# Reporting questionnaire

## Gender equality indicator 1: Gender composition of workforce

This indicator seeks information about the gender composition of relevant employers in a standardised format, to enable the aggregation of data across and within industries. AFG's vision for diversity and inclusion incorporates a number of different factors; including gender, ethnicity, sexual orientation, disability, age and educational experience.

Our Diversity and Inclusion Policy (Policy) was adopted on 1 May 2015 with gender diversity identified as a key area of focus for the Company. The Policy has since been updated to include other diversity attributes to accurately reflect the holistic focus of the Diversity and Inclusion Committee.

The Diversity and Inclusion Committee supports the implementation of the Policy and the development of initiatives and practices that encourage all aspects of diversity in all areas of the business. The Committee monitors initiatives designed to identify, support and develop talented employees from a diverse range of backgrounds at AFG. The Committee reports to the Remuneration and Nomination Committee at least biannually.

All Company policies apply equally to all employees within the business, irrespective of gender. Where necessary this equality approach is referenced.

Whilst strategies exist for Retention, Performance Management, Promotions, Training and Development and Talent Identification they are not gender specific.

AFG promotes equal opportunity at all times.
