receivable in respect of which there has been a breach of this representation and warranty. The maximum amount that AFGS is liable to pay with respect

to that Series Receivable is the Outstanding Balance of the relevant Series Receivable plus any accrued but unpaid interest in respect of the Series Receivable at the time of payment of the damages.

Risk factors relating to the Series Receivables

The Series Assets are limited

The Series Assets consist primarily of the Series Receivables (which are Housing Loans and Related Securities).

If the Series Assets are not sufficient to make payments of interest or principal in respect of the Notes in accordance with the Cashflow Allocation Methodology, then payments to Noteholders will be reduced.

Accordingly a failure by Debtors to make payments on the Series Receivables when due may result in the Issuer having insufficient funds available to it to make full payments of interest and principal to the Noteholders. Consequently, the yield on the Notes could be lower than expected and Noteholders could suffer losses.

Enforcement of Related Securities may cause delays in payments and losses

If a Debtor defaults on payments to be made under a Series Receivable and the Servicer seeks to enforce any Related Security and/or sell the Land that is subject to that security, various factors may affect the length of time before the proceeds of sale (if any) are obtained. In such circumstances, the sale proceeds may be less than if the sale was carried out by the Debtor in the ordinary course. Any such delay and any loss incurred as a result of the realised sale proceeds being less than the Outstanding Balance of the relevant Series Receivable and accrued but unpaid interest on that Series Receivable may affect the ability of the Issuer to make payments under the Notes.

Delinquency and Default rates

There can be no assurance that delinquency and default rates affecting the Series Receivables will remain in the future at levels corresponding to historic rates for assets similar to the Series Receivables. In particular, if the Australian economy were to experience a downturn, an increase in unemployment, an increase in interest rates or any combination of these factors, delinquencies or default rates on the Series Receivables may increase, which may cause losses of the Notes.

Mortgage insurance policies may not be available to cover all losses on the applicable Series Receivables

Mortgage insurance policies cover 46.39% of the Series Receivables pool (by loan balance as of the Cut-Off Date). The mortgage insurance policies are subject to some exclusions from coverage and rights of termination (which differ between each Lender's Mortgage Insurance Contract) that may allow that Mortgage Insurer to reduce a claim or terminate mortgage insurance cover in respect of a Series Receivable in certain circumstances. Any such reduction or termination may affect the ability of the Issuer to pay principal and interest on the Notes.

Furthermore, QBE Lender's Mortgage Insurance Limited is acting as a mortgage insurance provider with respect to approximately 10.98% of the Series Receivable pool (by loan balance as of the Cut-Off Date) and Genworth Financial Mortgage Insurance Pty Ltd is acting as a mortgage insurance

provider with respect to approximately 35.41% of the Series Receivable pool (by loan balance as of the Cut-Off Date). The availability of funds under the Lender's Mortgage Insurance Contracts with these entities will ultimately be dependent on the financial strength of these entities.

Therefore, a Debtor's payments that are expected to be covered by a Lender's Mortgage Insurance Contract may not be covered because of these exclusions or because of financial difficulties impeding a Mortgage Insurer's ability to perform its obligations. There is no guarantee that a Mortgage Insurer will promptly make payment under any Lender's Mortgage Insurance Contract or that the Mortgage Insurer will have the necessary financial capacity to make any such payment at the relevant time.

As well, the rating of the Notes may be adversely affected in the event that a Mortgage Insurer is downgraded by either Rating Agency.

Substantial delays could be encountered in connection with the enforcement of a Series Receivable or Related Security and result in shortfalls in distributions to Noteholders to the extent not covered by a Lender's Mortgage Insurance Contract or if the relevant Mortgage Insurer fails to perform its obligations. Further, enforcement expenses such as legal fees, real estate taxes and maintenance and preservation expenses (to the extent not covered by a Lender's Mortgage Insurance Contract) will reduce the net amounts recoverable by the Issuer from an enforced Receivable or Related Security.

In the event that any of the properties fail to provide adequate security for the relevant Series Receivable, Noteholders could experience a loss to the extent the loss was not covered by a Lender's Mortgage Insurance Contract or if the relevant Mortgage Insurer failed to perform its obligations under the relevant Lender's Mortgage Insurance Contract.

Payment holidays may result in Investors not receiving their full interest payments

In respect of certain Series Receivables, if the Debtor prepays principal on his or her loan, the Servicer may permit the Debtor to skip subsequent payments, including interest payments, provided that the Outstanding Balance of the Series Receivable is not less than the Scheduled Balance. If a significant number of Debtors take advantage of this practice at the same time, the Issuer may not have sufficient funds to pay Noteholders the full amount of interest on the Notes on the next Payment Date.

Because interest accrues on the loans on a simple interest basis, interest payable may be reduced if Debtors pay instalments before scheduled due dates

Interest accrues on the Series Receivables on a daily simple interest basis, i.e., the amount of interest payable each weekly, bi-weekly or monthly period is based on each daily balance for the period elapsed since interest was last charged to the Debtor. Thus, if a Debtor pays a fixed instalment before its scheduled due date, the portion of the payment allocable to interest for the period since the preceding payment was made may be less than would have been the case had the payment been made as scheduled.

The expiration of fixed rate interest periods may result in

If Series Receivables are or become subject to a fixed rate of interest, the fixed rates for those Series Receivables will be set

significant repayment increases and hence increased borrower defaults for a shorter time period (generally not more than 5 years) than the life of the loan (up to 30 years). When the Series Receivable converts to a variable rate or a new fixed rate, prevailing interest rates may result in the scheduled repayments increasing significantly in comparison to the repayments required during the fixed rate term just completed. This may increase the likelihood of Debtor delinquencies.

Geographic concentration Section 4.1 (“Pool Receivables Data”) contains details of the geographic concentration of the pool of Series Receivables as of 23 May 2018. To the extent that any such region experiences weaker economic conditions in the future or natural disasters are experienced in a particular geographic area, this may increase the likelihood of Debtors with Series Receivables in that region missing payments or defaulting on those Series Receivables.

Receivable pool characteristics If the Issuer makes any Redraws then:

- the characteristics of the pool of Receivables may be altered; and
- the estimated average lives of the Notes may be altered.

Seasoning of Series Receivables Section 4.1 (“Pool Receivables Data”) contains details of the seasoning of the Series Receivables as of 23 May 2018. As of that date, some of the Series Receivables may not be fully seasoned and may display different characteristics until they are fully seasoned. As a result, the Series may experience higher rates of defaults than if the Series Receivables had been outstanding for a longer period of time.

The Servicer’s ability to set the interest rate on variable-rate Series Receivables may lead to increased delinquencies or prepayments The interest rates on the variable-rate Series Receivables are not tied to an objective interest rate index, but are set at the sole discretion of the Servicer. If the Servicer increases the interest rates on the variable-rate Series Receivables, Debtors may be unable to make their required payments under the Series Receivables, and accordingly, may become delinquent or may default on their payments. In addition, if the interest rates are raised above market interest rates, Debtors may refinance their loans with another lender to obtain a lower interest rate. This could cause higher rates of principal prepayment than Noteholders expected and affect the yield on the Notes.

Risk factors relating to security

Enforcement of General Security Deed If an Event of Default occurs while any Notes are outstanding, the Security Trustee may and, if directed to do so by an Extraordinary Resolution of Voting Secured Creditors, must, declare all amounts outstanding under the Notes immediately due and payable and enforce the General Security Deed in accordance with the terms of the General Security Deed and the Master Trust Deed. That enforcement may include the sale of the Series Assets.

No assurance can be given that the Security Trustee will be in a position to sell the Series Assets for a price that is sufficient to repay all amounts outstanding in relation to the Notes and other secured obligations that rank ahead of or equally with

the Notes.

Neither the Security Trustee nor the Issuer will have any liability to the Secured Creditors in respect of any such deficiency (except in the limited circumstances described in the Master Trust Deed).

**Personal
regime** **Property** **Security**

A national personal property securities regime commenced operation throughout Australia on 30 January 2012 pursuant to the Personal Property Securities Act 2009 (“PPSA”). The PPSA established a national system for the registration of security interests in personal property and introduced new rules for the creation, priority and enforcement of security interests in personal property.

Security interests for the purposes of the PPSA include traditional securities such as charges and mortgages over personal property. However, they also include transactions that, in substance, secure payment or performance of an obligation but may not have previously been legally classified as securities. Further, certain other interests are deemed to be security interests whether or not they secure payment or performance of an obligation - these deemed security interests include assignments of certain monetary obligations.

A person who holds a security interest under the PPSA will need to register (or otherwise perfect) the security interest to ensure that the security interest has priority over competing interests (and in some cases, to ensure that the security interest survives the insolvency of the grantor). If they do not do so, the consequences include the following:

- another security interest may take priority;
- another person may acquire an interest in the assets which are subject to the security interest free of their security interest; and
- they may not be able to enforce the security interest against a grantor who becomes insolvent.

Under the General Security Deed, the Issuer grants a security interest over all the Series Assets in favour of the Security Trustee to secure the payment of moneys owing to the Secured Creditors (including, among others, the Noteholders).

The security granted by the Issuer under the General Security Deed and the reallocation of the Series Receivables from the Disposing Trustee to the Issuer are security interests under the PPSA. The Transaction Documents may also contain other security interests.

Under the General Security Deed, the Issuer has agreed to not do anything to create any Encumbrances over the Series Assets (other than a Permitted Encumbrance).

However, under Australian law:

- dealings by the Issuer with the Series Assets in breach of such undertaking may nevertheless have the consequence that a third party acquires title to the

relevant Series Assets free of the security interest created under the General Security Deed or another security interest over such Series Assets has priority over that security interest; and

- contractual prohibitions upon dealing with the Series Assets (such as those contained in the General Security Deed) will not of themselves prevent a third party from obtaining priority or taking such Series Assets free of the security interest created under the General Security Deed (although the Security Trustee would be entitled to exercise remedies against the Issuer in respect of any such breach by the Issuer).

Whether this would be the case, depends upon matters including the nature of the dealing by the Issuer, the particular Series Asset concerned and the agreement under which it arises and the actions of the relevant third party.

There is uncertainty on aspects of the PPSA regime because the PPSA has significantly altered the law relating to secured transactions.

Voting Secured Creditors must act to effect enforcement of the General Security Deed

If an Event of Default occurs and is continuing, the Security Trustee must convene a meeting of the Secured Creditors to obtain directions as to what actions the Security Trustee is to take under the General Security Deed and the Master Trust Deed. Any meeting of Secured Creditors will be held in accordance with the terms of the Master Trust Deed. However, for these purposes, only the Voting Secured Creditors are entitled to vote at a meeting of Secured Creditors or to otherwise direct or give instructions or approvals to the Security Trustee in accordance with the Transaction Documents.

Accordingly, if the Voting Secured Creditors have not directed the Security Trustee to do so, enforcement of the General Security Deed will not occur, other than where in the opinion of the Security Trustee, the delay required to obtain instructions from the Voting Secured Creditors would be materially prejudicial to the interests of those Voting Secured Creditors and the Security Trustee has determined to take action (which may include enforcement) without instructions from them.

If at any time there is a conflict between a duty the Security Trustee owes to a Secured Creditor, or a class of Secured Creditor, of the Trust and a duty the Security Trustee owes to another Secured Creditor, or class of Secured Creditor, of the Trust, the Security Trustee must give priority to the duties owing to the Voting Secured Creditors.

Risk factors relating to legal and regulatory risks and other matters

Australian Taxation

A summary of certain material tax issues is set out in Section 13 ("Australian Taxation").

Consumer protection laws and codes may affect the timing or amount of interest or principal payments to Noteholders

National Consumer Credit Protection Act

Most of the Series Receivables and Related Securities are regulated by the National Credit Code. The National Credit Code appears in Schedule 1 of the National Consumer Credit Protection Act 2009 (“**NCCP**”).

The NCCP incorporates a requirement for providers of credit related services to hold an “Australian credit licence”, and to comply with “responsible lending” requirements, including a mandatory “unsuitability assessment” before a loan is made or there is an agreed increase in the amount of credit under a loan.

Obligations under the NCCP extend to the Issuer and its service providers (including the Servicer) in respect of the Series Receivables.

Under the National Credit Code and the NCCP, a debtor, guarantor or mortgagor in respect of a regulated Series Receivable may have the right to apply to a court to, amongst other things:

- obtain an injunction preventing a regulated Series Receivable from being enforced (or any other action in relation to the Series Receivable) if to do so would breach the NCCP;
- obtain compensation to be paid for loss or damage suffered (or likely to be suffered) as a result of a breach of a civil penalty provision or a criminal offence in the NCCP;
- if a credit activity has been engaged in without an Australian credit licence and no relevant exemption applies, obtain an order that the court considers appropriate so that no profiting can be made from the activity, to compensate for loss and to prevent loss. This could include an order declaring a contract, or part of a contract, to be void, varying the contract, refusing to enforce, ordering a refund of money or return of property, payment for loss or damage or being ordered to supply specified services;
- in the case of a debtor, vary the terms of their Series Receivable on the grounds of hardship;
- vary the terms of a loan and related mortgage or guarantee, or a change to such documents, that are considered unjust and reopen the transaction that gave rise to the Series Receivable and any related mortgage, guarantee or charge;
- in the case of a debtor or guarantor, reduce or cancel any interest rate payable on the Series Receivable arising from a change to that rate which is unconscionable;
- have certain provisions of the Series Receivable or Related Security which are in breach of specific

provisions of the NCCP declared unenforceable;

- obtain restitution or compensation from the Issuer in relation to any breach of the National Credit Code in relation to a Series Receivable; or
- obtain various remedies for other breaches of the NCCP.

Applications may also be made to relevant external dispute resolution schemes, which have the power to resolve disputes where the amount in dispute is A\$500,000 or less. There is no ability to appeal from an adverse determination by the external dispute resolution scheme, including, on the basis of bias, manifest error or want of jurisdiction.

Where a systemic contravention affects contract disclosures across multiple Series Receivables, there is a risk of a representative or class action under which a civil penalty could be imposed in respect of all affected Series Receivable contracts. If borrowers suffer any loss, orders for compensation may be made.

Under the NCCP, ASIC will be able to make an application to vary the terms of a contract or a class of contracts on the above grounds if this is in the public interest (rather than limiting these rights to affected debtors).

Any order described above made by a court or an external dispute resolution scheme may affect the timing or amount of interest, fees or charges or principal repayments under the relevant Series Receivables which may in turn affect the timing or amount of interest or principal payments under the Offered Notes.

Under the terms of the National Credit Code and the NCCP, the Issuer is a “credit provider” with respect to regulated loans, and as such is exposed to civil and criminal liability for certain violations. These include violations caused in fact by the Servicer. The amount of any civil penalty payable by the Issuer may be set off against any amount payable by the debtor under the affected Series Receivable.

The Servicer has indemnified the Issuer for any civil or criminal penalties in respect of National Credit Code or NCCP violations caused by the Servicer. There is no guarantee that the Servicer will have the financial capability to pay any civil or criminal penalties which arise from National Credit Code or NCCP violations.

If for any reason the Servicer does not discharge its obligations to the Issuer, then the Issuer will be entitled to indemnification from the Series Assets. Any such indemnification may reduce the amounts available to pay interest and repay principal in respect of the Offered Notes.

Unfair Terms

The terms of the Series Receivables may be subject to review under Division 2 Part 2 of the Australia Securities and Investments Commission Act 2001 (the “**National Unfair**

Terms Regime") if they have been entered into by:

- individuals; or
- from 12 November 2016, small businesses which employ less than 20 people where the upfront price payable under the contract is A\$300,000 or less, or A\$1,000,000 or less if the contract is for more than 12 months.

Series Receivables may also be subject to review under Part 2B of the Fair Trading Act 1999 (Vic) for being unfair if they have been entered into by individuals.

Under the National Unfair Terms Regime, a term of a standard-form consumer contract will be unfair, and therefore void, if it causes a significant imbalance in the parties' rights and obligations under the contract, it is not reasonably necessary to protect the supplier's legitimate interests and it would cause detriment (whether financial otherwise) to a party if it were to be applied or relied on. If a term is held to be unfair, it will be void, but the contract will continue to bind the parties if it is capable of operating without the unfair term.

Also, under the Victorian regime set out in Part 2B of the Fair Trading Act 1999 (Vic), a term in a consumer contract would be unfair if, in all the circumstances, it causes a significant imbalance in the parties' rights and obligations arising under the contract to the detriment of the consumer. The Fair Trading Act 1999 (Vic) also includes (through regulation) a list of prescribed unfair terms. Unfair terms will be void, but the contract will continue to bind the parties if it is capable of existing without the unfair term or prescribed unfair term.

Both the Victorian regime and/or the National Unfair Terms Regime may apply to Series Receivables, depending when the Series Receivables were entered into. However, the Victorian regime only applies to agreements if they were entered into between 9 October 2003 (or June 2009 for credit contracts which were formerly regulated by the Consumer Credit (Victoria) Act 1995 (Vic)) and 1 January 2011. Series Receivables and related mortgages and guarantees entered into before the application of either the Victorian regime or the National Unfair Terms Regime will become subject to the National Unfair Terms Regime going forward if those contracts are renewed or a term is varied (although, where a term is varied, the regime only applies to the varied term).

If a provision of any of the Series Receivables were found to be unfair, this could have an adverse effect on the ability of the Issuer to recover money from the relevant borrower and consequently to make payments under the Transaction Documents.

Australian Anti-Money Laundering and Counter-Terrorism Financing Regime

The Anti-Money Laundering and Counter-Terrorism Financing Act ("**AML/CTF Act**") regulates the anti-money laundering and counter-terrorism financing obligations of financial services providers (there is also legislation which prevents payments to and transactions in connection with certain sanctioned persons).

The AML/CTF Act regulates the provision of “designated services” by a reporting entity. The designated services listed in the AML/CTF Act include (among other things):

- opening or providing an account, allowing any transaction in relation to an account or receiving instructions to transfer money in and out of the account;
- making loans to a borrower or allowing a transaction to occur in respect of that loan in certain circumstances;
- providing a custodial or depository service;
- issuing, dealing, acquiring, disposing of, cancelling or redeeming a security in certain circumstances; and
- exchanging one currency for another in certain circumstances.

If an entity provides a designated service it must comply with the obligations contained in the AML/CTF Act. These obligations will include (among other things) undertaking customer identification procedures before a designated service is provided. Generally, until these obligations have been met an entity will be prohibited from providing funds or services to a party or making any payments on behalf of a party. The obligations also include, but are not limited to, conducting on-going customer due diligence and reporting of suspicious and other transactions.

The obligations placed upon an entity could affect the services of an entity or the funds it provides and ultimately may result in a delay or decrease in the amounts received by a Noteholder of Offered Notes.

European Union Capital Requirements Regulation - securitisation exposure rules and other regulatory initiatives

In Europe, the U.S. and elsewhere there is increased political and regulatory scrutiny of the asset-backed securities industry. This has resulted in a raft of measures for increased regulation which are currently at various stages of implementation and which may have an adverse impact on the regulatory capital charge to certain investors in securitisation exposures and/or the incentives for certain investors to hold asset-backed securities, and may thereby affect the liquidity of such securities. Prospective investors or purchasers of the Offered Notes are responsible for analysing their own regulatory position and none of the Issuer, the Manager, the Originator, the Servicer, the Arranger, the Joint Lead Managers, the Dealers nor any other party to a Transaction Document makes any representation to any prospective investor or purchaser of the Offered Notes regarding the regulatory capital treatment of their investment on the Closing Date or at any time in the future.

In particular, investors should be aware of Articles 404 – 410 (inclusive) of Regulation (EU) No 575/2013 of the European Parliament and Council (the “**CRR**”), as supplemented by Commission Delegated Regulation (EU) No 625/2014 and Commission Implementing Regulation (EU) No 602/2014, which became applicable from 1 January 2014 in the Member

States of the European Union and has been or will be implemented by national legislation in the other Member States of the European Economic Area (“**EEA**”). Article 405(1) of the CRR restricts ‘credit institutions’ and ‘investment firms’ (as each is defined in the CRR), and the consolidated group subsidiaries thereof from investing in or being exposed to the credit risk of a ‘securitisation’ (as defined in the CRR) (each, a “**CRR Investor**”) unless the originator, sponsor or original lender in respect of that securitisation has explicitly disclosed to the CRR Investor that it will retain, on an ongoing basis, a net economic interest of at least 5 per cent in that securitisation in the manner contemplated by Article 405 of the CRR.

Article 406 of the CRR also requires that a CRR Investor be able to demonstrate that it has undertaken certain due diligence in respect of, amongst other things, the Offered Notes it has acquired and the underlying exposures, and that procedures have been established for monitoring the performance of the underlying exposures on an on-going basis. Failure to comply with one or more of the requirements set out in Articles 405 and 406 of the CRR may result in the imposition of a penal capital charge with respect to the investment made in the securitisation by the relevant CRR Investor.

Investors should also be aware of Article 17 of the EU Alternative Investment Fund Managers Directive (“**AIFMD**”) as supplemented by Section 5 of Chapter III of Commission Delegated Regulation (EU) No 231/2013 (“Investment Managers Directive”) and Article 135(2) of the EU Solvency II Directive 2009/138/EC, as supplemented by Articles 254-257 of Commission Delegated Regulation (EU) No 2015/35 (together, “**Solvency II**”), which introduced risk retention and due diligence requirements which apply, respectively, to EEA regulated alternative investment fund managers and EEA regulated insurance/reinsurance undertakings (all such requirements, together with those requirements under the CRR, the “**Existing EU Retention Rules**”). While such requirements are similar to those which apply under the CRR they are not identical and, in particular, additional due diligence obligations apply to relevant investors under AIFMD and Solvency II.

On 17 January 2018, Regulation EU 2017/2402 laying down a general framework for securitisation and creating a framework for simple, transparent and standardised securitisations, and amending Directives 2009/65/EC, 2009/138/EC and 2011/61/EU and Regulations (EC) No 1060/2009 and (EU) No 648/2012 and Regulation EU 2017/2401 containing related amendments to the CRR (collectively, the “**New Securitisation Regulations**”) entered into force in the European Union. The new securitisation risk retention and due diligence rules under the New Securitisation Regulations (the “**New EU Retention Rules**”) will apply to securitisations in respect of which the relevant securities are issued on or after 1 January 2019. The aim of the New Securitisation Regulations is to create a harmonised securitisation framework within the European Union.

In addition to applying to any investor regulated by the Existing

EU Retention Rules, the New EU Retention Rules will also apply to certain investment companies authorised in accordance with the Undertakings for Collective Investment in Transferable Securities Directive (Directive 2009/65/EC) (collectively "**UCITS**") and to institutions for occupational retirement provision falling within the scope of Directive (EU) 2016/2341 and certain other entities appointed by such institutions (collectively, "**IORPS**").

Under the New Securitisation Regulations, the Existing EU Retention Rules will continue to apply to securitisations in respect of which the relevant securities are issued before 1 January 2019 ("**Pre-2019 Securitisations**"), as is the case with the Offered Notes. However, the New Securitisation Regulations make no express provision as to the application of any investment restrictions or due diligence requirements, whether under the Existing EU Retention Rules or the New EU Retention Rules, to UCITS or IORPS that hold or acquire any interest in respect of a Pre-2019 Securitisation, and, accordingly, it is not known what requirements (if any) may be applicable thereto.

There are material differences between the New EU Retention Rules and the Existing EU Retention Rules. Certain aspects of the New Securitisation Regulations will be supplemented by technical standards that have not yet been adopted or published in final form. The timing for the adoption of the new risk retention regulatory technical standards under the New EU Retention Rules is uncertain. Until such new regulatory technical standards are adopted, investors in securitisations in respect of which the relevant securities are issued on or after 1 January 2019 and which are within scope of the Existing EU Retention Rules will be required to comply with the existing regulatory technical standards.

Neither AFGS nor any other party to the Transaction Documents undertakes to retain, either on an ongoing basis or for any period, any net economic interest in this securitisation transaction for the purposes of the Existing EU Retention Rules or the New EU Retention Rules. Accordingly, the Offered Notes may not be a suitable investment for prospective investors who are CRR Investors or who otherwise are or may be subject to any of the retention rules referred to above.

There can be no assurance that the regulatory capital treatment of the Offered Notes for any investor will not be affected by any future implementation of, and changes to, the Retention Rules, the Securitisation Regulation or other regulatory or accounting changes.

**US Foreign Account Tax
Compliance Act**

The Foreign Account Tax Compliance Act provisions of the U.S. Hiring Incentives to Restore Employment Act of 2010 ("**FATCA**") establish a due diligence, reporting and withholding regime. FATCA aims to detect U.S. taxpayers who use accounts with "foreign financial institutions" ("**FFIs**") to conceal income and assets from the U.S. Internal Revenue Service ("**IRS**").

Under FATCA, a 30% withholding tax may be imposed (i) in respect of certain of U.S. source payments, (ii) from 1 January

2019 in respect of gross proceeds from the sale of assets that give rise to U.S. source interest or dividends and (iii) from 1 January 2019, at the earliest, in respect of “foreign passthru payments” (a term which is not yet defined under FATCA), which are, in each case, paid to or in respect of entities that fail to meet certain certification or reporting requirements (“**FATCA withholding**”).

FATCA withholding may be required if (i) an investor does not provide information sufficient for the Issuer or any other financial institution through which payments on the Offered Notes are made to determine whether the investor is subject to FATCA withholding or (ii) a FFI to or through which payments on the Notes are made is a “non-participating FFI”. FATCA withholding is not expected to apply if, in respect of foreign pass-thru payments only, the Offered Notes are treated as debt for U.S. federal income tax purposes and the Offered Notes are issued on or before the date that is six months after the date on which final regulations defining the term “foreign passthru payment” are filed with the U.S. Federal Register (the “grandfathering date”) provided that the Notes are not materially modified after the grandfathering date.

Australian IGA

The Australian Government and U.S. Government signed an intergovernmental agreement with respect to FATCA (“**Australian IGA**”) on 28 April 2014. The Australian Government has enacted legislation amending, among other things, the Taxation Administration Act 1953 of Australia to give effect to the Australian IGA (“**Australian IGA Legislation**”) and that legislation came into force on 30 June 2014.

Australian financial institutions which are Reporting Australian Financial Institutions under the Australian IGA must comply with specific due diligence procedures to identify their account holders (e.g. the Noteholders) and provide the Australian Taxation Office (“**ATO**”) with information on financial accounts (for example, the Offered Notes) held by U.S. persons and recalcitrant account holders. The ATO is required to provide such information to the IRS.

A Reporting Australian Financial Institution (which may include the Trust) that complies with its obligations under the Australian IGA will not generally be subject to FATCA withholding on amounts it receives, and will not generally be required to deduct FATCA withholding from payments it makes with respect to the Offered Notes, other than in certain prescribed circumstances.

Noteholders may be requested to provide certain certifications and information to the Issuer and any other financial institutions through which payments on the Offered Notes are made in order for the Issuer and such other financial institutions to comply with their obligations under FATCA and the Australian IGA Legislation. If a payment to the Issuer is subject to withholding as a result of FATCA, there would be less funds available to Noteholders.

No additional amounts paid as a result of FATCA withholding

In the event that any amount is required to be withheld or deducted from a payment on the Offered Notes as a result of FATCA, there will be no “gross up” (or any additional amount) payable by way of compensation by the Issuer or any other person to the Noteholder for the withholding or deduction.

FATCA is particularly complex legislation

Investors should consult their own tax advisers to determine how FATCA and the Australian IGA may apply to them under the Offered Notes.

Common Reporting Standard (CRS)

The OECD Common Reporting Standard for Automatic Exchange of Financial Account Information (“**CRS**”) requires certain financial institutions to report information regarding certain accounts (which may include the Offered Notes) to their local tax authority and follow related due diligence procedures. The Australian Government has enacted legislation amending, among other things, the Taxation Administration Act 1953 of Australia to give effect to the CRS. As a result of these amendments, reporting financial institutions are required to obtain certifications from accountholders in respect of new accounts, including investment in securities, opened after 30 June 2017. Noteholders may be requested to provide certain information and certifications to ensure compliance with the CRS. A jurisdiction that has signed the CRS Competent Authority Agreement may provide this information to other jurisdictions that have signed the CRS Competent Authority Agreement.

Global financial regulatory reforms may have a negative impact on the Notes

Changes in the global financial regulation or regulatory treatment of asset-backed securities may negatively impact the regulatory position of affected investors and have an adverse impact on the value and liquidity of asset-backed securities such as the Notes. Each Noteholder should consult with their own legal and investment advisors regarding the potential impact on them and the related compliance issues.

No assurance can be given that any regulatory reforms will not have a significant adverse impact on the AFG Trusts programme or on the regulation of the Trust, AFGS or any member of the AFG Group.

Changes of law may impact the structure of the transaction and the treatment of the Notes

The structure of the transaction and, inter alia, the issue of the Notes and ratings assigned to the Notes are based on Australian law, tax and administrative practice in effect at the date of this Information Memorandum, and having due regard to the expected tax treatment of all relevant entities under such law and practice. No assurance can be given that Australian law, tax or administrative practice will not change after the Closing Date or that such change will not adversely impact the structure of the transaction and the treatment of the Notes.

Turbulence in the financial markets and economy may adversely affect the performance and market value of the Notes

Market and economic conditions during the past several years have caused significant disruption in the credit markets. Increased market uncertainty and instability in both Australian and international capital and credit markets, combined with declines in business and consumer confidence and increased unemployment, have contributed to volatility in domestic and international markets and may negatively affect the Australian housing market.

Such disruptions in markets and credit conditions have had (in some cases), and may continue to have, the effect of depressing the market values of residential mortgage-backed securities, and reducing the liquidity of residential mortgage-backed securities generally.

These factors may adversely affect the performance, marketability and overall market value of the Notes.

Ipsa facto moratorium

On 18 September 2017, the Treasury Laws Amendment (2017 Enterprise Incentives No. 2) Act 2017 (Cth) ("**TLA Act**") received Royal Assent.

The TLA Act enacted reform (known as "ipso facto") which varies the enforceability of certain contractual rights against Australian companies which are subject to one of the following insolvency-related procedures ("**Applicable Procedures**"):

- (a) a scheme of arrangement for the purpose of avoiding being wound up in insolvency;
- (b) the appointment of a managing controller (that is, a receiver or other controller with management functions or powers); or
- (c) the appointment of an administrator.

The ipso facto reform deems contractual rights unenforceable if they arise for specified reasons. In effect, the reform imposes a stay or moratorium on the enforcement of contractual rights while the company is subject to the Applicable Procedure (the "**stay**"). The length of the stay depends on the Applicable Procedure and the type of stay concerned.

In summary:

- (d) *Appointment Trigger*: Any rights which trigger for the reason of the appointment of administrators, receivers or the proposal of an arrangement or compromise to creditors to avoid being wound up in insolvency will not be enforceable;
- (e) *Financial Position Protection*: Any rights which arise for the reason of adverse changes in the financial position of a company which is in administration, has receivers appointed or is proposing or subject to a scheme to avoid being wound up in insolvency will not be enforceable. That is, the company has protection as a result of adverse changes in its financial position during the Applicable Procedure. Once the Applicable Procedure has ended, the financial position protection

also ends (except in limited circumstances where the company is wound up, in which case the financial position protection continues).

- (f) *Anti-Avoidance:* The TLA Act contains very broad anti-avoidance provisions. For example:
 - (i) The TLA Act deems that any contractual provision which is “in substance contrary to” the other stays will also be unenforceable; and
 - (ii) Any self-executing provision which is expressed to automatically trigger rights otherwise subject to the stay is unenforceable.

The ipso facto reform has not yet commenced. It will apply to contracts, agreements or arrangements entered into on or after the commencement date, being the earlier of 1 July 2018 or a day fixed by Proclamation (“**Effective Date**”). Contracts, agreements or arrangements entered into before 1 July 2023 that are a result of novations or variations of a contract, agreement or arrangement entered into before 1 July 2018 will not be subject to the stay.

The TLA Act provides that contracts, agreements or arrangements prescribed or rights specified in ministerial declarations (“**Rules and Regulations**”) are not subject to the stay. A consultation draft of the Rules and Regulations was released for public consultation on 16 April 2018. The *Corporations Amendment (Stay on Enforcing Certain Rights) Regulations 2018* (Cth) were made on 21 June 2018. The Regulations prescribe that a right contained in a kind of contract, agreement or arrangement that involves a special purpose vehicle, and that provides for securitisation, is not subject to the stay. The Rules have not, as at the Preparation Date, been made.

Until the Rules have been finalised, judicial consideration of the TLA Act and the Rules and Regulations and any changes in the market practice, the scope of the ipso facto reform and its potential effect on the Transaction Documents and Notes remains uncertain.

4 DESCRIPTION OF THE SERIES RECEIVABLES

4.1 Pool Receivables Data

The information in the following tables in this Section 4 sets forth in summary format various details relating to the indicative pool of Receivables (“**Indicative Receivables Pool**”) produced on the basis of the information available as at 23 May 2018. All amounts have been rounded to the nearest Australian dollar. The sum in any column may not equal the total indicated due to rounding.

The statistical information provided in the following tables may not reflect the actual pool of Series Receivables to be acquired by the Issuer from the Disposing Trust on the Closing Date under the Initial Reallocation Notice including because Receivables in the Indicative Receivables Pool may be substituted with other eligible Receivables or additional eligible Receivables may be added. For example, a Receivable originally included in the Indicative Receivables Pool may be removed if it is repaid early or if it is determined that the Receivable does not comply with the Eligibility Criteria. Accordingly, the following details are provided for information purposes only.

All amounts in the following tables are expressed in Australian Dollars.

5 SERIES ASSETS AND ELIGIBILITY CRITERIA

5.1 Acquisition of Series Receivables by Issuer

The Series Assets will primarily consist of the Receivables (Housing Loans and Related Securities) to be acquired by the Issuer from the Disposing Series of the Disposing Trust on the Closing Date pursuant to the Initial Reallocation Notice issued under the Master Trust Deed.

These Receivables were originated by AFGS as agent for (and in the name of) Perpetual Corporate Trust Limited as trustee of the Disposing Trust ("**Disposing Trustee**") under a Master Origination Deed dated 29 October 2010 ("**Master Origination Deed**"). See Section 8 ("The AFG Group") and Section 9 ("Origination and Servicing of the Series Receivables") for more detail regarding the mortgage lending business of the AFG Group and the origination and servicing of the Series Receivables by AFGS.

No further Receivables or Related Securities will be acquired by the Issuer in respect of the Series or the Trust after the Closing Date.

5.2 Eligibility Criteria for Series Receivables

A Receivable is an Eligible Receivable if it satisfies the following **Eligibility Criteria** on the Closing Date:

- (a) other than a Receivable which is a Line of Credit Loan, the Receivable requires monthly, fortnightly or weekly payments (after an interest only period not exceeding 5 years) sufficient to pay interest and fully amortise principal over the term of the Receivable;
- (b) the Receivable is denominated and only payable in Australian dollars;
- (c) the Receivable is secured by a:
 - (i) first ranking registered mortgage; or
 - (ii) second ranking registered mortgage (where the Issuer is also the first ranking registered mortgagee and the first ranking registered mortgage will also be a Series Asset),

over residential real property (owner occupied or investment);
- (d) the Receivable and Related Security are legal, valid, binding and enforceable in accordance with their terms against the relevant Debtor;
- (e) each Related Security in respect of the Receivable has been, or will be, stamped with all applicable duty;
- (f) the Land secured under the relevant Related Security is located in either New South Wales, Victoria, Queensland, South Australia, Western Australia, the Australian Capital Territory, Tasmania or the Northern Territory;
- (g) the Debtor in respect of the Receivable is at least 18 years old (where the Debtor is a natural person);
- (h) the funds provided to the Debtor in respect of the Receivable were required to be used for residential purposes (funding an owner-occupied or investment property) or any other purpose as permitted under the Lending Procedures;
- (i) the Receivable must have been fully drawn as at the Cut-Off Date (other than a Receivable which is a Line of Credit Loan);
- (j) the Outstanding Balance of the Receivable does not exceed A\$1,400,000;

- (k) the Receivable is not in arrears in respect of any payment by more than 30 days as at the Cut-Off Date;
- (l) the LVR of the Receivable as at the Cut-Off Date does not exceed 95%;
- (m) at the time the Receivable was entered into, the Receivable and Related Security complied in all material respects with all applicable laws (including the Consumer Credit Code and NCCP, as applicable);
- (n) the maximum term of the Receivable is 30 years from its settlement date and it matures at least 18 months prior to the Maturity Date;
- (o) at the time the Receivable was entered into, the Land (including any improvements) secured under the Related Security was insured under an Insurance Policy;
- (p) the Land secured under the Related Security contains a residential dwelling erected on it and is not vacant land;
- (q) the Receivable is not a construction loan; and
- (r) the Receivable is governed by the laws of a State or Territory of Australia.

5.3 AFGS's representations and warranties regarding the Receivables

AFGS will represent and warrant to the Issuer on the Closing Date (in respect of each Receivable and Related Security referred to in the Initial Reallocation Notice) that:

- (a) each Series Receivable is an Eligible Receivable;
- (b) the transfer of each Series Receivable to the Issuer in accordance with the Initial Reallocation Notice and the Master Trust Deed does not contravene any law. Each Series Receivable is transferable in accordance with the Initial Reallocation Notice and the Master Trust Deed and all consents required in relation to the transfer of the Series Receivables to the Issuer free from Encumbrance have been obtained;
- (c) there is no fraud, dishonesty, material misrepresentation or negligence on the part of AFGS in connection with the selection and offer to the Issuer of each Series Receivable;
- (d) the transfer of the Series Receivables to the Issuer in accordance with the Initial Reallocation Notice and the Master Trust Deed will not be held by a court to be an undervalue transfer, a fraudulent conveyance, or a voidable preference under any law relating to insolvency; and
- (e) the Disposing Trustee (in respect of the Disposing Series) is, and the Issuer will be, on the Closing Date, the sole legal and beneficial owner of each Series Receivable.

5.4 Remedy for misrepresentations

If AFGS, the Servicer, the Manager or the Issuer becomes aware that any representation or warranty by AFGS described in Section 5.3 ("AFGS's representations and warranties regarding the Receivables") in respect of a Series Receivable is incorrect in a material respect when made, it must give notice (providing all relevant details) to the others within 10 Business Days of becoming aware.

If:

- (a) any representation or warranty by AFGS described in Section 5.3 ("AFGS's representations and warranties regarding the Receivables") in respect of a Series Receivable is incorrect in a material respect when made; and
- (b) AFGS does not remedy the breach to the satisfaction of the Issuer within 10 Business Days of giving or receiving notice in respect of that Series Receivable (as the case may be) (or any longer period that the Issuer permits),

AFGS must pay damages to the Issuer for any direct loss suffered by the Issuer as a result. The maximum amount which AFGS is liable to pay is the Outstanding Balance plus any accrued but unpaid interest in respect of the Series Receivable at the time of payment of the damages.

5.5 Sale of Series Receivables by the Issuer

Prior to the occurrence of an Event of Default, the Issuer (at the direction of the Manager) may sell any or all of the Series Receivables after the Closing Date in certain circumstances. A Series Receivable must only be sold by the Issuer for an amount at least equal to the then Outstanding Balance of that Series Receivable plus any accrued interest on the Series Receivable.

The Manager may only give a direction to the Issuer to sell a Series Receivable in the following circumstances:

- (a) the proceeds of the sale together with any Collections held by the Issuer are sufficient to redeem all outstanding Notes in full on a Call Option Date and pay all other Secured Creditors in full and will be used for that purpose;
- (b) the sale is in respect of a Series Receivable for which the relevant Debtor has requested that the variable interest rate on that Series Receivable be converted to a fixed rate of interest and:
 - (i) the Servicer notifies the Manager that it proposes to consent to such conversion; and
 - (ii) the Manager forms the view that the Servicer is prohibited from consenting to that conversion on the basis described in Section 5.7 ("Fixed Rate Housing Loans") below;
- (c) the sale is in respect of a Series Receivable for which the relevant Debtor has requested that a Further Advance be provided in respect of that Housing Loan and the Servicer has notified the Manager that it proposes to consent to the making of such Further Advance; or
- (d) the sale is in respect of a Series Receivable for which the relevant Debtor has requested that a Redraw be provided in respect of that Series Receivable and:
 - (i) the Servicer has notified the Manager that it proposes to consent to the making of such Redraw; and
 - (ii) the Manager has formed the view that it is not entitled to direct the Issuer to fund that Redraw in accordance with Section 11.2 ("Distributions during a Collection Period") or Section 11.5 ("Application of Total Available Principal (prior to an Event of Default and enforcement of the General Security Deed)").

However, the Manager must not give a direction to the Issuer to sell a Series Receivable if this would result in the weighted average rate on the Series Receivables being less than the Threshold Rate.

The proceeds received by the Issuer from a sale of any Series Receivables as described in this section will form part of Collections available for distribution to the Noteholders and other Secured Creditors in accordance with the Cashflow Allocation Methodology on the Payment Date following the end of the Collection Period in which those proceeds are received.

5.6 Setting the Threshold Rate

The Manager is required calculate the Threshold Rate for the Series Receivables on each Payment Date.

The Manager must, on each Payment Date, direct the Servicer to reset or cause to be reset, and the Servicer must upon such direction reset or cause to reset, as soon as possible (having regard to the National Consumer Credit Protection Laws), the interest rates on any one or more Series Receivables so that the weighted average interest rate on the Series Receivables is not less than the Threshold Rate.

However the Manager need not give such a direction to the Servicer if an aggregate amount equal to the Threshold Rate Subsidy has been:

- (a) deposited by the Manager into the Collection Account in Cleared Funds by 2.00pm on that Payment Date; and/or
- (b) allocated from Total Available Income on that Payment Date in accordance with Section 11.12(u) ("Application of Total Available Income (prior to an Event of Default)").

The Servicer is required to comply with any directions from the Manager in relation to the Threshold Rate as described above in this Section 5.6 ("Setting the Threshold Rate").

5.7 Fixed Rate Housing Loans

The Servicer must not fix the interest rate payable on a Series Receivable unless the Servicer has notified the Manager prior to fixing the interest rate payable on that Series Receivable and:

- (a) at that time the aggregate Outstanding Balance of all Series Receivables which are subject to a fixed rate of interest (including the relevant Series Receivable on which the interest rate is to be fixed) is equal to or less than 2% of the aggregate Outstanding Balance of all Series Receivables at that time; and
- (b) either:
 - (i) the Manager procures that the Issuer and a counterparty enter into an appropriate and corresponding Derivative Contract in respect of that Series Receivable (in respect of which a Rating Notification has been provided prior to the entry into that Derivative Contract) prior to the date on which the fixed interest rate is to take effect and:
 - (A) the swap margin in respect of that Derivative Contract for that Series Receivable; and
 - (B) the Fixed WAM,in each case is not less than 2.40% (or such higher percentage as may be required to ensure no Adverse Rating Effect will result from the fixing of the interest rate on that Series Receivable); or
 - (ii) the Manager gives a direction to the Issuer to sell that Series Receivable prior to the date on which the fixed interest rate is to takes effect.

For these purposes, the "**Fixed WAM**" means, at any time, the percentage equal to:

- the weighted average of the fixed rate of interest payable under the Series Receivables at that time; minus
- the weighted average of the fixed swap rate set under each Derivative Contract entered into by the Issuer in accordance with this Section 5.7.

5.8 Redraws and Further Advances

Redraws

The Servicer must not consent to a request by a Debtor for a Redraw in respect of a Series Receivable unless the Manager has given its prior written consent and has directed the Issuer to fund the Redraw. The Manager may only direct the Issuer to fund a Redraw if:

- (a) a Redraw Trigger is not then subsisting; and
- (b) the Manager has determined that the aggregate of:

- (i) any funds standing to the credit of the Redraw Reserve Account which are available to be applied to fund that Redraw; and
- (ii) any funds which the Manager is entitled to direct the Issuer to apply to fund that Redraw in accordance with Section 11.2 (“Distributions during a Collection Period”) or Section 11.5 (“Application of Total Available Principal (prior to an Event of Default and enforcement of the General Security Deed”) as applicable,

is sufficient to fund that Redraw.

Redraw Notes

If the Manager wishes to consent to a Redraw but cannot do so on the basis that it reasonably forms the view that the Available Principal available to applied to fund Redraws in accordance with Section 11.2 (“Distributions during a Collection Period”) will be less than the Manager’s estimate of the amounts required to fund such Redraws (a “**Redraw Shortfall**”), the Manager may (in its discretion) direct the Issuer to issue Redraw Notes with such aggregate Invested Amount as may be determined by the Manager having regard to the Redraw Shortfall.

However, the Manager may only direct the Issuer to issue Redraw Notes if:

- (a) the Manager reasonably forms the view that the aggregate Invested Amount of all Redraw Notes immediately after the issue of such Redraw Notes will not exceed the Redraw Note Limit;
- (b) a Rating Notification has been provided in respect of the issuance of Redraw Notes; and
- (c) a Redraw Trigger is not then subsisting.

The Issuer must, if directed by the Manager, deposit the issue proceeds of Redraw Notes into the Redraw Reserve Account.

Redraw Reserve Account

The Manager must establish the Redraw Reserve Account on or before the first day on which Redraw Notes are issued. The balance of the Redraw Reserve Account will be applied by the Issuer, at the direction of the Manager, from time to time as follows:

- (a) if there is insufficient Available Principal to fund Redraws that the Manager would otherwise consent to in accordance with Section 11.2 (“Distributions during a Collection Period”), to fund such Redraws; and
- (b) if a Redraw Trigger occurs, by allocating on the next Determination Date the balance of the Redraw Reserve Account to Total Available Principal.

Further Advances

The Servicer must not consent to a request by a Debtor for a Further Advance in respect of a Series Receivable. However, if a Debtor requests a Further Advance and the Servicer wishes to agree to that request, the Manager may direct the Issuer to sell the Series Receivable as described in Section 5.5 (“Sale of Series Receivables by the Issuer”).

6 CONDITIONS OF THE NOTES

The following is a summary of the terms and conditions of the Notes. The complete terms and conditions of the Notes are set out in the Note Deed Poll and in the event of a conflict the terms and conditions set out in the Note Deed Poll will prevail.

1 INTERPRETATION

1.1 Definitions

In these conditions these meanings apply unless the contrary intention appears. Terms used in these conditions which are defined in Section 15 (“Glossary”) but which are not otherwise defined below have the meaning given to them in Section 15 (“Glossary”).

Austraclear means Austraclear Limited (ABN 94 002 060 773).

Austraclear System means the clearing and settlement system operated by Austraclear in Australia for holding securities and electronic recording and settling of transactions in those securities between participants of that system.

Business Day means a day on which banks are open for general banking business in Sydney, Melbourne and Perth (excluding Saturday, Sunday and any public holiday in Sydney, Melbourne or Perth).

Clearing System means:

- (a) the Austraclear System; or
- (b) any other clearing system specified in the Issue Supplement.

Day Count Fraction means, for the purposes of the calculation of interest for any period, the actual number of days in the period divided by 365.

Interest Rate means, for a Note, the interest rate (expressed as a percentage rate per annum) for that Note determined in accordance with condition 6.3 (“Interest Rate Determination”).

Margin means:

- (a) for a Class A1 Note, 0.70% per annum;
- (b) for a Class A2 Note, 1.20% per annum;
- (c) for a Class A3 Note, 1.55% per annum;
- (d) for a Class AB Note, 1.75% per annum;
- (e) for a Class B Note, 1.95% per annum;
- (f) for a Class C Note, 2.90% per annum;
- (g) for a Class D Note, 3.90% per annum;
- (h) for a Class E Note, 6.20% per annum;
- (i) for a Class F Note, such percentage rate per annum as is notified by the Manager to the Issuer on or prior to the Closing Date; and
- (j) for a Redraw Note, such percentage rate per annum as is notified by the Manager to the Issuer prior to the issue of that Redraw Note.

Maturity Date means the Payment Date occurring in January 2050.

Record Date means, for a payment due in respect of a Note of the Series, the Business Day immediately preceding the relevant Payment Date.

Specified Office means the address of the Issuer specified in the Note Deed Poll or any other address notified to Noteholders from time to time.

1.2 General

Clauses 1.2 (“References to certain general terms”) to 1.5 (“Capacity”) of the Master Definitions Schedule apply to these conditions.

1.3 References to time

Unless the contrary intention appears, in these conditions a reference to a time of day is a reference to Sydney time.

1.4 Business Day Convention

Unless the contrary intention appears, in these conditions a reference to a particular date is a reference to that date adjusted in accordance with the Business Day Convention.

2 GENERAL

2.1 Issue Supplement

Notes are issued on the terms set out in these conditions and the Issue Supplement. If there is any inconsistency between these conditions and Issue Supplement, the Issue Supplement prevails.

Notes are issued in 10 classes:

- (a) Class A1 Notes;
- (b) Class A2 Notes;
- (c) Class A3 Notes;
- (d) Class AB Notes;
- (e) Class B Notes;
- (f) Class C Notes;
- (g) Class D Notes;
- (h) Class E Notes;
- (i) Class F Notes; and
- (j) Redraw Notes.

2.2 Currency

Notes are denominated in Australian dollars.

2.3 Clearing Systems

Notes may be held in a Clearing System. If Notes are held in a Clearing System, the rights of each Noteholder and any other person holding an interest in those Notes are subject to the rules and regulations of the Clearing System. The Issuer is not responsible for anything the Clearing System does or omits to do.

3 FORM

3.1 Constitution

Notes are debt obligations of the Issuer constituted by, and owing under, the Note Deed Poll and the Issue Supplement.

3.2 Registered form

Notes are issued in registered form by entry in the Register.

No certificates will be issued in respect of any Notes unless the Manager determines that certificates should be issued or they are required by law.

3.3 Effect of entries in Register

Each entry in the Register in respect of a Note constitutes:

- (a) an irrevocable undertaking by the Issuer to the Noteholder to:
 - (i) pay principal, any interest and any other amounts payable in respect of the Note in accordance with these conditions; and*
 - (ii) comply with the other conditions of the Note; and**
- (b) an entitlement to the other benefits given to the Noteholder in respect of the Note under these conditions.*

3.4 Register conclusive as to ownership

Entries in the Register in relation to a Note are conclusive evidence of the things to which they relate (including that the person entered as the Noteholder is the owner of the Note or, if two or more persons are entered as joint Noteholders, they are the joint owners of the Note) subject to correction for fraud, error or omission.

3.5 Non-recognition of interests

Except as ordered by a court of competent jurisdiction or required by law, the Issuer must treat the person whose name is entered as the Noteholder of a Note in the Register as the owner of that Note.

No notice of any trust or other interest in, or claim to, any Note will be entered in the Register. The Issuer need not take notice of any trust or other interest in, or claim to, any Note, except as ordered by a court of competent jurisdiction or required by law.

This condition applies whether or not a Note is overdue.

3.6 Joint Noteholders

If two or more persons are entered in the Register as joint Noteholders of a Note, they are taken to hold the Note as joint tenants with rights of survivorship. However, the Issuer is not bound to register more than four persons as joint Noteholders of a Note.

3.7 Register conclusive as to ownership

On providing reasonable notice to the Registrar, a Noteholder will be permitted, during business hours, to inspect the Register. A Noteholder is entitled to inspect the Register only in respect of information relating to that Noteholder.

The Registrar must make a certified copy of the Register available to a Noteholder upon request by that Noteholder within one Business Day of receipt of the request.

3.8 Notes not invalid if improperly issued

No Note is invalid or unenforceable on the ground that it was issued in breach of the Note Deed Poll or any other Transaction Document.

3.9 Location of the Notes

The property in the Notes for all purposes is situated where the Register is located.

4 STATUS

4.1 Status

Notes are direct, secured, limited recourse obligations of the Issuer.

4.2 Security

The Issuer's obligations in respect of the Notes are secured under the General Security Deed.

4.3 Ranking

The Notes of each class rank equally amongst themselves.

The classes of Notes rank against each other in the order set out in the Issue Supplement.

5 TRANSFER OF NOTES

5.1 Transfer

Noteholders may only transfer Notes in accordance with the Master Trust Deed, the Issue Supplement and these conditions.

5.2 Title

Title to Notes passes when details of the transfer are entered in the Register.

5.3 Transfers in whole

Notes may only be transferred in whole.

5.4 Compliance with laws

Notes may only be transferred if:

- (a) the offer or invitation giving rise to the transfer is not:
 - (i) an offer or invitation which requires disclosure to investors under Part 6D.2 of the Corporations Act; or*
 - (ii) an offer to a retail client for the purposes of Chapter 7 of the Corporations Act; and**

- (b) *the transfer complies with any applicable law or directive of the jurisdiction where the transfer takes place.*

5.5 Transfer procedures

Interests in Notes held in a Clearing System may only be transferred in accordance with the rules and regulations of the Clearing System. Notes which are not held in a Clearing System may be transferred by sending a transfer form to the Specified Office of the Registrar.

To be valid, a transfer form must be:

- (a) *in the form set out in Schedule 2 of the Note Deed Poll;*
- (b) *duly completed and signed by, or on behalf of, the transferor and the transferee; and*
- (c) *accompanied by any evidence the Issuer may require to establish that the transfer form has been duly signed.*

No fee is payable to register a transfer.

5.6 No transfers to unincorporated associations

Noteholders may not transfer Notes to an unincorporated association.

5.7 Transfers of unidentified Notes

If a Noteholder transfers some but not all of the Notes it holds and the transfer form does not identify the specific Notes transferred, the Registrar may choose which Notes registered in the name of Noteholder have been transferred. However, the aggregate Invested Amount of the Notes registered as transferred must equal the aggregate Invested Amount of the Notes expressed to be transferred in the transfer form.

6 INTEREST

6.1 Interest on Notes

Each Note bears interest:

- (a) *(subject to paragraph (b)) on its Invested Amount at its Interest Rate, as provided in condition 6.4 (“Calculation of interest payable on the Notes”) from (and including) its Issue Date to (but excluding) its Maturity Date, or, if earlier, the date on which the Note is redeemed in accordance with condition 8.6 (“Final Redemption”); or*
- (b) *on its Stated Amount if the Stated Amount of that Note is zero.*

6.2 Interest Rate determination

The Calculation Agent must determine the Interest Rate for the Notes for an Interest Period in accordance with these conditions and the Issue Supplement.

The Interest Rate must be expressed as a percentage rate per annum.

6.3 Interest Rate

- (a) *The Interest Rate for a Class A1 Note, a Class A2 Note, a Class A3 Note and a Class AB Note:*
 - (i) *for each Interest Period ending on or prior to the first Call Option Date is the sum of:*
 - (A) *the relevant Margin; and*

- (B) the Bank Bill Rate,
for that Note and that Interest Period;
- (ii) for each Interest Period ending after the first Call Option Date is the sum of:
 - (A) the relevant Margin;
 - (B) the relevant Step-Up Margin; and
 - (C) the Bank Bill Rate,
for that Note and that Interest Period.
- (b) The Interest Rate for a Class B Note, a Class C Note, a Class D Note, a Class E Note, a Class F Note and a Redraw Note for each Interest Period is the sum of:
 - (i) the relevant Margin; and
 - (ii) the Bank Bill Rate,
for that Note and that Interest Period.

6.4 Calculation of interest payable on Notes

As soon as practicable after determining the Interest Rate for any Note for an Interest Period, the Calculation Agent must calculate the amount of interest payable on that Note for the Interest Period in accordance with condition 6.1 ("Interest on Notes").

The amount of interest payable on a Note is calculated by multiplying the Interest Rate for the Interest Period, the Invested Amount of the Note (as at the first day of that Interest Period) and the Day Count Fraction.

6.5 Notification of Interest Rate and other things

If any Interest Period or calculation period changes, the Calculation Agent may amend its determination or calculation of any rate, amount, date or other thing. If the Calculation Agent amends any determination or calculation, it must notify the Issuer and the Manager. The Calculation Agent must give notice as soon as practicable after amending its determination or calculation.

6.6 Determination and calculation final

Except where there is an obvious or manifest error, any determination or calculation the Calculation Agent makes in accordance with these conditions is final and binds the Issuer and each Noteholder.

6.7 Rounding

For any determination or calculation required under these conditions:

- (a) all percentages resulting from the determination or calculation must be rounded to the nearest one hundred thousandth of a percentage point (with 0.000005 per cent. being rounded up to 0.00001 per cent.); and
- (b) all amounts that are due and payable resulting from the determination or calculation must be rounded (with halves being rounded up) to:
 - (i) in the case of Australian dollars, one cent; and

- (ii) *in the case of any other currency, the lowest amount of that currency available as legal tender in the country of that currency; and*
- (c) *all other figures resulting from the determination or calculation must be rounded to five decimal places (with halves being rounded up).*

6.8 Default interest

If the Issuer does not pay an amount under this condition 6 (“Interest”) on the due date, then the Issuer agrees to pay interest on the unpaid amount at the last applicable Interest Rate.

Interest payable under this condition accrues daily from (and including) the due date to (but excluding) the date the Issuer actually pays and is calculated using the Day Count Fraction.

6.9 Interpolation

In respect of the first Interest Period for a Note, the Calculation Agent must determine the Interest Rate for that Interest Period using straight line interpolation by reference to two Bank Bill Rates.

The first rate must be determined on the first day of that Interest Period in accordance with the definition of Bank Bill Rate in condition 1.2 (“Definitions”).

The second rate must be determined on the first day of that Interest Period as if the reference to “one month” in the definition of Bank Bill Rate in condition 1.2 (“Definitions”) were a reference to “two months”.

7 ALLOCATION OF CHARGE-OFFS

The Issue Supplement contains provisions for:

- (a) *allocating Charge-Offs to the Notes and reducing the Stated Amount of the Notes; and*
- (b) *reinstating reductions in the Stated Amount of the Notes.*

8 REDEMPTION

8.1 Redemption of Notes on Maturity Date

The Issuer agrees to redeem each Note on the Maturity Date by paying to the Noteholder the Invested Amount for the Note plus all accrued and unpaid interest on the Note up to the Maturity Date and any other amount payable but unpaid with respect to the Note. However, the Issuer is not required to redeem a Note on the Maturity Date if the Issuer redeems the Note before the Maturity Date.

8.2 Redemption of Notes – Call Option

- (a) *The Manager may (at its option) direct the Issuer to redeem all (but not some only) of the Notes before the Maturity Date and upon receipt of such direction the Issuer must redeem the Notes by paying to the Noteholders the Redemption Amount for the Notes.*
- (b) *The Manager may only direct the Issuer to redeem the Notes under this condition 8.2 if the proposed redemption date is a Call Option Date. The Manager agrees to direct the Issuer to give notice of the proposed redemption under this condition 8.2, at least 10 days before the proposed redemption date, to the Registrar and the Noteholders and any stock exchange on which the Notes are listed.*

8.3 Redemption for taxation reasons

- (a) *If the Issuer is required under condition 10.2 ("Withholding tax") (in respect of the Notes) to deduct or withhold an amount in respect of Taxes (excluding any FATCA Withholding Tax) from a payment in respect of a Note the Manager may (at its option) direct the Issuer to redeem all (but not some only) of the Notes and upon receipt of such direction the Issuer must redeem the Notes by paying to the Noteholders the Redemption Amount for the Notes.*
- (b) *The Manager agrees to direct the Issuer to give notice of the proposed redemption under this condition 8.3, at least 10 days before the proposed redemption date (which must be a Payment Date), to the Registrar and the Noteholders and any stock exchange on which the Notes are listed.*

8.4 Payment of principal in accordance with Issue Supplement

Payments of principal on each Note will be made in accordance with the Issue Supplement.

8.5 Late payments

If the Issuer does not pay an amount under this condition 8 ("Redemption") on the due date, then the Issuer agrees to pay interest on the unpaid amount at the last applicable Interest Rate.

Interest payable under this condition accrues daily from (and including) the due date to (but excluding) the date the Issuer actually pays and is calculated using the Day Count Fraction.

8.6 Final Redemption

A Note will be finally redeemed, and the obligations of the Issuer with respect to the payment of the Invested Amount of that Note will be finally discharged, on the date upon which the Invested Amount of that Note is reduced to zero.

9 PAYMENTS

9.1 Payments to Noteholders

The Issuer agrees to pay:

- (a) *interest and amounts of principal (other than a payment due on the Maturity Date), to the person who is the Noteholder at the close of business in the place where the Register is maintained on the Record Date; and*
- (b) *amounts due on the Maturity Date to the person who is the Noteholder at 4.00pm in the place where the Register is maintained on the due date.*

9.2 Payments to accounts

The Issuer agrees to make payments in respect of a Note:

- (a) *if the Note is held in a Clearing System, by crediting on the Payment Date, the amount due to the account previously notified by the Clearing System to the Issuer and the Registrar in accordance with the Clearing System's rules and regulations in the country of the currency in which the Note is denominated; and*
- (b) *if the Note is not held in a Clearing System, subject to condition 9.3 ("Payments by cheque"), by crediting on the Payment Date the amount due to an account previously notified by the Noteholder to the Issuer and the Registrar in the country of the currency in which the Note is denominated.*

9.3 Payments by cheque

If a Noteholder has not notified the Issuer of an account to which payments to it must be made by close of business in the place where the Register is maintained on the Record Date, the Issuer may make payments in respect of the Notes held by that Noteholder by cheque.

If the Issuer makes a payment in respect of a Note by cheque, the Issuer agrees to send the cheque by prepaid ordinary post on the Business Day immediately before the due date to the Noteholder (or, if two or more persons are entered in the Register as joint Noteholders of the Note, to the first named joint Noteholder) at its address appearing in the Register at close of business in the place where the Register is maintained on the Record Date.

Cheques sent to a Noteholder are sent at the Noteholder's risk and are taken to be received by the Noteholder on the due date for payment. If the Issuer makes a payment in respect of a Note by cheque, the Issuer is not required to pay any additional amount (including under condition 8.5 ("Late payments")) as a result of the Noteholder not receiving payment on the due date.

9.4 Payments subject to law

All payments are subject to applicable law. However, this does not limit condition 10 ("Taxation").

10 TAXATION

10.1 No set-off, counterclaim or deductions

The Issuer agrees to make all payments in respect of a Note in full without set-off or counterclaim, and without any withholding or deduction in respect of Taxes, unless required by law.

10.2 Withholding tax

If a law (including FATCA) requires the Issuer to withhold or deduct an amount in respect of Taxes (including, without limitation, any FATCA Withholding Tax) from a payment in respect of a Note, then (at the direction of the Manager):

- (a) the Issuer agrees to withhold or deduct the amount; and*
- (b) the Issuer agrees to pay an amount equal to the amount withheld or deducted to the relevant authority in accordance with applicable law.*

The Issuer is not liable to pay any additional amount to the Noteholder in respect of any such withholding or deduction (including, without limitation, any FATCA Withholding Tax).

11 TIME LIMIT FOR CLAIMS

A claim against the Issuer for a payment under a Note is void unless made within 10 years (in the case of principal) or 5 years (in the case of interest and other amounts) from the date on which payment first became due.

12 GENERAL

12.1 Role of Calculation Agent

In performing calculations under these conditions, the Calculation Agent is not an agent or trustee for the benefit of, and has no fiduciary duty to or other fiduciary relationship with, any Noteholder. Whenever the Calculation Agent is required to act, make a determination or exercise judgement in any way, it will do so in good faith and in a commercially reasonable manner.

12.2 Meetings of Secured Creditors

The Master Trust Deed contains provisions for convening meetings of the Secured Creditors to consider any matter affecting their interests, including any variation of these conditions.

13 NOTICES

13.1 Notices to Noteholders

All notices and other communications to Noteholders must be in writing and must be:

- (a) sent by prepaid post (airmail, if appropriate) to the address of the Noteholder (as shown in the Register at close of business in the place where the Register is maintained on the day which is 3 Business Days before the date of the notice or communication);*
- (b) given by an advertisement published in:*
 - (i) the Australian Financial Review or The Australian; or*
 - (ii) if the Issue Supplement specifies an additional or alternate newspaper, that additional or alternate newspaper;*
- (c) posted on an electronic source approved by the Manager and generally accepted for notices of that type (such as Bloomberg or Reuters);*
- (d) distributed through the Clearing System in which the Notes are held' or*
- (e) if the relevant Notes are listed, announced on the stock exchange on which those Notes are listed.*

13.2 When effective

Communications take effect from the time they are received or taken to be received (whichever happens first) unless a later time is specified in them.

13.3 When taken to be received

Communications are taken to be received:

- (a) if published in a newspaper, on the first date published in all the required newspapers;*
- (b) if sent by post, seven Business Days after posting (or eleven Business Days after posting if sent from one country to another); or*
- (c) if posted on an electronic source, distributed through a Clearing System or announced on a stock exchange, on the date of such posting, distribution or announcement (as applicable).*

14 GOVERNING LAW

14.1 Governing law and jurisdiction

These conditions are governed by the law in force in New South Wales. The Issuer and each Noteholder submit to the non-exclusive jurisdiction of the courts of that place.

14.2 Serving documents

Without preventing any other method of service, any document in any court action in connection with any Notes may be served on the Issuer by being delivered to or left at the

Issuer's address for service of notices in accordance with clause 42 ("Notices") of the Master Trust Deed.

15 *LIMITATION OF LIABILITY*

The Issuer's liability to the Noteholders of the Series (and any person claiming through or under a Noteholder of the Series) in connection with the Note Deed Poll and the other Transaction Documents of the Series is limited in accordance with clause 21.3 ("Limited liability of the Issuer") of the Master Trust Deed.

7 GENERAL INFORMATION

Use of Proceeds

The proceeds from the issue and sale of the Notes on the Closing Date will be A\$350,000,000.

On the Closing Date the Issuer will apply the proceeds of the Notes issued on the Closing Date (other than any Redraw Notes) towards payment of the purchase price for the Series Receivables and Related Securities. If the aggregate proceeds from the issue of those Notes on the Closing Date exceed the purchase price for the Series Receivables and Related Securities, the amount of such excess will form part of Total Available Principal in respect of the first Determination Date.

The Issuer may apply the proceeds of the issue of any Redraw Notes after the Closing Date towards funding Redraws as described in Section 5.8 (“Redraws and Further Advances”).

Clearing Systems

The Issuer will apply to Austraclear for approval for the Offered Notes to be traded on Austraclear. Such approval by Austraclear is not a recommendation or endorsement by Austraclear of the Offered Notes.

Approvals

Regulations in Australia restrict or prohibit payments, transactions and dealings with assets having a prescribed connection with certain countries or named individuals or entities subject to international sanctions or associated with terrorism.

8 THE AFG GROUP

AFGS is a wholly owned subsidiary of Australian Finance Group Limited (**AFGL**). AFGL is an Australian incorporated public company listed on the Australian Securities Exchange with its head office located in Perth, and 'sales offices' located in Sydney, Melbourne, Brisbane and Adelaide. Its Perth Sales office is included as part of the head office.

AFGL commenced business in 1994 and its traditional core business has been that of mortgage broking aggregator. AFGL now operates through a network of over 2,900 contracted brokers (**Member Brokers**). AFGL's residential loan book, or residential loans under management, totals in excess of \$133 billion, with a further \$7.2 billion loan book relating to commercial mortgages, again originated through contracted brokers.

This combined \$140 billion loan book linked with major banks and leading lending institutions has provided strong and reliable cash flow which in turn has underwritten the expansion of the AFG Group from being simply a Mortgage Broking Aggregator. In 2001, the AFG Group made the strategic decision to move further up the value chain and also leverage some of the distribution capability it had developed in the years since commencing business. A mortgage management business, AFG Home Loans Pty Ltd (**AFGHL**) principally funded by Puma and Bendigo Adelaide Bank Limited and ultimately ING was commenced. This has now developed into a white label origination program with AFGS, Advantedge Financial Services Pty Ltd, Macquarie Bank Ltd, Bendigo and Adelaide Bank Ltd and Pepper Group Ltd and grown to a loan book of approximately \$6.5 billion. This business has enabled the AFG Group to gain experience in credit, post settlement care and arrears management.

In 2007, with the capability within the AFGHL business proven, AFGS commenced operations to facilitate the further evolution of this arm of the wider AFG business. Whilst the onset of the Global Financial Crisis curtailed new originations, a new warehouse facility was negotiated with NAB in 2010 and since this time AFGS has grown originations whilst ensuring that the residential mortgage assets being accumulated were capable of being accepted in the wider investor market. In March 2013, AFGS completed its inaugural term securitisation transaction (AFG 2013-1 Trust), successfully raising \$275 million. Subsequent to this March transaction a further term securitisation transaction (AFG 2013-2 Trust) totalling \$300 million was undertaken in October 2013. Recognising the importance of warehouse providers to its overall business strategy, in December 2013 AFGS added ANZ as a warehouse provider. In recent years AFG has completed a further three term transactions (AFG 2014-1, AFG 2016-1 and AFG 2017-1). AFG's most recent transaction, AFG 2017-1, was for \$350 million and settled in September 2017. Over the last 6 months the AFG 2013-1 and AFG 2014-1 transactions were successfully redeemed on the respective call option dates and AFG has also managed to restructure its warehouse facilities. The warehouse restructures were carried out to ensure efficient warehouse pricing post the commencement of the revised APRA Prudential Standard APS 120 on 1 January 2018. As part of this restructure, AFG secured Deutsche Bank, AG, Sydney Branch as a mezzanine investor for part of its warehouse funding. The AFGS loan portfolio currently stands at approximately \$1.2 billion.

AFGS originates residential home loans through the tied distribution of its parent - which manages the 2,900 Australia wide, brokers directly contracted to AFGL. It does not accept home loan applications from sources outside of the AFG network. All loans are initially funded through warehouse facilities arranged by NAB and ANZ. For more information, see Section 9 ("Origination and Servicing of the Series Receivables").

AFGS holds an Australian Financial Services Licence (No. 418017) issued by ASIC. As a licensee, AFGS is required to have satisfied ASIC that it meets acceptable standards with respect to financial resources, risk management, compliance and corporate governance.

In 2016 Mr McKeon was appointed to the newly reconstituted Financial Sector Advisory Council, a non-statutory body that provides advice to the federal government on policies that will maintain an efficient, competitive and dynamic financial sector. Mr McKeon drives the AFG Group's advocacy activity through the company's guiding principles of fairness, shared prosperity and the provision of choice for Australian consumers.

During the past three years Mr McKeon has also served as a director of the following listed Companies:

- Caravel Minerals Limited – appointed in 2012, resigned in 2015.

(c) Mr Malcolm Watkins – Executive Director

Mr Watkins is a founding director of AFGL and has played a central role in the strategic direction of the company. Originally responsible for the company's IT and Marketing divisions, Mr Watkins focused on extracting real and tangible returns on the significant investments the AFG Group has made in information technology. These divisions have set an industry benchmark for the delivery of a successful, fully integrated business and CRM platform for AFG brokers. More recently Mr Watkins has taken a lead role in preparing for the expansion of AFG Business, a key area of future focus for the AFG Group.

Mr Watkins also sits on the board of Thinktank Property Finance after AFG acquired a strategic stake in the commercial lending company and is a former member of the board of the Mortgage and Finance Association of Australia (MFAA).

(d) Mr Kevin Matthews - Non-Executive Director

Mr Matthews is a founding director of AFGL. He previously held a role as an Executive Director and was responsible for negotiating and managing key relationships with banks and lending institutions, including product development and the Commercial line of business. Mr Matthews ceased to be an Executive Director and became a non-executive director on 1 May 2015. Mr Matthews has worked in the finance industry for more than 40 years and has been a licensed finance broker for more than 30 years. He is a former director of the Mortgage and Finance Association of Australia (MFAA) and served on the MFAA's National Brokers Committee for 12 years. Mr Matthews is also a Senior Fellow of the Financial Services Institute of Australasia (FINSIA) and a Life Member of the MFAA.

(e) Mr Craig Carter - Non-Executive Director

Mr Carter joined the AFGL board in early 2015, and is the Chair of the Audit and Finance Committee, a member of the Risk and Compliance Committee and a member of the Remuneration and Nominations Committee. Following a prestigious career spanning 35 years in stockbroking and investment banking specialising in Equity Capital Markets and Corporate Advice Mr Carter now manages his own diverse business interests across a portfolio of equities, early stage investment, agriculture and real estate. He is also a Director of the Fremantle Football Club.

Mr Carter was a Natural Person Member of the Australian Stock Exchange, has been a member of the ASX's National Listing Committee, and is a Fellow of the Financial Services Institute.

Mr Carter is a well-known professional with unique experience in equities, capital markets and corporate transactions. This experience provides a platform for robust perspectives and a long reputation of integrity and good governance across financial service businesses.

(f) Ms Melanie Kiely - Non-Executive Director

Ms Kiely is an experienced executive and company director with over 25 years of experience internationally in health care, financial services and consulting in Australia, Europe and South Africa. She is currently a Director of the Black Dog Institute and Chair of the Nominations Committee. Ms Kiely has held senior executive positions with the Silver Chain Group, HBF health Fund, NIB health funds MBF and was an Associate Partner at Accenture. She has also held a number of Board positions in the financial services and health sectors over the last ten years.

Ms Kiely has an Honours Degree in Business Science from the University of Cape Town and is a Graduate of the Australian Institute of Company Directors. Ms Kiely joined the AFG Board as a Non-Executive Director in March 2016.

(g) Ms Jane Muirsmith - Non-Executive Director

Ms Muirsmith is an accomplished digital, channel and marketing strategist with a proven track record of helping companies leverage digital technologies to drive innovation and business outcomes. She has broad experience spanning 25 years across many industries including financial services, insurance, utilities, Government, professional services, retail, manufacturing and technology. Ms Muirsmith is Managing Director of Lenox Hill, a digital strategy and consulting company and is a Non-Executive Director of Cedar Woods Properties Limited, Healthdirect Australia and the Telethon Kids Institute. 9 ORIGINATION AND SERVICING OF THE SERIES RECEIVABLES

9.1 Roles and Responsibilities of companies within the AFG Group

The Australian Finance Group Limited group of companies is comprised of a small number of operating wholly owned subsidiaries. These companies each perform distinct roles within the AFG Securities business model. These roles are briefly described below:

- Australian Finance Group Limited (**AFGL**) is the holding company and is responsible for the management of the AFG Group as a whole, and also responsible for the recruitment and management of the 2,900 mortgage brokers directly contracted with AFGL. It also provides the executive management support, overriding compliance and risk management structures as well as marketing and information technology direction for the AFG Group. Importantly, it also provides the financial support for the balance of the operating companies within the consolidated group of companies;
- AFG Home Loans Pty Ltd (**AFGHL**) is the company that has historically managed the distribution of the AFGHL branded product. AFGHL commenced business as a mortgage manager and currently manages a combined loan book of approximately \$6.5 billion. As a mortgage manager, AFGHL's responsibilities covered the credit review of all applications, the ultimate settlement of the mortgage transaction, the ongoing customer management, collections and arrears management and ultimate discharge of that customer. In late financial year 2015 AFGHL entered into a white label arrangement with a funder which simplified the AFGHL business such that credit and client services were handled by the funder, and AFGHL become a distributor of the white label product. Gradually since then, the AFGHL business has evolved to be solely a white label distributor of home loan product; and
- AFG Securities Pty Ltd (**AFGS**) provides funding for the AFGHL branded mortgage products. AFGS is the Servicer and Manager for the Trust. The success of the white label model mentioned above has grown strongly within AFGHL such that today, whilst AFGHL will distribute the AFGS product under its name, all customers within AFGS are handled directly by AFGS. This leaves a smaller credit and client services team that is now focussed solely on delivering quality service to the AFGS customers and brokers. Included in the \$6.5 billion AFGHL book is a book approximating \$1.2 billion relating to loans funded by AFGS

AFGL and AFGHL are not parties to any of the Transaction Documents and are not responsible for the management of the Trust or the servicing of the Series Receivables. None of the obligations of the Manager, the Servicer or the Issuer in connection with the Series are guaranteed in any way by AFGL or AFGHL.

For further information about AFGS and the other AFG Group companies, see Section 8 ("The AFG Group").

9.2 Origination of Housing Loans

The Series Receivables will consist of Housing Loans and Related Securities originated by AFGS. These housing loans are sourced from brokers directly contracted with AFGL. In other words, AFGL does not accept home loan applications unless that loan application has been completed by one of their 2,900 (approximately) Australia-wide contracted brokers.

To become an AFGL contracted mortgage broker requires a number of checks to be performed by the AFGL compliance department before the broker is offered a contract with AFGL. Such checks include a police clearance and a credit check.

An AFGL Mortgage Broker will use FLEX as a means of assisting them service the customer, and to select an appropriate home loan for the customer. FLEX is an AFGL developed technology solution which utilises an enterprise technology as its framework. FLEX is supported by a team of AFGL employees whose role is to develop FLEX in accordance with broker, business and legislative needs.

Once a broker has met with a potential home loan customer and the customer agrees on applying for an AFGHL branded home loan, the application form is usually submitted electronically to AFGS and the credit process commences.

9.3 Credit Assessment

Credit assessment is performed by AFGS. The standard credit assessment procedures conducted by AFGS include both the verification of the data within the loan application to source documentation, together with performance of a credit check. Some relevant aspects of these procedures are as follows;

Valuation – AFGS obtains either a full valuation or a desktop valuation on all securities. Since 2011 all valuations are ordered through Valex via a predetermined valuer panel. Valex provides a total valuer panel management solution for the residential mortgage lending industry.

Employment Check - AFGS independently verifies the applicant(s) employer's details and requires payslip confirmation of the remuneration details included in the application form

Lenders Mortgage Insurance (LMI) – Historically, 100% of all Housing Loans (irrespective of LVR) are covered by an individual LMI policy. The respective LMI provider approves each loan prior to AFGHL issuing a formal approval to the customer. Effective July 2014 LMI cover was only taken out for loans (underwritten on a deal by deal basis where the LVR was greater than 70%. In May 2016, this benchmark was increased to loans where the LVR was greater than 80%. For more information about the relevant LMI Providers, see Section 10.5 (“Mortgage Insurers”).

Welcome Call - Recognising that the customer has come to AFGS via the AFGL Broker network, just prior to settlement, a welcome call is made by AFGS directly to the customer. This call, apart from facilitating the 'hand over' from the broker to AFGS, also provides AFGS with the opportunity to confirm that the customer has in fact applied for the loan, the security being used, and that the broker has met the relevant statutory checks relating to customer identification.

9.4 Housing Loan Characteristics

All of the Housing Loans which will form part of the Series Receivables are loans secured by first registered mortgages over residential real estate. Scheduled payments are made predominantly by direct debit or other electronic payment methods to the customer's loan account.

All fees generated from the Series Housing Loans will be Series Assets. Such fees may include (depending on the loan selected by the customer) a fee charged as at settlement of the loan, an annual fee and default interest/fees. All of the Housing Loans are prepayable in full or in part at any time.

Loan Types

Whilst the Housing Loans may be categorised according to different promotional terminology, in summary they can be classified as being either:

- a principal and interest loan;
- an interest only loan which converts to that of a principal and interest loan within a prescribed time period (which the maximum is five years, with the potential for a further five years); or
- a line of credit loan (which amortises at the expiry of 120 months).

All Housing Loans are currently subject to a variable rate of interest. On each Payment Date, the Manager is required to calculate the Threshold Rate for the Housing Loans. Except in the

circumstances described in Section 5.6 (“Setting the Threshold Rate”), the Manager must direct the Servicer to reset or cause to be reset as soon as possible (having regard to the National Consumer Credit Protection Laws), the interest rates on any one or more Series Receivables so that the weighted average interest rate on the Series Receivables is not less than the Threshold Rate.

However, AFGS also offers its customers the ability to fix the interest rate on all or a proportion of their Housing Loan. If such a customer wishes to fix some or all of the interest on their existing Housing Loan, the Servicer must not agree to this request unless it has complied with the requirements set out in Section 5.7 (“Fixed Rate Housing Loans”).

9.5 Servicing of Housing Loans

AFGS administers all Loans from its Head Office in Perth. The loans are managed on the Data Action Core Banking System, which in turn is hosted on a 24/7 bureau service by Data Action Pty Ltd (ACN 008 102 690) (“**Data Action**”) out of South Australia. The bureau service provided by Data Action is subject to annual disaster recovery testing, utilising its two live sites in South Australia.

The Core Banking System is licensed directly from Data Action, which is currently also utilised by over 25 financial institutions operating in Australia.

Electronic transaction access into the Australian payments system for customer transactions is provided under a contract with Cuscal Limited (ACN 087 822 455) (“**Cuscal**”). Cuscal is a leading independent provider of payment solutions to financial institutions in Australia and it is an unlisted Australian public company. Cuscal is an Authorised Deposit-taking Institution (ADI) regulated by the Australian Prudential Regulation Authority.

AFGS engages a reputable Australian legal firm to advise on compliance with all legislative requirements of the program which includes impending amendments to existing legislation or new legislation (such as the Consumer Credit Code, the National Consumer Credit Protection Laws and the Privacy Act 1988 (Cth)).

AFGS also maintains an authorised solicitors panel to prepare the loan documentation and facilitate all loan settlements. As part of the AFG Group’s risk management framework, the Group maintains a number of key insurance policies which are independent of the Lenders Mortgage Insurance Contracts referred to elsewhere in this Information Memorandum:

- AFGS has a Mortgage Impairment Insurance policy in place for protection in the event that a loss is sustained when a mortgaged property is sold, following default on payments after such property was damaged or destroyed and the Debtor has insufficient or no insurance cover.
- AFGS has a comprehensive Crime Insurance Policy in place to cover the general risk of fraud or loss incurred by any of the companies within the AFG Group from criminal actions. The cover is in place for the exposure of the AFG Group, either to internal and, in some cases, external fraud and general crime. The cover provides protection for such risks as fraud whether electronic, identity, documentary or general illegal activity which causes loss of security rights.
- AFGS currently has Professional Indemnity Insurance cover in place for, at minimum, an amount of A\$2 million any one claim and in the aggregate during the policy period.

9.6 Standby Servicer

Perpetual Corporate Trust Limited ABN 99 000 341 533 has been appointed as Standby Servicer in respect of the Series under the Standby Servicing Deed. The Standby Servicer and AFGS have implemented a ‘warm’ standby servicing arrangement to better facilitate the transfer of servicing responsibilities in respect of the Series from the Servicer to the Standby Servicer. The Standby Servicer, in consultation with AFGS, has prepared a Standby Servicing

Plan which includes information and guidelines for the Standby Servicer to continue to service the Series Receivables in the event that AFGS is unable to service the Series Receivables.

The Standby Servicing Plan covers full servicer responsibilities including collection and reconciliation of transactions in the banking system, arrears management, recovery actions and LMI reporting.

For information regarding the circumstances in which the Standby Servicer may be required to act as Servicer in respect of the Series, see Section 12.6 (“The Servicing Deed”) and Section 12.7 (“The Standby Servicing Deed”).

11 CASHFLOW ALLOCATION METHODOLOGY

All amounts received by the Issuer will be allocated by the Manager and paid in accordance with the cashflow allocation methodology described in Sections 11.1 to 11.17 below (“**Cashflow Allocation Methodology**”). The Cashflow Allocation Methodology applies only in respect of payments to be made before the occurrence of an Event of Default and enforcement of the General Security Deed in accordance with its terms. Section 11.18 applies in respect of payments made following the occurrence of an Event of Default and enforcement of the General Security Deed.

11.1 Collections

The Servicer is required to collect all Collections received by it in respect of the Series Receivables and remit them to the Collection Account within 2 Business Days of receipt by the Servicer.

The “**Collections**”, in respect of a Collection Period, are all amounts received by, or on behalf of, the Issuer in respect of the Series Receivables during that Collection Period including, without limitation:

- (a) all principal, interest and fees;
- (b) the proceeds of sale or Reallocation of any Series Receivables;
- (c) any proceeds recovered from any enforcement action;
- (d) any amount received as damages in respect of a breach of any representation or warranty;
and
- (e) any fixed rate break costs paid by the Debtors,

after deduction of all Taxes and bank and government charges in respect of such amounts.

11.2 Distributions during a Collection Period

Prior to the occurrence of an Event of Default and enforcement of the General Security Deed, the Manager may, on any day during a Collection Period, direct the Issuer to apply all Available Principal received up to that point in time (calculated as if that day was a Determination Date) during that Collection Period (to the extent not previously applied as described in this Section 11.2) towards funding Redraws (a “**Collection Period Distribution**”).

However, the Manager must not, at any time during a Collection Period, direct the Issuer to make a Collection Period Distribution unless the Manager is satisfied that there will be sufficient Total Available Principal to fund any required Principal Draw on the next Payment Date in accordance with the Cashflow Allocation Methodology.

11.3 Determination of Available Principal

On each Determination Date, the Manager will determine the Available Principal for the immediately preceding Collection Period. The “**Available Principal**” for a Collection Period will be equal to the aggregate of the following:

- (a) the aggregate Collections in respect of the immediately preceding Collection Period; minus
- (b) the aggregate of all Collection Period Distributions made under Section 11.2 (“Distributions during a Collection Period”) during the immediately preceding Collection Period; minus
- (c) the aggregate amount of Income Collections for the immediately preceding Collection Period.

11.4 Determination of Total Available Principal

On each Determination Date, the Manager will determine the Total Available Principal to be distributed on the immediately following Payment Date (as described in Section 11.5 (“Application of Total Available Principal (prior to an Event of Default and enforcement of the General Security Deed)”) below).

The “**Total Available Principal**” will be equal to the aggregate of the following:

- (a) the Available Principal on that Determination Date in respect of the immediately preceding Collection Period; plus
- (b) the amount (if any) to be applied from Total Available Income on the immediately following Payment Date in accordance with Section 11.12(o) (“Application of Total Available Income (prior to an Event of Default and enforcement of the General Security Deed)”) towards repayment of any Principal Draw outstanding from any previous Payment Date; plus
- (c) the amount (if any) to be applied from Total Available Income on the immediately following Payment Date in accordance with Section 11.12(p) (“Application of Total Available Income (prior to an Event of Default and enforcement of the General Security Deed)”) in respect of any Losses for the immediately preceding Collection Period; plus
- (d) the amount (if any) to be applied from Total Available Income on the immediately following Payment Date in accordance with Section 11.12(q) (“Application of Total Available Income (prior to an Event of Default and enforcement of the General Security Deed)”) in respect of any Carryover Charge-Off; plus
- (e) the amount (if any) to be applied from Total Available Income on the immediately following Payment Date in accordance with Section 11.12(x) (“Application of Total Available Income (prior to an Event of Default and enforcement of the General Security Deed)”) in respect of any Amortisation Amount; plus
- (f) the balance of the Redraw Reserve Account, if a Redraw Trigger is subsisting on that Determination Date; plus
- (g) (in respect of the first Determination Date only) the amount (if any) of the Note issue proceeds received by the Issuer on the Closing Date remaining after payment by the Issuer of the Purchase Price for the Series Receivables.

11.5 Application of Total Available Principal (prior to an Event of Default and enforcement of the General Security Deed)

On each Determination Date prior to the occurrence of an Event of Default and enforcement of the General Security Deed, the Manager must direct the Issuer to pay (and the Issuer must pay) on the following Payment Date the following items out of the Total Available Principal (in respect of the relevant Determination Date) in the following order of priority:

- (a) first, to fund any Principal Draw required in accordance with Section 11.8 (“Principal Draw”);
- (b) next, if permitted under Section 5.8 (“Redraws”), to fund any Redraw which has not otherwise been funded by the Issuer;
- (c) next, *pari passu* and rateably towards repayment of the Redraw Notes, until the Invested Amount of the Redraw Notes has been reduced to zero;
- (d) next, if the Step-Down Conditions are not satisfied on that Payment Date, to be applied amongst the Notes in the following order of priority:
 - (i) first, *pari passu* and rateably towards repayment of the Class A1 Notes until the Invested Amount of the Class A1 Notes has been reduced to zero;

- (ii) next, pari passu and rateably towards repayment of the Class A2 Notes until the Invested Amount of the Class A2 Notes has been reduced to zero;
 - (iii) next, pari passu and rateably towards repayment of the Class A3 Notes until the Invested Amount of the Class A3 Notes has been reduced to zero;
 - (iv) next, pari passu and rateably towards repayment of the Class AB Notes until the Invested Amount of the Class AB Notes has been reduced to zero;
 - (v) next, pari passu and rateably towards repayment of the Class B Notes until the Invested Amount of the Class B Notes has been reduced to zero;
 - (vi) next, pari passu and rateably towards repayment of the Class C Notes until the Invested Amount of the Class C Notes has been reduced to zero;
 - (vii) next, pari passu and rateably towards repayment of the Class D Notes until the Invested Amount of the Class D Notes has been reduced to zero; and
 - (viii) next, pari passu and rateably towards repayment of the Class E Notes until the Invested Amount of the Class E Notes has been reduced to zero;
- (e) next, if the Step-Down Conditions are satisfied on that Payment Date, to be applied pari passu and rateably:
- (i) towards repayment of the Class A2 Notes until the Invested Amount of the Class A2 Notes has been reduced to zero;
 - (ii) towards repayment of the Class A3 Notes until the Invested Amount of the Class A3 Notes has been reduced to zero;
 - (iii) towards repayment of the Class AB Notes until the Invested Amount of the Class AB Notes has been reduced to zero;
 - (iv) towards repayment of the Class B Notes until the Invested Amount of the Class B Notes has been reduced to zero;
 - (v) towards repayment of the Class C Notes until the Invested Amount of the Class C Notes has been reduced to zero;
 - (vi) towards repayment of the Class D Notes until the Invested Amount of the Class D Notes has been reduced to zero; and
 - (vii) towards repayment of the Class E Notes until the Invested Amount of the Class E Notes has been reduced to zero;
- (f) next, pari passu and rateably towards repayment of the Class F Notes until the Invested Amount of the Class F Notes has been reduced to zero; and
- (g) next, to be applied to the Residual Income Unitholder.

11.6 Step-Down Conditions

The **Step-Down Conditions** will be satisfied on any Payment Date if each of the following conditions are satisfied on that Payment Date:

- (a) the Payment Date is before the first Call Option Date;
- (b) the Payment Date occurs on or after the day which is 2 years after the Closing Date;
- (c) the Class A1 Notes have been redeemed in full;

- (d) the Subordinated Note Percentage as at the Determination Date immediately preceding that Payment Date is equal to or greater than 20.0%;
- (e) the Average Arrears Ratio on the Determination Date immediately preceding that Payment Date is less or equal to than 2.0%; and
- (f) there are no unreimbursed Carryover Charge-Offs in respect of any Class of Notes as at the Determination Date immediately preceding that Payment Date.

11.7 Determination of Available Income

On each Determination Date, the Manager will determine the Available Income for the immediately preceding Collection Period. The Available Income for a Collection Period will be the amount equal to the aggregate of the following (without double counting):

- (a) the aggregate amount of Income Collections for the immediately preceding Collection Period; plus
- (b) the Threshold Rate Subsidy (if any) received from the Manager as described in Section 5.6 ("Setting the Threshold Rate") or retained from Total Available Income in accordance with Section 11.12(u) ("Application of Total Available Income (prior to an Event of Default and enforcement of the General Security Deed)") as the case may be) on the immediately preceding Payment Date; plus
- (c) any interest earned on Authorised Investments for the immediately preceding Collection Period (other than any interest earned in relation to any Collateral Support); plus
- (d) the Other Income for the immediately preceding Collection Period; plus
- (e) the net amount due to the Issuer by a Counterparty on the next Payment Date (if any) (excluding any Break Payments).

11.8 Principal Draw

If, on any Determination Date, there is a Liquidity Shortfall, the Manager must direct the Issuer to apply an amount of Available Principal (the "**Principal Draw**") (in accordance with the application of Total Available Principal under Section 11.5 ("Application of Total Available Principal (prior to an Event of Default and enforcement of the General Security Deed)")) on the immediately following Payment Date equal to the lesser of:

- (i) the Liquidity Shortfall; and
- (ii) the amount of Available Principal available for that purpose in accordance with Section 11.5 ("Application of Total Available Principal (prior to an Event of Default and enforcement of the General Security Deed)").

11.9 Liquidity Draw

If, on any Determination Date, the Liquidity Shortfall exceeds the amount of the Principal Draw (a "**Further Liquidity Shortfall**"), then the Manager on behalf of the Issuer must request a drawing under the Liquidity Facility (a "**Liquidity Draw**"), to the extent possible, in an amount equal to the lesser of:

- (a) that Further Liquidity Shortfall; and
- (b) the Available Liquidity Amount at that time.

11.10 Extraordinary Expense Reserve Draw

The Manager will establish and maintain a ledger of the Collection Account known as the “**Extraordinary Expense Reserve**”. AFGS will on the Closing Date, deposit into the Extraordinary Expense Reserve an amount equal to the Extraordinary Expense Reserve Required Amount on that day. Such a deposit shall constitute an interest bearing loan from AFGS to the Issuer (“**Extraordinary Expense Loan**”).

The interest on the Extraordinary Expense Loan will equal the interest credited to the Extraordinary Expense Reserve from time to time and the Issuer will (at the direction of the Manager) withdraw and pay such interest from the Extraordinary Expense Reserve to AFGS on each Payment Date (but only to the extent that the Extraordinary Expense Reserve Balance, after such payment and any other payments to be made from the Extraordinary Expense Reserve in accordance with this section 11.10 on that Payment Date, would be at least equal to the Extraordinary Expense Reserve Required Amount).

The Extraordinary Expense Loan is only repayable by the Issuer to AFGS after all Notes have been redeemed in full and, following the occurrence of an Event of Default and enforcement of the General Security Deed and application of the Extraordinary Expense Reserve as described below, in accordance with Section 11.18 (“Application of proceeds following an Event of Default and enforcement of the General Security Deed”).

The Manager will maintain a record of the Extraordinary Expense Reserve which will record on the Closing Date and each Payment Date:

- (i) as credits to the balance of the Extraordinary Expense Reserve, all amounts paid by AFGS on the Closing Date (as described above) and all amounts allocated to the Extraordinary Expense Reserve by the Issuer on a Payment Date under Section 11.12(r) (“Application of Total Available Income (prior to an Event of Default)”) and all interest credited to the Extraordinary Expense Reserve; and
- (ii) as debits to the balance of the Extraordinary Expense Reserve, any amount applied from the Extraordinary Expense Reserve on a Payment Date as described in the following paragraphs.

If, on any Determination Date, the Manager determines that there is a Series Expense which has been incurred during the relevant Collection Period other than in the ordinary course of business of the Series, then the Manager must direct the Issuer to (and on such direction the Issuer must) withdraw an amount from the Extraordinary Expense Reserve equal to the lesser of:

- (a) the aggregate amount of those Series Expenses during the Collection Period; and
- (b) the Extraordinary Expense Reserve Balance on that day,

and apply that amount towards Total Available Income for that Collection Period (“**Extraordinary Expense Reserve Draw**”).

Amounts standing to the credit of the Extraordinary Expense Reserve Balance will only be applied by the Issuer at the direction of the Manager as follows:

- (a) on a Payment Date for the purpose of making an Extraordinary Expense Reserve Draw;
- (b) on a Payment Date to pay interest to the Extraordinary Expense Lender; and
- (c) at any time after all Notes have been redeemed in full, to the Extraordinary Expense Lender in repayment to AFGS of the Extraordinary Expense Loan and any unpaid interest on the Extraordinary Expense Loan.

Following an Event of Default and enforcement of the General Security Deed, the Extraordinary Expense Reserve Balance will first be applied in repayment to AFGS of the Extraordinary Expense Loan and any unpaid interest on the Extraordinary Expense Loan, with any excess available to be

applied in accordance with Section 11.18 (“Application of proceeds following an Event of Default and enforcement of the General Security Deed”).

11.11 Determination of Total Available Income

On each Determination Date, the Manager will determine the Total Available Income to be distributed on the immediately following Payment Date (as described in Section 11.12 (“Application of Total Available Income (prior to an Event of Default and enforcement of the General Security Deed)”) below).

The “**Total Available Income**”, in respect of a Determination Date, will be equal to the aggregate of the following:

- (a) the Available Income for that Determination Date; plus
- (b) any Principal Draw for that Determination Date; plus
- (c) any Liquidity Draw for that Determination Date; plus
- (d) any Extraordinary Expense Reserve Draw for that Determination Date.

11.12 Application of Total Available Income (prior to an Event of Default and enforcement of the General Security Deed)

On each Determination Date prior to the occurrence of an Event of Default and enforcement of the General Security Deed, the Manager must direct the Issuer to pay (and the Issuer must pay) on the following Payment Date the following items out of the Total Available Income (in respect of the relevant Determination Date) in the following order of priority:

- (a) first, A\$1.00 to the Residual Income Unitholder;
- (b) next, in payment of any Accrual Adjustment;
- (c) next, any Taxes payable in relation to the Trust for the Collection Period immediately preceding that Payment Date (after the application of the balance of the Tax Account towards payment of such Taxes);
- (d) next, pari passu and rateably:
 - (i) the Issuer’s fee payable on that Payment Date;
 - (ii) the Security Trustee’s fee payable on that Payment Date; and
 - (iii) the Standby Servicer’s fee payable on that Payment Date (to the extent it does not form part of the Issuer’s fee);
- (e) next, pari passu and rateably:
 - (i) the Series Expenses incurred during the immediately preceding Collection Period and which remain unreimbursed at that Payment Date;
 - (ii) the Servicer’s fee payable on that Payment Date; and
 - (iii) the Manager’s fee payable on that Payment Date;
- (f) next, pari passu and rateably:
 - (i) towards payment of amounts due to a Counterparty under any Derivative Contract, excluding:

- (A) any break costs in respect of the termination of a Derivative Contract to the extent that the Counterparty is the Defaulting Party or sole Affected Party (other than in relation to a Termination Event due to section 5(b)(i) (“Illegality”), section 5(b)(ii) (“Force Majeure Event”) or section 5(b)(iii) (“Tax Event”) of the Derivative Contract); and
 - (B) any break costs in respect of the termination of a Derivative Contract, except to the extent the Issuer has received the applicable Prepayment Costs from the relevant Debtors during the Collection Period; and
- (ii) towards payment of any interest and fees payable on or prior to that Payment Date to the Liquidity Facility Provider under the Liquidity Facility Agreement;
- (g) next, to the Liquidity Facility Provider, towards payment of all outstanding Liquidity Draws made before that Payment Date;
 - (h) next, pari passu and rateably;
 - (i) towards payment of the Interest on the Class A1 Notes for the Interest Period ending on (but excluding) that Payment Date and any unpaid Interest on the Class A1 Notes in respect of previous Interest Periods;
 - (ii) towards payment of the Interest on the Class A2 Notes for the Interest Period ending on (but excluding) that Payment Date and any unpaid Interest on the Class A2 Notes in respect of previous Interest Periods; and
 - (iii) towards payment of the Interest on the Redraw Notes for the Interest Period ending on (but excluding) that Payment Date and any unpaid Interest on the Redraw Notes in respect of previous Interest Periods;
 - (i) next, pari passu and rateably, towards payment of the Interest on the Class A3 Notes for the Interest Period ending on (but excluding) that Payment Date and any unpaid Interest on the Class A3 Notes in respect of previous Interest Periods;
 - (j) next, pari passu and rateably, towards payment of the Interest on the Class AB Notes for the Interest Period ending on (but excluding) that Payment Date and any unpaid Interest on the Class AB Notes in respect of previous Interest Periods;
 - (k) next, pari passu and rateably, towards payment of the Interest on the Class B Notes for the Interest Period ending on (but excluding) that Payment Date and any unpaid Interest on the Class B Notes in respect of previous Interest Periods;
 - (l) next pari passu and rateably, towards payment of the Interest on the Class C Notes for the Interest Period ending on (but excluding) that Payment Date and any unpaid Interest on the Class C Notes in respect of previous Interest Periods;
 - (m) next, pari passu and rateably, towards payment of the Interest on the Class D Notes for the Interest Period ending on (but excluding) that Payment Date and any unpaid Interest on the Class D Notes in respect of previous Interest Periods;
 - (n) next, pari passu and rateably, towards payment of the Interest on the Class E Notes for the Interest Period ending on (but excluding) that Payment Date and any unpaid Interest on the Class E Notes in respect of previous Interest Periods;
 - (o) next, towards Total Available Principal in payment of any Principal Draw outstanding from any previous Payment Date;
 - (p) next, to be applied towards Total Available Principal, up to an amount equal to any Losses in respect of the immediately preceding Collection Period;

- (q) next, to be applied towards Total Available Principal, up to an amount equal to any Carryover Charge-Off (as calculated on the previous Determination Date);
- (r) next, as an allocation to the Extraordinary Expense Reserve until the Extraordinary Expense Reserve Balance is equal to the Extraordinary Expense Reserve Required Amount;
- (s) next, pari passu and rateably:
 - (i) towards payment of any break costs due to a Counterparty under a Derivative Contract in respect of the termination of a Derivative Contract to the extent not paid under Section 11.12(f)(i); and
 - (ii) towards payment to the Liquidity Facility Provider of any other amounts payable on or prior to that Payment Date under the Liquidity Facility Agreement to the extent not paid under Section 11.12(f)(ii) and Section 11.12(g); and
 - (iii) towards payment to each Dealer of certain indemnity amounts payable by the Issuer under the Dealer Agreement;
- (t) next, pari passu and rateably towards payment of the Interest on the Class F Notes for the Interest Period ending on (but excluding) that Payment Date and any unpaid Interest on the Class F Notes in respect of any previous Interest Periods;
- (u) next, if a Threshold Rate Subsidy is determined for that Payment Date, then towards the amount of that Threshold Rate Subsidy which has not been paid by the Manager in accordance with Section 5.6 ("Setting the Threshold Rate") with such amount to be retained in the Collection Account;
- (v) next, to retain in the Tax Account an amount equal to the Tax Shortfall (if any) in respect of that Payment Date;
- (w) next, to retain in the Tax Account an amount equal to the Tax Amount (if any) in respect of that Payment Date;
- (x) next, to apply the Amortisation Amount (if any) in respect of that Payment Date towards Total Available Principal; and
- (y) next, to the Residual Income Unitholder by way of distribution of the remaining income of the Trust.

11.13 Calculation of Amortisation Amount

On each Determination Date, the Manager will determine the Amortisation Amount in respect of the immediately following Payment Date. The "**Amortisation Amount**" in respect of a Payment Date will be:

- (a) for each Payment Date on or prior to the first Call Option Date, zero;
- (b) for each Payment Date after the first Call Option Date, the greater of:
 - (i) zero; and
 - (ii) an amount equal to:
 - (A) the Total Available Income remaining on that Payment Date after allocation in accordance with Sections 11.12(a) to 11.12(w) inclusive ("Application of Total Available Income (prior to an Event of Default and enforcement of the General Security Deed)") ("**Remaining Total Available Income**"); less
 - (B) an amount determined by the Manager (by applying the corporate tax rate applicable to the Residual Income Unitholder to the relevant amount)

necessary for the Residual Income Unitholder to meet the income tax liability that it is likely to incur in connection with the amount it would have received on that Payment Date under Section 11.12(y) ("Application of Total Available Income (prior to an Event of Default and enforcement of the General Security Deed)") had all of the Remaining Total Available Income been distributed to the Residual Income Unitholder under that Section on that Payment Date.

11.14 Calculation of Losses and Charge-Offs

On each Determination Date, the Manager must:

- (a) determine if any Loss has been incurred in respect of any Series Receivable during the preceding Collection Period and if so, the aggregate amount of any such Losses; and
- (b) determine if there will be insufficient Total Available Income available to be applied under Section 11.12(p) ("Application of Total Available Income (prior to an Event of Default and enforcement of the General Security Deed)") to meet in full the aggregate of Losses in respect of the preceding Collection Period calculated under paragraph (a) (any such shortfall being the "Charge-Off").

11.15 Allocation of Charge-Offs

If, on any Determination Date, the Manager determines that there is a Charge-Off, the Manager must, on and with effect from the following Payment Date, allocate the Charge-Off in the following order of priority:

- (a) first, to reduce the balance standing to the credit of the Amortisation Ledger until the balance reaches zero;
- (b) next, pari passu and rateably, to reduce the Stated Amount of the Class F Notes until the Stated Amount of the Class F Notes reaches zero;
- (c) next, pari passu and rateably, to reduce the Stated Amount of the Class E Notes until the Stated Amount of the Class E Notes reaches zero;
- (d) next, pari passu and rateably, to reduce the Stated Amount of the Class D Notes until the Stated Amount of the Class D Notes reaches zero;
- (e) next, pari passu and rateably, to reduce the Stated Amount of the Class C Notes until the Stated Amount of the Class C Notes reaches zero;
- (f) next, pari passu and rateably, to reduce the Stated Amount of the Class B Notes until the Stated Amount of the Class B Notes reaches zero;
- (g) next, pari passu and rateably, to reduce the Stated Amount of the Class AB Notes until the Stated Amount of the Class AB Notes reaches zero;
- (h) next, pari passu and rateably, to reduce the Stated Amount of the Class A3 Notes until the Stated Amount of the Class A3 Notes reaches zero; and
- (i) next, pari passu and rateably:
 - (i) to reduce the Stated Amount of the Class A1 Notes until the Stated Amount of the Class A1 Notes reaches zero;
 - (ii) to reduce the Stated Amount of the Class A2 Notes until the Stated Amount of the Class A2 Notes reaches zero; and
 - (iii) to reduce the Stated Amount of the Redraw Notes until the Stated Amount of the Redraw Notes reaches zero.

11.16 Re-instatement of Carryover Charge-Offs

To the extent that on any Payment Date amounts are available for allocation under Section 11.12(q) (“Application of Total Available Income (prior to an Event of Default and enforcement of the General Security Deed)”), then an amount equal to these amounts shall be applied on the next Payment Date to reinstate respectively:

- (a) first, pari passu and rateably:
 - (i) the Stated Amount of the Class A1 Notes until it reaches the Invested Amount of the Class A1 Notes;
 - (ii) the Stated Amount of the Class A2 Notes until it reaches the Invested Amount of the Class A2 Notes; and
 - (iii) the Stated Amount of the Redraw Notes until it reaches the Invested Amount of the Redraw Notes;
- (b) next, pari passu and rateably, the Stated amount of the Class A3 Notes until it reaches the Invested Amount of the Class A3 Notes;
- (c) next, pari passu and rateably, the Stated Amount of the Class AB Notes until it reaches the Invested Amount of the Class AB Notes;
- (d) next, pari passu and rateably, the Stated Amount of the Class B Notes until it reaches the Invested Amount of the Class B Notes;
- (e) next, pari passu and rateably, the Stated Amount of the Class C Notes until it reaches the Invested Amount of the Class C Notes;
- (f) next, pari passu and rateably, the Stated Amount of the Class D Notes until it reaches the Invested Amount of the Class D Notes;
- (g) next, pari passu and rateably, the Stated Amount of the Class E Notes until it reaches the Invested Amount of the Class E Notes; and
- (h) next, pari passu and rateably, to reduce the Stated Amount of the Class F Notes until the Stated Amount of the Class F Notes reaches zero.

11.17 Amortisation Ledger

The Manager must maintain a financial record (the “**Amortisation Ledger**”) which will record on each Payment Date:

- (a) as credits to the Amortisation Ledger, the amounts applied in accordance with Section 11.12(x) (“Application of Total Available Income (prior to an Event of Default and enforcement of the General Security Deed)”) on that Payment Date;
- (b) as debits to the Amortisation Ledger, the amount allocated in accordance with Section 11.15(a) (“Allocation of Charge-Offs”) on that Payment Date.

11.18 Application of proceeds following an Event of Default and enforcement of the General Security Deed

Following the occurrence of an Event of Default and enforcement of the General Security Deed, the Security Trustee must apply all moneys received by it in respect of the Collateral in the following order of priority:

- (a) first, to any person with a prior ranking claim (of which the Security Trustee has knowledge) over the Collateral to the extent of that claim;

- (b) next, to any Receiver appointed to the Collateral for its Costs and remuneration in connection with exercising, enforcing or preserving rights (or considering doing so) in connection with the Transaction Documents;
- (c) next, to the Security Trustee for its Costs and other amounts (including all Secured Moneys) due to it for its own account in connection with its role as security trustee in relation to the Series;
- (d) next, to pay pari passu and rateably:
 - (i) the Issuer for its Costs and other amounts (including all Secured Moneys) due to it for its own account in connection with its role as trustee of the Trust which are referable to the Series and in respect of which it is indemnified out of the Series Assets of the Series (other than those set out in paragraphs (e) to (p) below); and
 - (ii) all Secured Moneys owing to the Standby Servicer;
- (e) next, to pay pari passu and rateably:
 - (i) all Secured Moneys owing to each Counterparty (excluding any break costs in respect of the termination of a Derivative Contract to the extent that the Counterparty is the Defaulting Party or sole Affected Party (other than in relation to a Termination Event due to section 5(b)(i) ("Illegality"), section 5(b)(ii) ("Force Majeure Event") or section 5(b)(iii) ("Tax Event") of the Derivative Contract)); and
 - (ii) all Secured Moneys owing to the Liquidity Facility Provider;
- (f) next, to pay pari passu and rateably:
 - (i) all Secured Moneys owing to the Manager; and
 - (ii) all Secured Moneys owing to the Servicer;
- (g) next, to pay pari passu and rateably all Secured Moneys owing to the Class A1 Noteholders, the Class A2 Noteholders and the Redraw Noteholders. This will be applied:
 - (i) first, pari passu and rateably:
 - (A) towards payment of all Interest on the Class A1 Notes;
 - (B) towards payment of all Interest on the Class A2 Notes; and
 - (C) towards payment of all Interest on the Redraw Notes; and
 - (ii) next, pari passu and rateably:
 - (A) towards repayment of the Class A1 Notes until the Invested Amount of the Class A1 Notes has been reduced to zero;
 - (B) towards repayment of the Class A2 Notes until the Invested Amount of the Class A2 Notes has been reduced to zero; and
 - (C) towards repayment of the Redraw Notes until the Invested Amount of the Redraw Notes has been reduced to zero;
- (h) next, to pay pari passu and rateably all Secured Moneys owing to the Class A3 Noteholders. This will be applied:
 - (i) first, pari passu and rateably towards payment of all Interest on the Class A3 Notes; and

- (ii) next, pari passu and rateably towards repayment of the Class A3 Notes until the Invested Amount of the Class A3 Notes has been reduced to zero;
- (i) next, to pay pari passu and rateably all Secured Moneys owing to the Class AB Noteholders. This will be applied:
 - (i) first, pari passu and rateably towards payment of all Interest on the Class AB Notes; and
 - (ii) next, pari passu and rateably towards repayment of the Class AB Notes until the Invested Amount of the Class AB Notes has been reduced to zero;
- (j) next, to pay pari passu and rateably all Secured Moneys owing to the Class B Noteholders. This will be applied:
 - (i) first, pari passu and rateably towards payment of all Interest on the Class B Notes; and
 - (ii) next, pari passu and rateably towards repayment of the Class B Notes until the Invested Amount of the Class B Notes has been reduced to zero;
- (k) next, to pay pari passu and rateably all Secured Moneys owing to the Class C Noteholders. This will be applied:
 - (i) first, pari passu and rateably towards payment of all Interest on the Class C Notes; and
 - (ii) next, pari passu and rateably towards repayment of the Class C Notes until the Invested Amount of the Class C Notes has been reduced to zero;
- (l) next, to pay pari passu and rateably all Secured Moneys owing to the Class D Noteholders. This will be applied:
 - (i) first, pari passu and rateably towards payment of all Interest on the Class D Notes; and
 - (ii) next, pari passu and rateably towards repayment of the Class D Notes until the Invested Amount of the Class D Notes has been reduced to zero;
- (m) next, to pay pari passu and rateably all Secured Moneys owing to the Class E Noteholders. This will be applied:
 - (i) first, pari passu and rateably towards payment of all Interest on the Class E Notes; and
 - (ii) next, pari passu and rateably towards repayment of the Class E Notes until the Invested Amount of the Class E Notes has been reduced to zero;
- (n) next, to pay pari passu and rateably all Secured Moneys owing to the Class F Noteholders. This will be applied:
 - (i) first, pari passu and rateably towards payment of all Interest on the Class F Notes; and
 - (ii) next, pari passu and rateably towards repayment of the Class F Notes until the Invested Amount of the Class F Notes has been reduced to zero;
- (o) next, towards payment of all other Secured Moneys owing to a Counterparty under a Derivative Contract (to the extent not paid under Section 11.18(e)(i));

- (p) next, to pay pari passu and rateably all Secured Money owing to the Secured Creditors to the extent not paid under the preceding paragraphs; and
- (q) next, to pay any surplus to the Issuer to be distributed in accordance with the terms of the Master Trust Deed.

11.19 Collateral Support

The proceeds of any Collateral Support will not be treated as Collateral available for distribution in accordance with 11.18 (“Application of proceeds following an Event of Default and enforcement of the General Security Deed”).

Following an Event of Default and enforcement of the General Security Deed, any such Collateral Support must:

- (a) in the case of Collateral Support under a Derivative Contract (subject to the operation of any netting provisions in the relevant Derivative Contract) be returned to the relevant Counterparty except to the extent that the relevant Derivative Contract requires it to be applied to satisfy any obligation owed to the Issuer in connection with such Derivative Contract; and
- (b) in the case of Collateral Support under the Liquidity Facility Agreement, be returned to the Liquidity Facility Provider.

11.20 Call Option

At least 10 days before any Call Option Date the Issuer may (at the direction of the Manager) notify the Registrar and the Noteholders that it proposes to redeem all (but not some only) of the Notes at their Redemption Amount (“**Call Option**”). In connection with the exercise of the Call Option, the Manager may direct the Issuer to sell its right, title and interest in Series Receivables for an amount sufficient (together with any Collections held by the Issuer on the proposed redemption date) to redeem all outstanding Notes in full and pay all other Secured Creditors in full.

If the Call Option is exercised and the Series Receivables are sold, the Issuer must apply the proceeds received by it in accordance with the Cashflow Allocation Methodology on the relevant Call Option Date on which the Notes are to be redeemed.

11.21 Tax Account

In respect of any period during which the Trust is a member of a Consolidated Group, the Manager must, if the Manager determines that there will be a Tax Amount payable in the future by the Issuer in respect of the Trust, direct the Issuer in writing to open the Tax Account.

If the Tax Account has been opened, on each Determination Date the Manager must direct the Issuer in writing to set aside into the Tax Account on the immediately following Payment Date the required Tax Amount and Tax Shortfall, as determined by the Manager, from Total Available Income in accordance with Section 11.12 (“Application of Total Available Income (prior to an Event of Default and enforcement of the General Security Deed)”). The Manager must direct the Issuer to apply the funds in the Tax Account in paying any Tax when due and payable by the Issuer in respect of the Trust.

The Issuer is entitled to be indemnified out of the Series Assets for any Tax liability it incurs that is not able to be satisfied from the Tax Account.

12 DESCRIPTION OF THE TRANSACTION DOCUMENTS

The following summary describes the material terms of the Transaction Documents. The summary does not purport to be complete and is subject to the provisions of the Transaction Documents. All of the Transaction Documents are governed by the laws of New South Wales, Australia.

12.1 Overview of the AFG Trusts programme

The AFG trusts securitisation programme was originally established in March 2007 and was then updated in October 2010 to include the current Master Trust Deed, Servicing Deed, Management Deed, Master Definitions Schedule and other related documents. The main purpose of the AFG trusts securitisation programme is to raise finance for the AFG mortgage lending business by issuing securitised debt instruments. Under the Master Trust Deed, an unlimited number of separate and distinct trusts, and separate and distinct series of assets and liabilities relating to those trusts, may be created.

The Master Trust Deed also provides for the creation of a 'security trust' in connection with the establishment of each note issuing trust and the appointment of the Security Trustee to hold on trust the benefit of the relevant security granted by the issuer trustee for the noteholders and other secured creditors in respect of the related note issuing trust.

The terms of each series created under the Master Trust Deed are primarily governed by the Master Trust Deed and by the issue supplement which relates to that particular series. Each series will also have the benefit of a separate security granted by the Issuer (as trustee of the relevant note issuing trust) in favour of the Security Trustee over the assets of that series.

Under the Issue Supplement for the Trust, no series may be created in relation to the Trust in addition to the Series. The following paragraphs of this Section 12 provide further detail about the structure of the AFG Trusts programme and the terms of the Transaction Documents as they relate to the Series.

12.2 General Features of the Trust

Constitution of the Trust

The Trust is a common law trust which, in accordance with the Master Trust Deed, was established under the laws of New South Wales on 24 May 2018, by the execution of the Notice of Creation of Trust.

The Issuer has been appointed as trustee of the Trust. The Issuer will issue Notes in its capacity as trustee of the Trust.

The Trust will terminate:

- (a) on the earlier of:
 - (i) the date which is 80 years after the date on which it was established; and
 - (ii) termination of the Trust under the terms of the Trust or the Issue Supplement, statute or general law; or
- (b) at any time after the Borrowings in respect of the Trust and any other creditors (including, without limitation, the Secured Creditors) of the Trust have been repaid in full and the Issuer has confirmed that it does not intend to incur any further Borrowings in respect of the Trust.

Capital

The beneficial interest in the Trust is represented by:

- (a) ten Residual Capital Units; and
- (b) one Residual Income Unit.

The initial holder of the Residual Capital Units is AFG Securities Pty Ltd

The initial holder of the Residual Income Unit is AFG Securities Pty Ltd.

Purpose of the Trust

The Trust has been established for the sole purpose of issuing the Notes, acquiring Receivables and Related Securities and entering into the transactions contemplated by the Transaction Documents

As at the Closing Date, and prior to the issue of the Notes, the Trust has not commenced operations and the Trust will, following the Issue Date, undertake no activity other than that contemplated by the Transaction Documents.

Entitlement of holders of the Residual Capital Units and holders of the Residual Income Units

The beneficial interest of the Trust is vested in the holders of the Residual Capital Units and the Residual Income Units in accordance with the Master Trust Deed and the Transaction Documents.

Entitlement of Unitholders to payments

Until termination of the Trust, the Residual Capital Unitholder and the Residual Income Unitholder have no right to receive distributions except to the extent that funds are available for distribution to them in accordance with the cashflow allocation methodology set out in Section 11 ("Cashflow Allocation Methodology") and the Master Trust Deed.

On termination of the Trust:

- (a) the Residual Income Unitholder has the right to receive repayment of any part of the issue price paid for each Residual Income Unit held by it (to the extent not previously repaid); and
- (b) the Residual Capital Unitholder has the right to receive the remaining surplus assets of the Trust (if any) after the distributions to the Residual Income Unitholder described above,

in accordance with the Transaction Documents.

Transfer of Units

Each Residual Capital Unit and Residual Income Unit may be transferred in accordance with the Master Trust Deed.

Ranking of Units

The rights of any Unitholder of the Trust at all times rank after, and are subject to, the interests of the Secured Creditors of the Series.

Restricted rights

The Residual Capital Unitholder and the Residual Income Unitholder are not entitled to:

- (a) interfere with the Series or any trust under the Transaction Documents or with any rights or powers of the Issuer, the Security Trustee or the Servicer or Manager under any Transaction Document;
- (b) exercise a right, lodge a caveat or other notice or otherwise claim any interest in a Series Asset or the asset of any trust established under the Transaction Documents;
- (c) require the transfer to it of any Series Asset or the asset of any trust established under the Transaction Documents;
- (d) seek to terminate or wind up the Series or any trust established under the Transaction Documents; or

- (e) seek to remove the Issuer, the Manager, the Servicer or the Security Trustee.

Creation of the Series

Under the Master Trust Deed, the assets of a trust can be allocated to separate “series”, each established by the execution of an “issue supplement”, a “notice of creation of security trust” and a “charge” for that series by the Issuer.

A series will comprise the assets allocated to it by the Issuer and liabilities incurred by the Issuer in respect of that series (including liabilities under the relevant notes) will be secured against those assets under the charge for the relevant series.

The Issuer must keep the assets of each trust and each series separate and must allocate to each trust and series those liabilities which, in the opinion of the Issuer, are properly referable to that trust or series.

The Series has been established under the Issue Supplement in accordance with this process.

The Issuer must:

- (a) account for the Series Assets of the Series separately from the assets of any Other Series or Other Trust;
- (b) account for the liabilities in respect of the Series separately from the other liabilities in respect of any Other Series or Other Trust; and
- (c) ensure that all of the Series Assets and liabilities in respect of the Series are allocated in its records separately from the assets and liabilities in respect of any Other Series or Other Trust.

The Series will be the only series established in relation to the Trust. The sole business of the Issuer in relation to the Series will be as follows:

- (a) acquiring the Series Assets;
- (b) administering, collecting and otherwise dealing with Series Assets;
- (c) issuing Notes of the Series;
- (d) entering into, and exercising rights or complying with obligations under, the Transaction Documents of the Series to which it is a party and the transactions in connection with them; and
- (e) any other activities in connection with the Series,

in accordance with the Transaction Documents (the “**Series Business**”).

12.3 The role of the Issuer under the Master Trust Deed

Issuer to act as trustee

Under the Master Trust Deed, the Issuer is appointed, and has agreed to act, as trustee of the Trust with (and subject to) the powers and conditions contained in the Master Trust Deed and the other relevant Transaction Documents.

Obligations of the Issuer

Pursuant to the Transaction Documents, the Issuer undertakes (among other things) to:

- (a) act as trustee of the Trust on the terms and conditions contained in the Master Trust Deed and the Transaction Documents for the Trust and the Series;

- (b) carry on the Series Business for the Series in accordance with the Manager's directions (in accordance with the Transaction Documents);
- (c) acquire or dispose of Assets at the direction of the Manager (in accordance with the Transaction Documents);
- (d) borrow at the direction of the Manager (in accordance with the Transaction Documents);
- (e) open, maintain and operate the Collection Account in accordance with the Transaction Documents;
- (f) pay all Taxes (other than Taxes disputed by the Issuer in good faith) when due;
- (g) not amend, vary or alter, or consent to any amendment, variation or alteration of the Master Trust Deed or any Transaction Document in respect of the Series other than in accordance with the provisions of the Master Trust Deed;
- (h) not create or consent to any Encumbrance over the Series Assets except for a Permitted Encumbrance;
- (i) not, except in the manner contemplated by the Transaction Documents, transfer or deal with the Series Assets or merge the Series Assets with any other assets of the Issuer;
- (j) act honestly and in good faith in the performance of its duties and in the exercise of its discretions under the Master Trust Deed and under the Transaction Documents;
- (k) exercise the degree of skill, care and diligence that the trustee of a securitisation trust would reasonably be expected to exercise;
- (l) exercise such prudence as a prudent person of business would exercise in performing its express functions and in exercising its discretions under the Master Trust Deed and the other Transaction Documents; and
- (m) pay the Secured Money (and each part of the Secured Money) in respect of the Series to the Secured Creditors entitled to receive it in accordance with the Transaction Documents.

Powers of the Issuer

The Issuer has all the powers of a natural person or corporation in connection with the exercise of its rights and compliance with its obligations in connection with the Trust and the Series.

Delegation by the Issuer

The Issuer may appoint a party as its delegate, attorney or agent to perform its functions under the Transaction Documents (including a power to sub-delegate), provided that the Issuer must not delegate to such third parties (other than a Related Entity of the Issuer) any material part of its powers, duties or obligations as Issuer.

Provided that:

- (a) the Issuer appoints the agent or delegate in good faith and using due care; and
- (b) the agent or delegate is not an officer, employee or Related Entity of the Issuer,

the Issuer will not be liable for the acts or omissions of any agent or delegate.

Issuer's voluntary retirement as trustee

The Issuer may retire as trustee of the Trust by giving 3 months written notice to the Manager. The retirement takes effect on the later to occur of:

- (a) the retirement date specified in the notice; and
- (b) the execution by a replacement trustee of a deed under which it agrees to be bound by the Transaction Documents in respect of the Trust as if it were originally a party to those Transaction Documents.

If the Issuer notifies the Manager of its retirement, the Manager may appoint another corporation as a replacement trustee. If the Manager fails to appoint another corporation within one month of the notice of retirement and the Security Trustee selects a corporation to be trustee of the Trust, the Issuer must appoint that corporation as trustee of the Issuer. The appointment of a corporation as replacement trustee is subject to Rating Notification being provided in respect of that appointment.

Issuer's mandatory retirement as trustee

The Issuer must immediately retire as trustee of the Trust if:

- (a) the Issuer becomes Insolvent in its personal capacity; or
- (b) the Issuer is in breach of a material obligation under the Transaction Documents for the Trust and, where such breach is remediable, the Issuer has not remedied such breach within 30 days of becoming aware of it; or
- (c) required by law.

If the Issuer is required to retire as trustee, the Manager may appoint another corporation as a replacement trustee. If the Manager fails to appoint another corporation immediately and the Security Trustee selects a corporation to be trustee of the Trust, the Issuer must appoint that corporation as trustee of the Issuer. The appointment of a corporation as replacement trustee is subject to Rating Notification being provided in respect of that appointment.

Issuer's fee

The Issuer is entitled to a fee for performing its functions and duties in respect of the Trust and the Series in an amount and calculated in such manner as may be agreed between the Issuer and the Manager from time to time. Any increase to that fee must not be agreed unless a Rating Notification has been provided in respect of the increase.

Indemnity

Without prejudice to the right of indemnity given by law to trustees generally, the Issuer will be indemnified out of the Series Assets against all costs, expenses, loss and liabilities properly incurred by the Issuer in performing any of its duties or exercising any of its powers under the Transaction Documents to the extent that the cost, expense, loss or liability has been incurred by the Issuer in connection with the performance of its duties or the exercise of its powers in respect of the Series. However, this indemnity does not extend to liabilities arising from the Issuer's fraud, negligence or wilful default.

The costs above include all legal costs and disbursements charged at the usual commercial rates of the relevant legal services provider incurred by the Issuer in connection with court proceedings brought against it alleging negligence, fraud or wilful default on its part in respect of the Series. However, if there is a determination by the relevant court of negligence, fraud or wilful default by the Issuer, the Issuer must repay any amount paid to it in respect of those legal costs.

The Issuer is not entitled to have recourse to the Assets of another trust or series to satisfy any cost, expense, loss or liability in respect of the Series.

Limitation of Issuer's liability

The Issuer enters into the Transaction Documents only in its capacity as trustee of the Trust and in no other capacity.

Except to the extent stated in the following paragraphs:

- (a) a liability or obligation arising under or in connection with any Transaction Document in respect of Series is limited to and can be enforced against the Issuer only to the extent to which it can be satisfied out of the Series Assets out of which the Issuer is actually indemnified for the liability; and
- (b) this limitation of the Issuer's liability applies despite any other provision of any Transaction Document and extends to all liabilities and obligations of, undertaken or incurred by, or devolving on, the Issuer arising from, or in any way connected with, any conduct, omission, representation, warranty, agreement, transaction or other matter or thing under or related to any Transaction Document.

The parties (other than the Issuer) may not sue the Issuer in any capacity other than as trustee of the Trust, including seeking the appointment of a receiver, a liquidator, an administrator or any similar person to the Issuer or prove in any liquidation, administration or arrangements of or affecting the Issuer.

The Issuer's limitation of liability set out above will not apply to any liability or obligation of the Issuer to the extent that it is not satisfied because under a Transaction Document or by operation of law there is a reduction in the extent of the Issuer's indemnification out of the Series Assets as a result of the Issuer's fraud, negligence or wilful default.

However:

- (a) in no circumstances will the Issuer be personally liable for any indirect, incidental, consequential or special damages (including, without limitation, lost profits) of any form incurred by any person or entity, whether or not foreseeable and regardless of the type of action in which such a claim may be brought (except to the extent that there is a determination by a relevant court of fraud by the Issuer); and
- (b) in no event will the Issuer be personally liable for any failure or delay in the performance of its obligations under any Transaction Document because of circumstances beyond its control including, but not limited to, acts of God, flood, war (whether declared or undeclared), terrorism, fire, riot, embargo, labour dispute, any statute, ordinance, code or other law which restricts or prohibits the Issuer from performing its obligations under any Transaction Document, the inability to obtain or the failure of equipment or the interruption of communications or computer facilities to the extent, in each case, that these occurrences are beyond the control of the Issuer and any other causes beyond the Issuer's control.

The Relevant Parties are responsible under the Master Trust Deed and the other Transaction Documents for performing a variety of obligations relating to the Trust and the Series. No act or omission of the Issuer (including any related failure to satisfy its obligations or breach of representation or warranty under the Master Trust Deed or any other Transaction Document) will be considered fraud, negligence or wilful default of the Issuer to the extent to which the act or omission was caused or contributed to by any failure by any Relevant Party or any other person to fulfil its obligations relating to the Trust or by any other act or omission of any Relevant Party or any other person (including, without limitation, any failure by the Manager to give a direction to the Issuer) or any of its agents or contractors regardless of whether or not the act or omission is purported to be done on behalf of the Issuer.

No attorney, agent, receiver or receiver and manager or other person appointed in accordance with Master Trust Deed or any other Transaction Document has authority to act on behalf of the Issuer in a way which exposes the Issuer to any personal liability and no act or omission of such a person will be considered fraud, negligence or wilful default of the Issuer.

The Issuer is not obliged to do or refrain from doing anything under the Master Trust Deed or any other Transaction Document (including incur any liability) unless the Issuer's liability is limited in the same manner as set out in this section.

A reference to the “**fraud, negligence or wilful default**” of the Issuer means the fraud, negligence or wilful default of the Issuer and of its officers, employees, agents and any other person where the Issuer is liable for the acts or omissions of such other person under the terms of any Transaction Document.

A reference to the “**wilful default**” of the Issuer means any intentional failure to comply with or intentional breach by the Issuer of any of its obligations under any Transaction Document, other than a failure or breach which:

- (a) arose as a result of a breach by a person other than the Issuer and the performance of the action (or the non-performance of which gave rise to such breach) is a precondition to the Issuer performing the relevant obligation;
- (b) is in accordance with a lawful court order or direction required by law; and
- (c) is in accordance with an instruction or directions given by the Manager or is in accordance with an instruction or direction given to it by any person in circumstances where that person is entitled to do so by any Transaction Document or at law.

Knowledge of the Issuer

The Issuer will not be taken to have notice or knowledge or to be aware of any fact or information unless:

- (a) it receives notice of that fact or information from the Manager; or
- (b) an officer of the Issuer having day to day responsibility for the administration or management of a Trust or the Issuer's obligations under the Transaction Documents, has actual notice or knowledge of or is aware of that fact or information.

No supervision

Except as expressly set out in the Transaction Documents of the Trust, the Issuer has no duty, either initially or on a continuing basis, to supervise or keep itself informed about the circumstances of the Servicer, the Manager or any other party to a Transaction Document or the performance of their respective obligations under any Transaction Document.

12.4 The role of the Security Trustee under the Master Trust Deed and the General Security Deed

The Security Trust was created pursuant to the Master Trust Deed on 24 May 2018 by the execution of the Notice of Creation of Security Trust.

P.T. Limited is appointed as Security Trustee on the terms set out in the Master Trust Deed. For more information regarding P.T. Limited see Section 10.2 (“Security Trustee”).

The Master Trust Deed, as it relates to the Security Trust and the appointment of the Security Trustee, contains customary provisions for a document of this type that regulate the performance by the Security Trustee of its duties and obligations and the protections afforded to the Security Trustee in doing so.

General Security Deed

The Noteholders in respect of the Trust have the benefit of a security interest over the all the Series Assets of the Series under the General Security Deed. The Security Trustee holds this security interest on behalf of the Secured Creditors (including the Noteholders) pursuant to the Master Trust Deed and may enforce the General Security Deed upon the occurrence of an Event of Default (as defined below).

For so long as a Series Asset is a “revolving asset” for the purposes of the General Security Deed (which includes the Series Receivables and Related Securities) the Issuer may sell, transfer or

otherwise dispose of that asset in the ordinary course of its ordinary business in accordance with the Transaction Documents. Following the occurrence of a “control event” (which includes the giving of notice by the Security Trustee to the Issuer following an Event of Default), a Series Asset will cease to be a “revolving asset” and, accordingly, the Issuer may only deal with that asset as permitted under the Transaction Documents or with the consent of the Security Trustee.

To the extent that the Collateral includes property which is not “personal property” (as defined in the PPSA), the security interest will operate as a floating charge over revolving assets (and a fixed charge over all other relevant Series Assets) but may be converted from a floating charge to a fixed charge with respect to any or all such assets in certain circumstances (including following an Event of Default).

Each of the Issuer, the Security Trustee, AFGS, the Servicer and the Manager have agreed to do anything (such as obtaining consents, signing and producing documents, getting documents completed and signed and supplying information) which the Manager asks and reasonably considers necessary for the purposes of ensuring that the security interest created under the General Security Deed is enforceable, perfected (including, where possible, by control in addition to registration) and otherwise effective, enabling the Security Trustee to apply for any registration, give any notification, or take any other step, in connection with the security interest so that the security interest has the highest ranking priority reasonably possible, or enabling the Security Trustee to exercise rights in connection with the security interest.

Events of Default

It is an “**Event of Default**” in respect of the Series if any of the following occur:

- (a) the Issuer does not pay any amount payable by it in respect of the Senior Obligations on time and in the manner required under the Transaction Documents unless, in the case of a failure to pay on time, the Issuer pays the amount within 3 Business Days of the due date;
- (b) the Issuer:
 - (i) does not comply with any other obligation relating to the Series under any Transaction Document where such non-compliance will have a Material Adverse Payment Effect; and
 - (ii) if, in the opinion of the Security Trustee, that non-compliance can be remedied, does not remedy the non-compliance within 20 Business Days after written notice (or such longer period as may be specified in the notice) from the Security Trustee requiring the failure to be remedied;
- (c) the Issuer becomes Insolvent, and the Issuer is not replaced in accordance with the Master Trust Deed within 60 days (or such longer period as the Security Trustee, at the direction of an ordinary Resolution of the Voting Secured Creditors, may agree) of becoming Insolvent;
- (d) either:
 - (i) the General Security Deed is or becomes wholly or partly void or voidable or is not, or ceases to be, valid and enforceable; or
 - (ii) any Encumbrance (other than a Permitted Encumbrance) is created or exists in respect of the Collateral for a period of more than 10 Business Days following the Issuer becoming aware of the creation or existence of such Encumbrance, where such event will have a Material Adverse Payment Effect;
- (e) a Transaction Document, or a transaction in connection with it, is or becomes (or is claimed to be) wholly or partly void, voidable or unenforceable or does not have (or is claimed not to have) the priority the Security Trustee intended it to have, where such event will have a Material Adverse Payment Effect (“claimed” for these purposes means claimed by the Issuer or anyone on its behalf);

- (f) the Trust is found, or is conceded by the Issuer, not to have been constituted or to have been imperfectly constituted; or
- (g) the Issuer is not entitled to fully exercise the right of indemnity conferred on it under the Master Trust Deed against the Series Assets to satisfy any liability to a Secured Creditor and the circumstances are not rectified to the reasonable satisfaction of the Security Trustee within 10 Business Days of the Security Trustee requiring the Issuer in writing to rectify them.

Waiver and authorisation of breaches by the Issuer

The Security Trustee may from time to time and at any time (but only if, and in so far as, in its opinion the rights of the Secured Creditors will not be materially prejudiced thereby and provided that Rating Notification has been provided) authorise or waive, on such terms and subject to such conditions (if any) as seem expedient to it, any breach or proposed breach of any of the undertakings or provisions contained in the Master Trust Deed or any other Transaction Document in respect of the Series. However, unless it has received a direction from the Voting Secured Creditors to do so, the Security Trustee must not determine that any Event of Default in respect of a Trust or Series, or event which with the giving of notice, lapse of time or fulfilment of any other condition would be likely to constitute an Event of Default in respect of a Trust or Series, shall not be treated as such.

Any such authorisation, waiver or determination is binding on the Secured Creditors and shall be notified by the Manager to the Secured Creditors. The Security Trustee must provide the Manager with notice of its intention to make or provide any such authorisation, waiver or determination under this Section and then not make or provide the authorisation, waiver or determination until such time as the Manager notifies the Security Trustee that Rating Notification has been provided.

Actions following Event of Default

If an Event of Default in respect of the Series is continuing, the Security Trustee may (or, if directed to do so by an Extraordinary Resolution of the Voting Secured Creditors, the Security Trustee must) do one or more of the following in addition to anything else the law allows the Security Trustee to do as a secured party:

- (a) sue the Issuer for the Secured Money; and
- (b) appoint one or more Receivers to all or any part of the Collateral or its income; and
- (c) do anything that a Receiver could do under the General Security Deed.

The Security Trustee is not bound to take any proceedings after the occurrence of an Event of Default in respect of the Series unless it has been directed to do so by an Extraordinary Resolution of the Secured Creditors of the relevant Trust or Series passed at a meeting of Voting Secured Creditors convened by the Security Trustee under the Master Trust Deed. However, if, in the opinion of the Security Trustee, the delay required to obtain instructions from the Secured Creditors would be materially prejudicial to the interests of those Secured Creditors, the Security Trustee may (but is not obliged to) do the things referred to above without instructions from them.

Call meeting on the occurrence of an Event of Default

If the Security Trustee becomes aware that an Event of Default is continuing and the Security Trustee does not waive the Event of Default, the Security Trustee agrees to do the following as soon as possible and in any event within 5 Business Days of the Security Trustee becoming aware of the Event of Default:

- (a) notify all Secured Creditors that the security interest granted under the General Security Deed has taken effect as a fixed charge (to the extent applicable);
- (b) provide to those Secured Creditors full details of:
 - (i) the Event of Default as advised by the Issuer to the Security Trustee or otherwise known to the Security Trustee; and

- (ii) the actions and procedures which the Issuer has notified the Security Trustee are being taken or will be taken by the Issuer to remedy the relevant Event of Default; and
- (c) do all such things as are necessary or appropriate to promptly convene a meeting of the Voting Secured Creditors (for the purpose of seeking directions by way of Extraordinary Resolution).

Voting Secured Creditors

The Voting Secured Creditors will be the only Secured Creditors entitled to:

- (a) vote in respect of a Resolution of Secured Creditors (including an Extraordinary Resolution, but excluding any Special Quorum Resolution) of the Series except in relation to any matter requiring a Special Quorum Resolution; or
- (b) otherwise direct or give instructions or approvals to the Security Trustee in accordance with the Transaction Documents.

If at any time there is a conflict between a duty the Security Trustee owes to a Secured Creditor, or class of Secured Creditor, of the Series and a duty the Security Trustee owes to another Secured Creditor, or class of Secured Creditor, of the Series, the Security Trustee must give priority to the duties owing to the Voting Secured Creditors.

Special Quorum Resolutions

Certain matters require the passing of a Special Quorum Resolution of Secured Creditors. These include (among other matters) any resolution for the purpose of making any modification of the provisions contained in the Transaction Documents which:

- (a) postpones the date of maturity or redemption of any of the Notes or any date for payment of interest on the Notes; or
- (b) reduces or cancels the principal amount of the Notes or the rate of interest payable on them; or
- (c) varies the currency of account or currency in which any payment in respect of the relevant Notes is to be made; or
- (d) modifies the provisions contained in the Master Trust Deed concerning the quorum required at any meeting of Secured Creditors or any adjournment of a meeting or concerning the majority required to pass an Extraordinary Resolution.

A Special Quorum Resolution of Secured Creditors which in accordance with its terms:

- (a) only affects a particular class of Secured Creditors; or
- (b) affects a particular class of Secured Creditors in a manner differently to the rights of all the Secured Creditors of that Series generally,

will only be taken to be passed if it is also passed by a Special Quorum Resolution of that class of Secured Creditors.

Application of proceeds following an Event of Default

Following the occurrence of an Event of Default and enforcement of the General Security Deed, the Security Trustee must apply all moneys received by it in respect of the Collateral in the order described in 11.18 ("Application of proceeds following an Event of Default and enforcement of the General Security Deed").

No proceedings by Secured Creditors directly

No Secured Creditor is entitled to proceed to recover any amounts of Secured Money directly against the Issuer unless the Security Trustee, having become bound to proceed as described in the above paragraphs fails to commence recovery within 10 Business Days.

Security Trustee's limitation of liability

Except to the extent stated in the following paragraphs:

- (a) a liability or obligation arising under or in connection with any Transaction Document in respect of Series is limited to and can be enforced against the Security Trustee only to the extent to which it can be satisfied out of the Security Trust Fund out of which the Security Trustee is actually indemnified for the liability; and
- (b) this limitation of the Security Trustee's liability applies despite any other provision of any Transaction Document and extends to all liabilities and obligations of, undertaken or incurred by, or devolving on, the Security Trustee arising from, or in any way connected with, any conduct, omission, representation, warranty, agreement, transaction or other matter or thing under or related to any Transaction Document.

The parties (other than the Security Trustee) may not sue the Security Trustee in any capacity other than as trustee of the Security Trust, including seeking the appointment of a receiver, a liquidator, an administrator or any similar person to the Security Trustee or prove in any liquidation, administration or arrangements of or affecting the Security Trustee.

This limitation of the Security Trustee's liability will not apply to any liability or obligation of the Security Trustee to the extent that it is not satisfied because under any Transaction Document or by operation of law there is a reduction in the extent of the Security Trustee's indemnification out of the Security Trust Fund, as a result of the Security Trustee's fraud, negligence or wilful default.

However:

- (a) in no circumstances will the Security Trustee be personally liable for any indirect, incidental, consequential or special damages (including, without limitation, lost profits) of any form incurred by any person or entity, whether or not foreseeable and regardless of the type of action in which such a claim may be brought (except to the extent that there is a determination by a relevant court of fraud by the Security Trustee); and
- (b) in no event will the Security Trustee be personally liable for any failure or delay in the performance of its obligations under any Transaction Document because of circumstances beyond its control including, but not limited to, acts of God, flood, war (whether declared or undeclared), terrorism, fire, riot, embargo, labour dispute, any statute, ordinance, code or other law which restricts or prohibits the Security Trustee from performing its obligations under any Transaction Document, the inability to obtain or the failure of equipment or the interruption of communications or computer facilities to the extent, in each case, that these occurrences are beyond the control of the Issuer and any other causes beyond the Security Trustee's control.

The Relevant Parties are responsible under the Master Trust Deed and the other Transaction Documents for performing a variety of obligations relating to the Trust and the Series. No act or omission of the Security Trustee (including any related failure to satisfy its obligations or breach of representation or warranty under the Master Trust Deed or any other Transaction Document) will be considered fraud, negligence or wilful default of the Security Trustee to the extent to which the act or omission was caused or contributed to by any failure by any Relevant Party or any other person to fulfil its obligations relating to the Security Trust or by any other act or omission of any Relevant Party or any other person (including, without limitation, any failure by the Manager to give a direction to the Security Trustee) or any of its agents or contractors regardless of whether or not the act or omission is purported to be done on behalf of the Security Trustee.

No attorney, agent, receiver or receiver and manager or other person appointed in accordance with Master Trust Deed or any other Transaction Document has authority to act on behalf of the Security Trustee in a way which exposes the Security Trustee to any personal liability and no act or omission of such a person will be considered fraud, negligence or wilful default of the Security Trustee.

The Security Trustee is not obliged to do or refrain from doing anything under the Master Trust Deed or any other Transaction Document (including incur any liability) unless the Issuer's liability is limited in the same manner as set out in this section.

A reference to the "**fraud, negligence or wilful default**" of the Security Trustee means the fraud, negligence or wilful default of the Security Trustee and of its officers, employees, agents and any other person where the Security Trustee is liable for the acts or omissions of such other person under the terms of any Transaction Document.

A reference to the "**wilful default**" of the Security Trustee means any intentional failure to comply with or intentional breach by the Issuer of any of its obligations under any Transaction Document, other than a failure or breach which:

- (a) arose as a result of a breach by a person other than the Security Trustee and the performance of the action (or the non-performance of which gave rise to such breach) is a precondition to the Issuer performing the relevant obligation;
- (b) is in accordance with a lawful court order or direction required by law; and
- (c) is in accordance with an instruction or directions given by the Manager or is in accordance with an instruction or direction given to it by any person in circumstances where that person is entitled to do so by any Transaction Document or at law.

Knowledge of the Security Trustee

The Security Trustee will not be taken to have notice or knowledge or to be aware of any fact or information unless:

- (a) it receives notice of that fact or information from the Manager; or
- (b) an officer of the Security Trustee having day to day responsibility for the administration or management of a Security Trust or the Security Trustee's obligations under the Transaction Documents, has actual notice or knowledge of or is aware of that fact or information.

Limitation on Security Trustee's responsibility

The Security Trustee is not to:

- (a) be bound or concerned to examine or enquire into, nor be liable for any defect or failure in the title of the Issuer to any Collateral;
- (b) be under any liability whatsoever for acting in accordance with any direction obtained from Secured Creditors at a meeting convened in accordance with the Master Trust Deed; or
- (c) be under any liability whatsoever for a failure to take any action in respect of any breach by the Issuer of its duties as trustee of the Trust of which the Security Trustee is not actually aware or in respect of any Event of Default of which the Security Trustee is not actually aware,

except to the extent that any such matter or liability is caused by the fraud, negligence or wilful default of the Security Trustee.

Security Trustee's fees

The Issuer, under the Master Trust Deed, has agreed to pay to the Security Trustee from time to time a fee (on terms agreed between the Issuer, the Manager and the Security Trustee from time to time) in respect of the Trust. Any increase to that fee must not be agreed unless a Rating Notification has been provided in respect of the increase.

Voluntary retirement of Security Trustee

Subject to compliance with the relevant statutory requirements for the time being, the Security Trustee may retire at any time in respect of the Security Trust upon the expiration of not less than 90 days' notice (or such other period as the Issuer may agree) in writing to the Issuer.

Mandatory retirement of Security Trustee

The Security Trustee must retire as security trustee if:

- (a) the Security Trustee becomes Insolvent in its personal capacity; or
- (b) the Security Trustee is in breach of a material obligation under the Transaction Documents and, where such breach is remediable, the Security Trustee has not remedied such breach within 30 days of becoming aware of it; or
- (c) required by law; or
- (d) the Issuer, upon 90 days prior written notice, requests the Security Trustee to retire as security trustee, provided that:
 - (i) no Event of Default is subsisting at that time in respect of any trust or series; and
 - (ii) the Manager has issued a Rating Notification in respect of the Security Trustee's retirement; or
- (e) the Security Trustee ceases to carry on business in all respects or as a professional trustee; or
- (f) there is a change in Control of the Security Trustee, which leads to an Adverse Rating Effect.

Security Trustee to continue to act until replacement takes effect

If the Security Trustee retires as described in the preceding paragraphs, the Security Trustee must continue to act as the security trustee in respect of the Security Trust (as the case may be) until:

- (a) a replacement security trustee nominated by the Manager and consenting to the appointment, has been appointed as security trustee of each relevant Security Trust (provided that if the Manager has not nominated a replacement security trustee within 60 days of the date of resignation of the Security Trustee, the Security Trustee may nominate any such replacement security trustee); and
- (b) the Security Trustee has procured the execution by the replacement security trustee of a deed whereby the replacement security trustee covenants to perform the duties and undertakes to meet the obligations of the Security Trustee under the Master Trust Deed, the Security Trust and each Transaction Document to which the Security Trustee is a party with respect to the Security Trust; and
- (c) the Security Trustee has assigned or transferred all of its rights under the Transaction Documents (to which it is a party) to the replacement security trustee.

12.5 The Management Deed

Appointment of the Manager

Under the Management Deed, the Issuer appoints the Manager to act as manager in respect of the Trust and the Series to carry on the day to day administration, supervision and management of the Series Business in accordance with the Management Deed and the Transaction Documents.

Obligations of the Manager

Under the Management Deed, the Manager must (among other things) make recommendations to the Issuer in relation to:

- (a) documentation to be entered into by the Issuer in respect of the Series;
- (b) the Reallocation of Receivables in respect of the Series;
- (c) the issue of Notes in respect of the Series; and
- (d) the exercise of rights and the performance of obligations by the Issuer under the Transaction Documents in respect of the Series.

The Management Deed contains various provisions relating to the Manager's exercise of its powers and duties under the Management Deed, including provisions entitling the Manager to act on expert advice.

Delegation by the Manager

The Manager may delegate its duties and obligations under the Management Deed to any solicitor or similar person. The Manager will not be liable for the acts or omissions of any such delegate provided that the Manager appoints the delegate in good faith and using due care and that the delegate is not an officer, employee or Related Entity of the Manager.

In addition, the Manager may otherwise appoint any person as its agent or attorney provided the Manager may not delegate a material part of its powers, authorities and discretions. The Manager will remain liable for the acts or omissions of any such agent or attorney. The Manager has appointed Perpetual Nominees Limited (ABN 37 000 733 700) pursuant to these powers to provide certain cashflow calculations and reporting services in relation to the Series. The Manager has agreed that it will at all times remain liable for the acts or omissions of Perpetual Nominees Limited in connection with the Series and for the payment of all fees, costs, indemnities and other amounts payable to Perpetual Nominees Limited in connection with the Series (and, for avoidance of doubt, such fees, costs, indemnities and other amounts are not Series Expenses).

Manager's limitation of liability

Without limiting the Manager's liability for delegates and agents as described above, neither the Manager nor any delegate of the Manager will be liable:

- (a) for any loss, costs, liabilities or expenses arising out of the exercise or non-exercise of its discretion or for any other act or omission on its part as Manager, except to the extent that the exercise or non-exercise of its discretion or the Manager's or the delegate's own act or omission is fraudulent, grossly negligent or in breach of duty or contract;
- (b) for any loss, costs, liabilities or expenses arising out of the act or omission, or exercise or non-exercise of a discretion of the Issuer, the Originator or the Servicer except to the extent that it is caused by the Manager's or the delegate's own fraud, gross negligence or breach of duty or contract; or
- (c) for any loss, costs, liabilities or expenses caused by its failure to check any information, document, form or list supplied or purported to be supplied to it by the Issuer, an Originator or

the Servicer except to the extent that the loss is caused by the Manager's or the delegate's own fraud, gross negligence or breach of duty or contract.

In addition, the Manager will not be liable:

- (a) in connection with anything done by it in good faith in reliance upon any document, form or list except when it has reason to believe that the document, form or list is not genuine;
- (b) if it fails to do anything because it is prevented or hindered from doing it by law or order;
- (c) to anyone for payments (except when made negligently or made contrary to the provisions of the Transactions Documents) made by it in good faith to a fiscal authority in connection with Taxes or other charges in respect of the Trust or the Series Business, even if the payment need not have been made;
- (d) subject to the Corporations Act, if a person (other than a company under its control) fails to carry out an agreement with the Issuer in respect of the Trust or the Series or the Manager in connection with the Trust or the Series (except when the failure is due to its own neglect, fraud or default);
- (e) to anyone because of any error of law or any matter done or omitted to be done by it in good faith in the event of the liquidation or dissolution of a company (other than a company under its control and except where the liability arises due to its own neglect, fraud or default);
- (f) for any act, omission or default of the Originator or the Servicer;
- (g) because any person other than the Manager does not comply with its obligations under the Transaction Documents; or
- (h) because any statement, representation or warranty of any person other than the Manager in a Transaction Document is incorrect or misleading.

Manager's voluntary retirement

The Manager may retire as the manager of the Series upon giving to the Issuer 3 months' notice in writing, or such lesser time as the Manager and the Issuer agree, provided that the Manager may not retire unless:

- (a) it has appointed a replacement manager which is acceptable to the Issuer;
- (b) the Manager has issued a Rating Notification in respect of its retirement; and
- (c) the replacement manager executes a deed under which it agrees to act as Manager in respect of the Series on, substantially, the same terms and for a fee determined on a market basis.

Removal of the Manager

Upon the occurrence of a Manager Termination Event, the Issuer may terminate the appointment of the Manager as manager in respect of the Series by giving notice to the Manager. The Manager must comply with the terms of any such notice.

It is a "**Manager Termination Event**" in respect of the Series if:

- (a) the Manager commits a breach of any material obligation of a Transaction Document of the Series (other than a provision to which paragraph (c) below applies) (as determined in the reasonable opinion of the Issuer) and in the case of a breach that is capable of remedy, such breach is not remedied to the satisfaction of the Issuer (the Issuer may conclusively rely on the opinion or advice of any legal or other advisers of the Issuer or the Issuer in this regard) within 30 days of notice of such breach by the Issuer to the Manager;

- (b) any representation or warranty by the Manager in or in connection with the execution, delivery or performance of a Transaction Document is untrue or incorrect in any material respect and either:
 - (i) such inaccuracy is not remedied to the satisfaction of the Issuer (the Issuer may conclusively rely on the opinion or advice of any legal or other advisers of the Issuer or the Issuer in this regard) within 30 days of notice of such inaccuracy by the Issuer to the Manager; or
 - (ii) the Manager has not paid an amount to the Issuer representing the loss suffered by the Issuer as a result of that inaccuracy (being an amount agreed between the Manager and the Issuer or, failing agreement, by the Issuer's auditors) within 30 days of notice of such inaccuracy by the Issuer to the Manager;
- (c) the Manager becomes Insolvent;
- (d) the Manager ceases to carry on a financial services business; or
- (e) the Manager fails to prepare and transmit to the Issuer any information necessary to enable the Issuer to make payments in relation to the Series by the date set out in the Transaction Documents and such failure is not remedied within 10 Business Days (or such longer period as the Issuer may agree) of notice being given by the Issuer to the Manager and as a result there is a failure to pay any amount due by the Issuer to any person in full on the date due.

Appointment of a replacement Manager

Upon service of the notice of termination by the Issuer following a Manager, the Issuer is required as soon as practicable procure the appointment of a replacement manager.

If the Manager is removed or gives notice of its retirement and no replacement manager has been appointed by the end of the applicable notice period, the Issuer must either:

- (a) subject to any approval required by law and on receipt of confirmation from each Rating Agency that no Adverse Effect would be caused, act as Manager (or appoint an agent to do so) until the appointment of a replacement manager is complete; or
- (b) call a meeting of Noteholders to give directions to the Issuer in connection with the appointment of any replacement manager.

If the Issuer acts as manager, the Issuer will not be responsible for, and will not be liable for, any inability to perform or deficiency in performing, its duties and obligations as manager if it is unable to perform those duties and obligations due to the state of affairs of the previous Manager, and its books and records or if it is unable (after using reasonable endeavours) to obtain information and documents or obtain access to software or resources which it requires and which are reasonably necessary for it to perform those duties and obligations.

Costs of retirement or removal

The outgoing Manager must reimburse the Issuer for all reasonable costs and expenses incurred by the Issuer in connection with the termination or retirement of the Manager as described above.

Manager's fees and expenses

The Issuer must pay such fees to the Manager in respect of the Series on such terms as are agreed between the Issuer and the Manager from time to time. Any increase to that fee must not be agreed unless a Rating Notification has been provided in respect of the increase.

The reasonable and proper fees, disbursements and expenses, duties and outgoings payable in relation to any person from whom the Manager obtains an opinion, advice or information under the Management Deed in relation to the Series are to be paid by the Issuer from the Series Assets.

12.6 The Servicing Deed

Appointment of the Servicer

Under the Servicing Deed, the Issuer appoints the Servicer to service, manage and administer the Series Receivables.

Obligations of the Servicer

The Servicing Deed requires the Servicer to manage the Series Receivables using all proper care, skill and diligence, and all its experience and expertise in the management of Receivables, in accordance with Servicing Deed, the Servicing Procedures, the requirements of any relevant Insurance Policy and the written instructions of the Issuer, the Manager or the relevant Insurer.

In addition, the Servicer is required (among other things) to:

- (a) maintain the Title Documents for the Series Assets in accordance with the Servicing Procedures;
- (b) maintain appropriate account records for each Series Receivable;
- (c) operate and maintain the receivables management system so as to ensure the maintenance of an adequate system for tracking all transactions in relation to the Series Receivables;
- (d) provide agreed reports to the Issuer and the Manager;
- (e) comply with the requirements of any relevant laws including, without limitation, the National Consumer Credit Protection Laws, in exercising its rights and carrying out its obligations under the Servicing Deed and ensure that it does not cause the Issuer to breach such laws;
- (f) not do or omit to do anything which might or which cause or contribute to a deterioration in the value of any Series Receivable;
- (g) protect and enforce the Series Receivables;
- (h) remit Collections received by it in respect of the Series Receivables in accordance with the Transaction Documents; and
- (i) not release any Debtor from its obligations or vary or discharge any obligations under a Series Receivable or Related Security without the consent of the Issuer or as required by law or the Servicing Procedures.

Servicing Procedures

The Servicer may amend the Servicing Procedures from time to time, provided that 5 Business Days prior written notice is provided to each Rating Agency of amendments which, in the reasonable opinion of the Servicer, are material.

Delegation and other dealings

The Servicer may not delegate any part of its functions under the Servicing Deed to any person, except to a person appointed in accordance with the terms of the Servicing Deed or the Servicing Procedures.

The Servicer may, with the approval of the Issuer (acting on the direction of the Manager):

- (a) assign the whole, or any part, of its rights under the Servicing Deed or the fee arrangement between the Servicer and the Issuer to any person; or
- (b) create, incur or permit to exist, any Encumbrance over the whole, or any part of its rights under the Servicing Deed,

provided that the Issuer shall not give its approval unless the Manager has issued a Rating Notification in respect of that event.

The Issuer may delegate its functions (in whole or in part) under the Servicing Deed to any person. The Issuer remains liable to the Servicer for any act or omission of any delegate. If the Issuer delegates its functions to a person, the Servicer is entitled to assume that the delegate is acting with the authority in the performance of the duties which have been delegated to it and is not liable to any person in any manner whatsoever for relying on the acts of the delegate.

Servicer's voluntary retirement

Except where an Event of Default or Servicer Termination Event has occurred, and is continuing, in respect of the Series, the Servicer may retire as servicer in respect of the Series upon giving to the Issuer and the Manager 3 months written notice (or such lesser time as the Servicer and the Manager agree), provided that the Servicer may not retire unless and until:

- (a) the Manager has issued a Rating Notification in respect of the Servicer's retirement; and
- (b) if the Standby Servicing Deed has terminated or the Standby Servicer has been removed as standby servicer in accordance with the Standby Servicing Deed and not replaced:
 - (i) a successor servicer is appointed for the Series; and
 - (ii) the Manager has issued a Rating Notification in respect of the Servicer's retirement and the appointment of that successor servicer.

Upon the retirement of the Servicer, the Standby Servicer will, provided that the Standby Servicing Deed has not terminated and the Standby Servicer remains appointed as the standby servicer in accordance with the Standby Servicing Deed, be required to act as servicer in respect of the Series in accordance with the Standby Servicing Deed as described in Section 12.7 ("The Standby Servicing Deed").

Removal of the Servicer

Upon the occurrence of a Servicer Termination Event in respect of the Series, the Issuer may terminate the appointment as Servicer in respect of the Series by giving notice to the Servicer. The Servicer agrees to comply with the terms of any such notice.

It is a "**Servicer Termination Event**" in respect of the Series if:

- (a) the Servicer commits a breach of any material obligation of the Servicing Deed in respect of the Series (as determined in the reasonable opinion of the Manager) and in the case of a breach that is capable of remedy, such breach is not remedied to the satisfaction of the Manager (the Manager may conclusively rely on the opinion or advice of any legal or other advisers of the Manager in this regard) within 30 days of notice of such breach by the Manager to the Servicer;
- (b) any representation or warranty or agreement by the Servicer in or in connection with the execution, delivery or performance of the Servicing Deed in respect of the Series is untrue or incorrect in any material respect and either:
 - (i) such inaccuracy is not remedied to the satisfaction of the Manager (the Manager may conclusively rely on the opinion or advice of any legal or other advisers of the Manager in this regard) within 30 days of notice of such inaccuracy by the Manager to the Servicer; or
 - (ii) the Servicer has not paid an amount to the Issuer or Manager representing the loss suffered by the Manager as a result of that inaccuracy (being an amount agreed between the Servicer and the Issuer or Manager, as relevant, or, failing agreement, by the Manager's auditors) within 30 days of notice of such inaccuracy by the Issuer or Manager to the Servicer;

- (c) the Servicer becomes Insolvent;
- (d) the Servicer ceases to carry on a financial services business;
- (e) the Servicer fails to remit any amount received by it in respect of the Series Assets of the Series to the Issuer within the time period specified in the Servicing Deed and such failure is not remedied to the satisfaction of the Issuer within 3 Business Days of notice being given by the Issuer or the Manager to the Servicer; or
- (f) the Servicer fails to prepare and transmit to the Manager any information necessary to enable the Manager to instruct the Issuer to make payments in relation to the Series by the date set out in the Transaction Documents and such failure is not remedied within 3 Business Days of notice being given by the Issuer or the Manager to the Servicer and as a result there is a failure to pay any amount due by the Issuer to any person in full on the date due.

Upon service of a notice of termination by the Issuer to the Servicer following a Servicer Termination Event, the Issuer will as soon as practicable procure the appointment of a replacement servicer.

Upon service of a notice of termination by the Issuer to the Servicer following a Servicer Termination Event, the Standby Servicer will be required to act as servicer in accordance with the Standby Servicing Deed as described in Section 12.7 ("The Standby Servicing Deed").

Servicer to provide full co-operation

Following termination of the Servicing Deed or the removal or the retirement of the Servicer, the Servicer must immediately deliver to the new Servicer (including the Standby Servicer if applicable), any Title Documents held by the Servicer and all other documents (including, without limitation, loan and security documentation) held by the Servicer in relation to the Series (as applicable).

Following termination of the Servicing Deed or the removal or retirement of the Servicer, the Servicer must:

- (a) in respect of any computer equipment used by the Servicer in the servicing of the Series Receivables, grant any new Servicer (including the Standby Servicer if applicable) (or its agent) access to such computer equipment; and
- (b) make available its employees to assist, or use its best endeavours to assist the new Servicer (including the Standby Servicer if applicable) (or its agent) in procuring the employment of persons to assist the new Servicer (including the Standby Servicer if applicable) in the performance of its duties.

For these purposes, the Servicer has agreed to grant to the new Servicer, or use its best endeavours to procure for the new Servicer, an irrevocable non-exclusive licence to use the software used by the Servicer in the course of performing its duties under the Servicing Deed and also to grant any new Servicer a licence to enter and occupy any premises occupied by the Servicer from time to time from which it conducts the servicing of Receivables.

Costs of retirement or removal

The Servicer must reimburse the Issuer for all reasonable costs and expenses incurred by the Issuer in connection with the termination or retirement of the Servicer.

Indemnity

The Servicer indemnifies the Issuer on demand against any loss, cost, expense, damage or action which the Issuer may suffer or incur as a result of:

- (a) a breach by the Servicer of any of its representations, warranties, undertakings or covenants contained in the Servicing Deed or any other Transaction Document in respect of the Series;

- (b) any Penalty Payments the Issuer may become liable for or that arise directly or indirectly as a result of:
 - (i) the performance or non-performance by the Servicer of its obligations or the exercise of its powers under the Servicing Deed or any other Transaction Document; and
 - (ii) any breach by the Servicer of any of its representation and warranties under the Servicing Deed or any other Transaction Document,

except to the extent that any such loss, cost, expense, damage or action was caused by the fraud, negligence or wilful default of the Issuer.

Servicer's liability

The Servicer is not liable for any loss, costs, liabilities, damages or expenses suffered or incurred by the Issuer as a result of the Servicer acting, or failing to act, at the direction or instruction of the Manager.

In addition, the Servicer will not be in breach of its duties under the Servicing Deed, or be otherwise liable to the Issuer, in respect of its actions performed strictly in accordance with the Servicing Procedures (provided that the Servicer is not aware that the Servicing Procedures do not materially comply with any law).

However, if the Servicer does not comply with the Servicing Procedures or any direction of the Manager or the Issuer, the Servicer will nevertheless not be liable if it reasonably believes and has a reasonable basis for believing that it would contravene any law by complying with the Servicing Procedures or the relevant direction.

Servicer's fees and expenses

The Issuer must pay such fees to the Servicer in respect of the Series as are agreed between the Issuer (at the direction of the Manager) and the Servicer from time to time. Any increase to that fee must not be agreed unless a Rating Notification has been provided in respect of the increase.

12.7 The Standby Servicing Deed

Appointment of the Standby Servicer

Under the Standby Servicing Deed, the Standby Servicer is appointed to step in and act as servicer in respect of the Series Receivables in the event that the Servicer retires or is removed in the circumstances described in Section 12.6 ("The Servicing Deed") above. From the date of retirement or removal of the Servicer, the Standby Servicer is required to act as servicer and will be bound by and must comply with the relevant obligations of the Servicer under the Transaction Documents to which the Servicer was a party.

Delegation

The Standby Servicer may delegate any of its rights or obligations as Standby Servicer and may appoint professional advisers without notifying any person of the appointment. However, the Standby Servicer must not delegate a material part of its obligations under the Standby Servicing Deed without the prior written consent of the Manager, and (unless otherwise agreed in writing) will remain liable for its obligations under the Standby Servicing Deed notwithstanding any such delegation. Where the delegate is a Related Entity of the Standby Servicer, the Standby Servicer at all times remains liable for the acts and omissions of the Related Entity.

Liability of Standby Servicer

The liability of the Standby Servicer is limited in the same manner as that which applies in respect of its capacity as Issuer, as described in Section 12.3 ("The role of the Issuer under the Master Trust Deed") above. In addition, the Standby Servicer will not be liable for any inability perform, or any

deficiency in performing, its duties and obligations as servicer to the extent that the Standby Servicer is unable to perform those duties and obligations due to matters including:

- the state of affairs of the Servicer, its books and records, business data, data collection, storage or retrieval systems or computer equipment or software prior to, or at the time of, the termination or retirement of the Servicer in accordance with the Servicing Deed;
- any acts or omissions at any time of the Servicer, the Manager or any agent of the Servicer or the Manager;
- any failure of any other person to perform its obligations under, and in accordance with, the Transaction Documents; or
- because the Standby Servicer complies with the Servicing Procedures,

except to that such liabilities are as a result of the fraud, negligence or wilful default of the Standby Servicer.

Retirement and termination of appointment

The Standby Servicer may retire as Standby Servicer in respect of the Series (whether or not the Standby Servicer has become obliged to act as servicer in accordance with the Standby Servicing Deed) immediately by written notice to the Issuer, the Manager and each Rating Agency, if any amounts owing to the Standby Servicer in respect of the Series are not paid when due and remain unpaid 30 days after the due date for payment.

The Manager may terminate the Standby Servicer's appointment as Standby Servicer in respect of the Series (whether or not the Standby Servicer has become obliged to act as servicer in accordance with the Standby Servicing Deed) upon giving not less than 90 days' notice in writing to the Issuer, the Standby Servicer and each Rating Agency.

In addition, the rights obligations of the Standby Servicer will cease (whether or not the Standby Servicer has become obliged to act as servicer in accordance with the Standby Servicing Deed) on the date that the Issuer ceases to be the trustee of the Trust.

Standby Servicer's fees and indemnification

The Standby Servicer is entitled to a fee payable by the Issuer in accordance with the Cashflow Allocation Methodology. In addition, the Standby Servicer (or its agent) is indemnified by the Issuer in relation to matters relating to the performance of its obligations or duties as standby servicer, except to the extent that the costs, charges or expenses arose from the Standby Servicer's (or its agent's) fraud, negligence or wilful default.

12.8 The Liquidity Facility Agreement

General

Under the Liquidity Facility Agreement, the Liquidity Facility Provider grants to the Issuer a loan facility in Australian dollars in respect of the Series in an amount equal to the Liquidity Limit.

The Liquidity Facility is only available to be drawn to fund any Liquidity Draws up to the Liquidity Limit.

Liquidity Advances

If, on any Determination Date during the Availability Period, the Manager determines that a Liquidity Draw is required as described in Section 11.9 ("Liquidity Draw"), the Manager must arrange, by giving a direction to the Issuer, for a Liquidity Advance to be made under the Liquidity Facility on the Payment Date immediately following that day in accordance with the Liquidity Facility Agreement. The Liquidity Advance must be equal to the lesser of:

- (a) the amount of such Liquidity Draw on that day; and

- (b) the Available Liquidity Amount on that day.

Interest

Interest on each Liquidity Advance accrues from day to day and is to be calculated on actual days elapsed and a 365 day year.

The rate of interest paid to the Liquidity Facility Provider in respect of a Liquidity Interest Period is the sum of the bank bill rate (as determined in accordance with the Liquidity Facility Agreement) on the first day of that Liquidity Interest Period and 1.20% per annum (or such other rate as the Manager and the Liquidity Facility Provider may agree from time to time, provided that a Rating Notification is given) ("**Liquidity Interest Rate**").

A "**Liquidity Interest Period**" in respect of a Liquidity Advance commences on (and includes) its Drawdown Date and ends on (but excludes) the next Payment Date. Each subsequent Liquidity Interest Period will commence on (and include) a Payment Date and end on (but exclude) the next Payment Date. However, a Liquidity Interest Period in respect of a Liquidity Advance which would otherwise end after the termination date of the Trust ends on (but excludes) that termination date.

Interest is payable in arrears on each Payment Date. If, on any Payment Date, all amounts on account of interest due under the Liquidity Facility Agreement are not paid in full, on each following Payment Date the Issuer must pay so much of the amounts as are available for that purpose in accordance with the Issue Supplement until such amounts are paid in full.

Downgrade of Liquidity Facility Provider

If at any time (during the Availability Period for so long as any Notes are outstanding) the Liquidity Facility Provider does not have the Required Liquidity Rating, the Liquidity Facility Provider must do one of the following (as determined by the Liquidity Facility Provider in its discretion):

- (a) procure a replacement Liquidity Facility within 30 calendar days;
- (b) request the Manager to request a Collateral Advance for an amount equal to the Available Liquidity Amount within 14 calendar days; or
- (c) implement such other structural changes so that the downgrading of the Liquidity Facility Provider does not have an Adverse Rating Effect within 30 calendar days,

(or such longer period as may be agreed by the Manager and the Liquidity Facility Provider and provided a Rating Notification has been given in respect of such longer period) of such downgrade.

Collateral Advance

On receipt of a request from the Liquidity Facility Provider as described in paragraph (b) of the section entitled "Downgrade of Liquidity Facility Provider" above, the Manager must arrange, by giving a direction to the Issuer, for a Collateral Advance to be made under the Liquidity Facility equal to the Available Liquidity Amount.

The Liquidity Facility Provider must, subject to the terms of the Liquidity Facility Agreement, deposit in the Liquidity Collateral Account the amount of any Collateral Advance in immediately available funds by 12.00pm on the relevant day on which that advance is required by the Manager.

If, on any Determination Date after a Collateral Advance has been made, the Manager would, but for the fact that the Liquidity Facility has been fully drawn, be required to arrange for a Liquidity Advance in accordance with Section 11.9 ("Liquidity Draw") (and the Liquidity Facility Provider would, but for the fact that the Liquidity Facility has been fully drawn, be required to provide the Liquidity Advance), the Manager must direct the Issuer to transfer from the Collateral Account into the Collection Account an amount equal to the lesser of:

- (a) the Liquidity Advance; and

(b) the Collateral Account Balance,

by no later than 12.00pm on the immediately following Payment Date.

Any such withdrawal from the Collateral Account will be deemed to be a Liquidity Advance.

If at any time after a Collateral Advance has been made:

- (a) the Liquidity Facility Provider obtains the Required Liquidity Rating (or, if the credit rating of the Liquidity Facility Provider continues to be less than the Required Liquidity Rating, but the Manager determines that it may give a direction as described below and has provided Rating Notification in respect of that direction);
- (b) the Liquidity Facility Provider complies with sub-paragraphs (a) or (c) of the section above entitled "Downgrade of Liquidity Facility Provider"; or
- (c) the Liquidity Facility granted under the Liquidity Facility Agreement is terminated in accordance with the Liquidity Facility Agreement (other than as a result of the occurrence of the Availability Termination Date),

then the Liquidity Facility Provider must notify the Manager of that event and the Manager must then direct the Issuer to, and the Issuer must, repay to the Liquidity Facility Provider the Collateral Account Balance (if any) within 1 Business Day of being so directed by the Manager in repayment of the then outstanding Collateral Advances.

Except as described in the following sentence, all interest or other returns accrued (net of all costs properly incurred by the Issuer in respect of the operation of the Liquidity Collateral Account under the Liquidity Facility Agreement) on the Liquidity Collateral Account Balance, or on any Authorised Investments purchased with the Liquidity Collateral Account Balance, which have been credited to the Liquidity Collateral Account must be paid by the Issuer to the Liquidity Facility Provider on each Payment Date. However, if losses are realised on any Authorised Investments purchased with the Liquidity Collateral Account Balance or on the Liquidity Collateral Account Balance, no such interest or other returns will be paid to the Liquidity Facility Provider until the aggregate of such interest or other returns exceeds the aggregate of such losses, in which case the Liquidity Facility Provider will be entitled only to receive such excess amount.

A "**Collateral Advance**" is the principal amount of each advance made by the Liquidity Facility Provider pursuant to a request by the Manager in accordance with the Liquidity Facility Agreement where the Liquidity Facility Provider does not have the Required Liquidity Rating, or the balance of such advance outstanding from time to time as the context requires and includes any deemed Collateral Advance.

The "**Liquidity Collateral Account**" is a segregated account opened at the direction of the Manager in the name of the Issuer with an Eligible Bank to which the proceeds of any Collateral Advance are to be deposited.

The "**Liquidity Collateral Account Balance**" is, at any time, the balance of the Collateral Account at that time plus, if any amount from the Collateral Account has been invested in Authorised Investments, the face value of such Authorised Investments.

Availability Fee

The Issuer will pay to the Liquidity Facility Provider an availability fee on the then un-utilised portion of the Liquidity Limit. The fee will be calculated and accrue daily from the first day of the Availability Period on the basis of a 365 day year and paid monthly in arrears on each Payment Date in accordance with the Issue Supplement.

The availability fee may be varied from time to time by the Manager and the Liquidity Facility Provider (and notified to the Issuer) provided that a Rating Notification has been provided.

Liquidity Event of Default

A Liquidity Event of Default occurs if:

- (a) the Issuer fails to pay:
 - (i) any amount owing under the Liquidity Facility Agreement where funds are available for that purpose under the Issue Supplement; or
 - (ii) without limiting paragraph (i) above, any amount due in respect of interest on Liquidity Advances under the Liquidity Facility Agreement where funds are available for that purpose under the Issue Supplement,in the manner contemplated by the Liquidity Facility Agreement, in each case within 3 Business Days of the due date for payment of such amount;
- (b) the Issuer alters or the Manager instructs it to alter the priority of payments under the Transaction Documents without the consent of the Liquidity Facility Provider or the Issuer breaches any of its undertakings under the Liquidity Facility Agreement and that breach has a Material Adverse Effect in respect of the Liquidity Facility Provider;
- (c) an Event of Default occurs and the Security Trustee enforces the General Security Deed;
- (d) the Issuer becomes Insolvent and the Issuer is not replaced in accordance with the Master Trust Deed within 60 days of it becoming Insolvent;
- (e) a representation or warranty made or taken to be made by the Issuer in connection with the Liquidity Facility Agreement is found to have been incorrect or misleading when made or taken to be made and that breach has a Material Adverse Effect in respect of the Liquidity Facility Provider; or
- (f) the Security Trustee requests the Issuer to obtain a priority agreement under the General Security Deed in respect of an Encumbrance over the Series Assets (where the law entitles the Issuer to create another Encumbrance over the Collateral without the consent of the Security Trustee and that law cannot be excluded) and the Issuer has not complied with that request by the time that Encumbrance is created.

If a Liquidity Event of Default occurs, then the Liquidity Facility Provider may, without being obliged to do so and notwithstanding any waiver of any previous default:

- (a) declare at any time that the Liquidity Principal Outstanding, interest on the Liquidity Principal Outstanding, and all other amounts actually or contingently payable under the Liquidity Facility Agreement are immediately due and payable; and/or
- (b) terminate the Liquidity Facility Provider's obligations in respect of the Liquidity Facility.

The Liquidity Facility Provider may do either or both of these things with immediate effect.

Termination of Liquidity Facility

The Liquidity Facility will terminate on the earlier of the Liquidity Facility Termination Date and the Liquidity Facility Provider Termination Date.

The "**Liquidity Facility Termination Date**" is the earliest of:

- (a) the Availability Termination Date;
- (b) the date which is one month after the date upon which all Notes have been fully and finally redeemed in full in accordance with the Transaction Documents in respect of the Series;

- (c) the date on which the Liquidity Facility Provider terminates the Liquidity Facility in accordance with its terms on the basis of illegality or impossibility in continuing to provide the Liquidity Facility following a change in law, regulation, code of practice or directive;
- (d) the date upon which the Liquidity Facility Limit is cancelled or the Liquidity Limit is reduced to zero following a request by the Issuer (provided that a Rating Notification has been given in respect of the cancellation or reduction); and
- (e) the date upon which the Liquidity Facility Provider terminates the Liquidity Facility following a Liquidity Event of Default.

The “**Liquidity Facility Provider Termination Date**” is the later of:

- (a) the Payment Date declared by the Manager (by giving not less than 5 Business Days’ notice to the Liquidity Facility Provider) as the date upon which the Liquidity Facility Provider will be replaced by a substitute Liquidity Facility Provider and the Liquidity Facility will terminate; and
- (b) the date upon which the Issuer has paid or repaid to the Liquidity Facility Provider all Liquidity Advances outstanding on the Payment Date declared by the Issuer pursuant to paragraph (a) above together with all accrued but unpaid interest and all other money outstanding under the Liquidity Facility Agreement.

On or before the declaration of a Payment Date upon which the Liquidity Facility Provider will be replaced by a substitute Liquidity Facility Provider and the Liquidity Facility will terminate, the Manager must provide a Rating Notification in respect of the termination of the Liquidity Facility and the appointment of the proposed substitute Liquidity Facility Provider on that Payment Date.

13 AUSTRALIAN TAXATION

*The following is a general summary of the material Australian tax consequences under the Income Tax Assessment Act 1936 (Cth), Income Tax Assessment Act 1997 (Cth) (together, “**Australian Tax Act**”), the Taxation Administration Act of 1953 (“**Tax Administration Act**”) and any relevant rulings, judicial decisions or administrative practice, at the date of this Information Memorandum of the purchase, ownership and disposition of the Offered Notes by Noteholders who purchase the Offered Notes during the original issuance at the stated offering price. This summary represents the Australian tax law enacted and in force as at the date of this Information Memorandum which is subject to change, possibly with retrospective effect.*

The summary is not exhaustive and does not deal with the position of certain classes of holders of the Offered Notes (including, without limitation, dealers in securities, custodians or other third parties who hold Offered Notes on behalf of any person).

This summary is not intended, nor should it be, construed as legal or tax advice to any particular Noteholder or Prospective Noteholder. It is a general guide only and should be treated with appropriate caution. Prospective Noteholders should consult their professional advisers on the tax implications of an investment in the Offered Notes for their particular circumstances.

Interest Withholding Tax on interest payments

The Australian Tax Act characterises securities as either “debt interests” (for all entities) or “equity interests” (for companies) including for the purposes of Australian interest withholding tax imposed under Division 11A of Part III of the Australian Tax Act (“**IWT**”) and dividend withholding tax. IWT is payable at a rate of 10% of the gross amount of interest paid by the Issuer to:

- (a) a non-resident of Australia (other than a non-resident acting at or through a permanent establishment in Australia); or
- (b) a resident of Australia acting at or through a permanent establishment outside Australia unless an exemption is available.

An exemption from IWT is available in respect of the Offered Notes issued by the Issuer under section 128F of the Australian Tax Act if the following conditions are met:

- (c) the Issuer is a company as defined in section 128F(9) (which includes certain companies acting in their capacity as trustee) and a resident of Australia when it issues those Offered Notes and when interest (as defined in section 128A(1AB) of the Australian Tax Act) is paid. Interest is defined in section 128A(1AB) of the Australian Tax Act to include amounts in the nature of, or in substitution for, interest and certain other amounts;
- (d) those Offered Notes are debentures that are not equity interests, are issued in a manner which satisfies the public offer test. There are five principal methods of satisfying the public offer test, the purpose of which is to ensure that lenders in overseas capital markets are aware that the Issuer is offering those Offered Notes for issue. In summary, the five methods are:
 - (i) offers to 10 or more unrelated financiers, securities dealers or entities that carry on a business of providing finance or investing or dealing in securities;
 - (ii) offers to 100 or more investors of a certain type;
 - (iii) offers of listed Offered Notes;
 - (iv) offers via publicly available information sources; and
 - (v) offers to a dealer, manager or underwriter who offers to sell those Offered Notes within 30 days by one of the preceding methods above;

- (e) the Issuer does not know or have reasonable grounds to suspect, at the time of issue, that those Offered Notes or interests in those Offered Notes were being, or would later be, acquired directly or indirectly by an “associate” of the Issuer (as defined in section 128F(9) of the Australian Tax Act), except as permitted by section 128F(5) of the Australian Tax Act; and
- (f) at the time of the payment of interest, the Issuer does not know, or have reasonable grounds to suspect, that the payee is an “associate” of the Issuer (as defined in section 128F(9) of the Australian Tax Act), except as permitted by section 128F(6) of the Australian Tax Act.

Associates

Since the Issuer is a trustee of a trust, the entities that are “associates” of the Issuer for the purposes of section 128F of the Australian Tax Act include:

- (a) any entity that benefits, or is capable of benefiting, under the Trust (“**Beneficiary**”), either directly or through any interposed entities; and
- (b) any entity that is an associate of a Beneficiary that is a company. An associate of a Beneficiary for these purposes includes:
 - (i) an entity that holds more than 50% of the voting shares of, or otherwise controls, the Beneficiary;
 - (ii) an entity in which more than 50% of the voting shares are held by, or which is otherwise controlled by, the Beneficiary;
 - (iii) a trustee of a trust where the Beneficiary is capable of benefiting (whether directly or indirectly) under that trust; and
 - (iv) an entity that is an “associate” of an entity that is an “associate” of the Beneficiary under sub-paragraph (i) above.

However, sections 128F(5) and (6) do not prevent payments under the Offered Notes from being tax exempt under section 128F, where the Offered Notes are issued to and the interest is paid to:

- (a) onshore associates (ie Australian resident “associates” who do not hold the Offered Notes in carrying on business at or through a permanent establishment outside Australia and non-resident associates who hold the Offered Notes in the course of carrying on business at or through a permanent establishment in Australia); or
- (b) offshore associates (ie Australian resident “associates” that hold the Offered Notes in carrying on business at or through a permanent establishment outside Australia and non-resident associates who do not hold the Offered Notes in carrying on business at or through a permanent establishment in Australia) who are acting in the capacity of:
 - (i) in the case of section 128F(5), a dealer, manager or underwriter in relation to the placement of the relevant Offered Notes or a clearing house, custodian, funds manager or responsible entity of a registered scheme; or
 - (ii) in the case of section 128F(6), a clearing house, paying agent, custodian, funds manager or responsible entity of a registered scheme.

Compliance with section 128F of the Australian Tax Act

It is intended that the Issuer will offer and issue the Offered Notes in a manner which will satisfy the requirements of section 128F of the Australian Tax Act.

Noteholders in Specified Countries

The Australian Government has signed new or amended double tax conventions (“**New Treaties**”) with a number of countries (each a “**Specified Country**”) which contain certain exemptions from IWT.

In broad terms, the New Treaties effectively prevent or reduce IWT applying to interest derived by:

- (a) the government of the relevant Specified Country and certain governmental authorities and agencies in the Specified Country; or
- (b) a “financial institution” which is a resident of the Specified Country and which is unrelated to and dealing wholly independently with the Issuer. The term “financial institution” refers to either a bank or any other form of enterprise which substantially derives its profits by carrying on a business of raising and providing finance. (However, interest under a back-to-back loan or an economically equivalent arrangement will not qualify for this exemption.)

The Australian Federal Treasury maintains a listing of Australia’s double tax conventions which provides details of country, status, withholding tax rate limits and Australian domestic implementation. This listing is available to the public on the website of the Federal Treasury Department.

No payment of additional amounts

Despite the fact that the Offered Notes are intended to be offered and issued in a manner which will satisfy the requirements of section 128F of the Australian Tax Act, if the Issuer is at any time compelled or authorised by law to deduct or withhold an amount in respect of any Australian withholding taxes imposed or levied by the Commonwealth of Australia, the Issuer is not obliged to pay any additional amounts in respect of such deduction or withholding.

If the Issuer is compelled by law in relation to any Notes to deduct or withhold an amount in respect of any withholding taxes, the Manager may (at its option) direct the Issuer to redeem the Notes in accordance with the Conditions.

Other matters

Under Australian laws as presently in effect:

- (a) income tax – non-Australian Holders – other than IWT (see the discussion above), the payment of principal and interest to a holder of the Offered Notes, who is a non-resident of Australia and who, during the taxable year, does not hold the Offered Notes in carrying on business at or through a permanent establishment in Australia (“**non-Australian Holder**”), should not be subject to any other Australian income taxes; and
- (b) income tax – Australian Holders – Australian residents or non-Australian residents who hold the Offered Notes in carrying on business at or through a permanent establishment in Australia (“**Australian Holders**”), will be assessable for Australian tax purposes on income either received or accrued to them in respect of the Offered Notes. Whether income will be recognised on a cash receipts or accruals basis will depend upon the tax status of the particular Noteholder and the terms and conditions of the Offered Notes. Special rules apply to the taxation of Australian residents who hold the Offered Notes in the course of carrying on business at or through a permanent establishment outside Australia which vary depending on the country in which that permanent establishment is located;
- (c) gains on disposal of Offered Notes – non-Australian Holders – a non-Australian Holder will not be subject to Australian income tax on gains realised during that year on the sale or redemption of the Offered Notes, provided such gains do not have an Australian source. A gain arising on the sale of Offered Notes by a non-Australian Holder to another non-Australian Holder where the Offered Notes are sold outside Australia and all negotiations are conducted, and documentation executed, outside Australia would not be regarded as having an Australian source;

- (d) gains on disposal of Offered Notes – Australian Holders – Australian Holders will be required to include any gain or loss on disposal of the Offered Notes in determining their taxable income. Special rules apply to the taxation of Australian residents who hold the Offered Notes in the course of carrying on business at or through a permanent establishment outside Australia which vary depending on the country in which that permanent establishment is located;
- (e) deemed interest – there are specific rules that can apply to treat a portion of the purchase price of Offered Notes as interest for IWT purposes when certain Offered Notes originally issued at a discount or with a maturity premium or which do not pay interest at least annually are sold to an Australian Holder.

These rules also do not apply in circumstances where the deemed interest would have been exempt under section 128F of the Australian Tax Act if the Offered Notes had been held to maturity by a non-resident;

- (f) death duties – no Offered Notes will be subject to death, estate or succession duties imposed by Australia, or by any political subdivision or authority therein having power to tax, if held at the time of death;
- (g) stamp duty and other taxes – no ad valorem stamp, issue, registration or similar taxes are payable in Australia on the issue or transfer of any Offered Notes;
- (h) other withholding taxes on payments in respect of Offered Notes – section 12-140 of Schedule 1 to the Taxation Administration Act imposes a type of withholding tax on the payment of interest on certain registered securities unless the relevant payee has quoted an Australian tax file number (“TFN”) (or, in certain circumstances, an Australian Business Number (“ABN”)) or proof of an appropriate exemption. Where IWT applies the requirements of section 12-140 do not apply to payments to a holder of Offered Notes in registered form who is not a resident of Australia and not holding those Offered Notes in the course of carrying on business at or through a permanent establishment in Australia. Payments to other classes of holders of Offered Notes in registered form may be subject to withholding where the holder of those Offered Notes does not quote a TFN (or, in certain circumstances, an ABN) or provide proof of an appropriate exemption.

The rate of withholding tax is currently 47%;

- (i) supply withholding tax – payments in respect of the Offered Notes can be made free and clear of the “supply withholding tax” imposed under section 12-190 of Schedule 1 to the Taxation Administration Act;
- (j) additional withholdings from certain payments to non-Australian Holders – section 12-315 of Schedule 1 to the Taxation Administration Act gives the Governor-General power to make regulations requiring withholding from certain payments to non-residents. However, section 12-315 expressly provides that the regulations will not apply to “interest” (within the meaning of the IWT rules) payments that are subject to, or specifically exempt from, the IWT rules. Further, regulations may only be made if the responsible Minister is satisfied the specified payments are of a kind that could reasonably relate to assessable income of foreign residents. The regulations that have so far been promulgated under section 12-315 as at the date of this Information Memorandum are not applicable to any payments in respect of the Offered Notes. The possible application of any future regulations to the proceeds of any sale of the Offered Notes will need to be monitored; and
- (k) garnishee directions by the Commissioner of Taxation – the Commissioner may give a direction requiring the Issuer to deduct from any payment to a holder of Offered Notes any amount in respect of Australian tax payable by that holder. If the Issuer is served with such a direction, then the Issuer will comply with that direction and make any deduction required by that direction.

Goods and Services Tax

Neither the issue nor receipt of the Offered Notes will give rise to a liability for GST in Australia on the basis that the supply of Offered Notes will comprise either an input taxed financial supply or (in the case of an offshore non-resident subscriber) a GST-free supply. Furthermore, neither the payment of principal or interest by the Trust, nor the disposal of the Offered Notes, would give rise to any GST liability on the part of the Trust.

The supply of some services made to the Trust by entities outside of the AFG GST Group may give rise to a liability for GST on the part of the relevant service provider.

In relation to the acquisition of these taxable services by the Trust:

- (a) in the ordinary course of business, the service provider would charge the Trust an additional amount on account of GST unless the agreed fee is already GST-inclusive;
- (b) assuming that the AFG GST Group exceeds the financial acquisitions threshold for the purposes of Division 189 of the GST Act, the representative member of the AFG GST Group would not be entitled to a full input tax credit from the ATO to the extent that the acquisition relates to the Trust's input taxed supply of issuing Offered Notes (ie Offered Notes issued to (A) Australian residents or (B) to non-residents acting through a fixed place of business in Australia).

In the case of acquisitions which relate to the making of supplies of the nature described above, there may still be an entitlement to a "reduced input tax credit" (which is equal to 75% of 1/11th of the GST-inclusive consideration for the taxable supply) in relation to certain acquisitions prescribed in the GST regulations, but only where the Trust is the recipient of the taxable supply and the Trust either provides or is liable to provide the consideration for the taxable supply;

- (c) to the extent that the Trust makes acquisitions that attract GST, and those services relate to the Trust's GST-free supply of the Offered Notes to non-residents, there will be an entitlement to full input tax credits; and
- (d) where services are provided to the Trust from outside the AFG GST Group by an entity which is an associate of the Trust for income tax purposes, those services are provided for nil or less than market value consideration, and the Trust would not be entitled to a full input tax credit, the relevant GST (and any input tax credit) would be calculated by reference to the market value of those services.

In the case of supplies which are acquired for the purposes of the Trust's business which are not "connected with the indirect tax zone", these may attract a liability for Australian GST if they are supplies of a kind which would have been taxable if they were connected with the indirect tax zone and if there would not have been an entitlement to a full input tax credit if the supply had been performed in Australia. This is known as the "reverse charge" rule. Where the rule applies, the liability to pay GST to the ATO falls not on the supplier or on the representative member of the AFG GST Group, but on the Trust.

Where services which are not connected with the indirect tax zone are acquired for the purposes of the Trust's business and the supplies relate solely to the issue of Offered Notes by the Trust to persons who are not residents of Australia who subscribe for the Offered Notes through a fixed place of business outside the indirect tax zone, the "reverse charge" rule should not apply to these supplies. This is because there would have been an entitlement to a full input tax credit for the acquisition of these supplies if the supplies had been connected with the indirect tax zone.

Where GST is payable on a taxable supply made to the Trust but a full input tax credit is not available, this will mean that less money is available to pay interest on the Offered Notes or other liabilities of the Trust.

GST Grouping and the AFG Indirect Tax Sharing Deed

It is intended that the Trust will be a member of the AFG GST Group from the date the Trust is established. The members of the AFG GST Group are jointly and severally liable for the AFG GST Group's GST obligations, unless the relevant liability is covered by a valid indirect tax sharing agreement. In order to be valid for GST purposes, a valid indirect tax sharing agreement is required, among other things, to contain a way of working out a reasonable allocation of the GST group's liability between the group members. Where there is such a reasonable allocation under a valid indirect tax sharing agreement, the liability of each member of the AFG GST Group is limited to the amount of that reasonable allocation. It is expected that the Trustee will accede to the AFG Indirect Tax Sharing Deed which provides a method for determining a reasonable allocation of the AFG GST Group's liabilities (which, in the case of the Trust, should be a nil allocation).

14 SUBSCRIPTION AND SALE

14.1 Subscription

Pursuant to the Dealer Agreement, the Joint Lead Managers have agreed with the Issuer and the Manager, subject to the satisfaction of certain conditions, that they will use reasonable endeavours, subject to market conditions, to locate potential purchasers of the Offered Notes.

Australia

No prospectus, offer information statement, product disclosure statement or other disclosure document (as defined in the Corporations Act) in relation to the Offered Notes has been, or will be, lodged with ASIC.

Under the Dealer Agreement, each Dealer represents and agrees that, unless an applicable supplement to this Information Memorandum provides otherwise it:

- (a) has not made or invited, and will not make or invite, directly or indirectly an offer of the Offered Notes for issue or sale in Australia (including an invitation which is received by a person in Australia);
- (b) has not distributed or published and will not distribute or publish, this Information Memorandum or any other offering material or advertisement relating to any Notes in Australia,

unless:

- (c) either:
 - (i) the aggregate consideration payable by each offeree is at least A\$500,000 (or its equivalent in an alternate currency, and in either case, disregarding moneys lent by the offeror or its associates)
 - (ii) the offer is to a professional investor for the purposes of section 708 of the Corporations Act;
 - (iii) or the offer or invitation otherwise does not require disclosure to investors under Parts 6D.2 or 7.9 of the Corporations Act;
- (d) the offer does not constitute an offer to a "retail client" as defined for the purposes of section 761G of the Corporations Act;
- (e) such action complies with all applicable laws, regulations and directives (including, without limitation, the financial services licensing requirements of the Corporations Act); and
- (f) such action does not require any document to be lodged with ASIC or any other regulatory authority in Australia.

The United Kingdom

Each Dealer represents, warrants and agrees under the Dealer Agreement that:

- (a) it has complied and will comply with all applicable provisions of the Financial Services and Markets Act 2000 (“**FSMA**”) with respect to anything done by it in relation to any Offered Notes in, from or otherwise involving the United Kingdom; and
- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of such Offered Notes in circumstances in which section 21(1) of the FSMA does not apply to the Issuer.

Hong Kong

Each Dealer represents, warrants and agrees under the Dealer Agreement that it:

- (a) has not offered or sold and will not offer or sell in the Hong Kong Special Administrative Region of the Peoples Republic of China, by means of any document, any Offered Notes other than:
 - (i) to “professional investors” as defined in the Securities and Futures Ordinance (Cap. 571) of the laws of Hong Kong as amended (“**SFO**”) and any rules made under the SFO; or
 - (ii) in other circumstances which do not result in the document being a “prospectus” as defined in the Companies Ordinance (Cap 32) of the laws of Hong Kong, as amended, or which do not constitute an offer to the public within the meaning of the SFO; and
- (b) unless permitted to do so under the laws of Hong Kong, has not issued or had in its possession for the purposes of issue, and will not issue or have in its possession for the purposes of issue, (in each case, whether in Hong Kong or elsewhere) any advertisement, invitation, other offering material or other document relating to the Offered Notes, which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to Offered Notes which are or are intended to be disposed of only to persons outside Hong Kong or only to “professional investors” within the meaning given to that term by the Securities and Futures Ordinance and any rules made under the SFO.

Singapore

Each Dealer acknowledges under the Dealer Agreement that this Information Memorandum has not been, and will not be, registered as a prospectus with the Monetary Authority of Singapore under the Securities and Futures Act, Chapter 289 of Singapore (the “**SFA**”). Accordingly, each Dealer represents and agrees that it will not offer, sell, deliver or transfer the Offered Notes, nor make the Offered Notes the subject of an invitation for subscription or purchase, nor will it circulate or distribute this Information Memorandum or any relevant supplement, advertisement or other offering material in connection with the offer, sale, delivery or transfer, or an invitation for subscription or purchase, of the Offered Notes, whether directly or indirectly, to any persons in Singapore other than:

- (a) to an institutional investor pursuant to Section 274 of the SFA;
- (b) to a relevant person pursuant to Section 275(1) of the SFA, or any person pursuant to Section 275(1A) of the SFA, and in accordance with the conditions specified in Section 275 of the SFA; or
- (c) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Where the Offered Notes are subscribed or purchased in reliance on an exemption under Section 274 or 275 of the SFA, the Offered Notes shall not be sold within the period of 6 months from the date of the initial acquisition of the Offered Notes, except to any of the following persons:

- (a) an institutional investor (as defined in Section 4A of the SFA);
- (b) a relevant person (as defined in Section 275(2) of the SFA); or
- (c) any person pursuant to an offer referred to in Section 275(1A) of the SFA,

unless expressly specified otherwise in Section 276(7) of the SFA or Regulation 32 of the Securities and Futures (Offers of Investments) (Shares and Debentures) Regulations 2005 of Singapore.

Where the Offered Notes are subscribed or purchased under section 275 of the SFA by a person who is:

- (d) a corporation (which is not an accredited investor as defined in section 4A of the SFA) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or
- (e) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary of the trust is an individual who is an accredited investor,

securities (as defined in section 239(1) of the SFA) of that corporation or the beneficiaries' rights and interest in that trust shall not be transferable for 6 months after that corporation or that trust has acquired the Offered Notes under Section 275 of the SFA except:

- (f) to an institutional investor (for corporations, under section 274 of the SFA) or to a relevant person, or any person defined in section 275(2) of the SFA and in accordance with the conditions specified in Section 275 of the SFA;
- (g) (in the case of a corporation) where the transfer arises from an offer referred to in Section 276(3)(i)(B) of the SFA or (in the case of a trust) where the transfer arises from an offer referred to in Section 276(4)(i)(B) of the SFA;
- (h) where no consideration is or will be given for the transfer;
- (i) where the transfer is by operation of law;
- (j) as specified in section 276(7) of the SFA; or
- (k) as specified in Regulation 32 of the Securities and Futures (Offers of Investments) (Shares and Debentures) Regulations 2005 of Singapore.

The United States of America

Each Dealer acknowledges under the Dealer Agreement that the Offered Notes have not been and will not be registered under the US Securities Act of 1933, as amended ("**Securities Act**") and the Issuer has not been and will not be registered as an investment company under the United States Investment Company Act of 1940, as amended ("**Investment Company Act**"). An interest in the Offered Notes may not be offered, sold, delivered or transferred (and each Dealer has agreed under the Dealer Agreement that it will not offer, sell, deliver or transfer any interest in the Notes) within the United States of America, its territories or possessions or to, or for the account or benefit of, a "U.S. person" (as defined in Regulation S under the Securities Act ("**Regulation S**")) at any time except in accordance with Regulation S or pursuant to an exemption from the registration requirements of the Securities Act.

European Economic Area

In relation to each Member State of the European Economic Area (“**EEA State**”) which has implemented the Prospectus Directive (each, a “**Relevant EEA State**”), each Dealer represents, warrants and agrees under the Dealer Agreement that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant EEA State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Offered Notes which are the subject of the offering contemplated by this Information Memorandum to the public in that Relevant EEA State, other than:

- (a) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (b) at any time to fewer than 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the relevant dealer or dealers nominated by the Manager for any such offer; or
- (c) in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Offered Notes referred to in (a) to (c) above shall require the Manager, the Issuer or a Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For these purposes, the expression an “**offer Notes to the public**” in relation to any Offered Notes in any Relevant EEA State means the communication in any form and by any means of sufficient information on the terms of the offer and the Offered Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Offered Notes, as the same may be varied in that Relevant EEA State by any measure implementing the Prospectus Directive in that Relevant EEA State and the expression **Prospectus Directive** means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the that Relevant EEA State), and includes any relevant implementing measure in the Relevant EEA State. The expression “**2010 PD Amending Directive**” means Directive 2010/73/EU. The expression “**Member State of the European Economic Area**” means any Member State of the European Union and Iceland, Norway and Liechtenstein.

Each Dealer further represents and agrees under the Dealer Agreement that it has not offered, sold or otherwise made available any Offered Notes to any retail investor in the European Economic Area. For these purposes, a “**retail investor**” means a person who is one (or more) of: (1) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (“**MIFID II**”); or (2) a customer within the meaning of Directive 2002/92/EC (“**IMD**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MIFID II; or (3) not a qualified investor as defined in the Prospectus Directive. Consequently, no key information document as required by Regulation (EU) No 1286/2014 (the “**PRIIPS Regulation**”) for offering or selling the Offered Notes or otherwise making them available to retail investors in the European Economic Area has been prepared and therefore offering or selling the Offered Notes or otherwise making them available to any retail investor in the European Economic Area may be unlawful under the PRIIPS Regulation. The target market assessment in respect of the Offered Notes by the distributor, solely for the purpose of its product governance determination under Article 10(1) of Delegated Directive (EU) 2017/593, has led to the conclusion that:

- the target market for the Offered Notes is eligible counterparties and professional clients only, each as defined in MiFID II; and
- all channels for distribution of the Offered Notes to eligible counterparties and professional clients are appropriate.

Any distributor subject to MiFID II subsequently offering, selling or recommending the Offered Notes is responsible for undertaking its own target market assessment in respect of the Offered Notes (by either adopting or refining the distributor’s target market assessment) and determining appropriate distribution channels.

General

Each Dealer acknowledges under the Dealer Agreement that no action has been, or will be, taken by the Issuer, the Manager, or any dealer that would permit a public offering of the Notes or distribution of the Information or any other offering or publicity material relating to the Notes in or from any jurisdiction where action for that purpose is required. Accordingly, each Dealer has agreed under the Dealer Agreement that it will not offer or sell, directly or indirectly, and neither this Information Memorandum nor any circular, prospectus, form of application, advertisement or other material, may be distributed by it in or from or published by it in any country or jurisdiction, except under circumstances that will result in compliance with any applicable laws or regulation.

14.2 Weighted Average Life of the Notes

The weighted average life of the Notes refers to the average amount of time that will elapse from the Closing Date until the Notes have been repaid in full.

The weighted average life of the Notes will be influenced by a number of factors including the rate of scheduled repayment of the Series Receivables, the rate of unscheduled repayment of the Series Receivables and the exercise of the Call Option. The weighted average lives of the Notes cannot be predicted due to the uncertain nature of unscheduled principal repayments. However, given certain assumptions, the weighted average lives of the Notes can be estimated.

Table 1 below represents possible weighted average lives of the Notes and has been prepared on the following assumptions:

- (a) The Series Receivables are subject to constant rates of principal prepayment (“**CPR**”) as indicated in Table 1. The base case assumption is a constant 24% CPR for the life of the transaction.
- (b) Table 1 shows the weighted average life of the Notes under the assumption that the Issuer exercises the Call Option on the first Call Option Date.
- (c) Redraws have not been specifically modelled.
- (d) No Series Receivable is in arrears or incurs Losses.
- (e) No Series Receivables are sold by the Issuer other than in order to exercise the Call Option.
- (f) Series Receivables sold are assumed to be sold at their Outstanding Balance.
- (g) The portfolio of Series Receivables is acquired on the Closing Date at the aggregate Outstanding Balance on the Cut-Off Date.
- (h) Payments of principal in respect of the Notes are made on each Payment Date commencing on the first Payment Date irrespective of whether such day is a Business Day.

The actual characteristics of the Series Receivables are likely to differ from the above assumptions used in constructing the following Table 1, which is only hypothetical in nature and are provided only to give a general indication of how principal cashflows may behave under various CPR scenarios. For example, it is not expected that the Series Receivables will prepay at a constant rate until maturity, that all of the Series Receivables will prepay at the same rate or that there will be no arrears or Losses on the Series Receivables.

Any difference between such assumptions and the actual characteristics and performance of the Series Receivables will cause the weighted average lives of the Notes to differ from the corresponding information in the table for each indicated CPR. It should not be assumed that the CPR would always be in the ranges as indicated in Table 1.
